Changes to the RFP:

Change 1: Language changed to clarify Attachment One: Scope of Work Specifications, Sec. 1.03 Vessel Machinery and Systems, Electronics

Electronics: All electronics to be 12 VDC with a separate and dedicated distribution panel on bridge and each item to have separate circuit/breaker panel lighted for nighttime operations. All components are to be supplied by the Contractor with necessary mount brackets, wires, antenna wires and antennas for the service intended, to be installed by the Contractor. Proposal should include cost to install the following items. Contractor will supply the vast electronic package but will confer with manufacture to ensure compatibility with proposed systems.

- VHF: ICOM AIS capable VHF-FM transceiver (Contractor supplied)
- GPS: one 8612 XSV Garmin chart plotter (Contractor supplied)
- Radar: Garmin phantom 18 (Contractor supplied)
- Depth sounder: Through hull Garmin that functions with hull design.
 - One (1) VHF to have remote deck speaker.
 - Provide and install approved sized Garmin electronics for center counsel shall include Garmin Phantom series radar, heading sensor, GPS antenna, Garmin VHF 215 AIS radio, transducer with side scan, Garmin panoptic Lives Scope System, and GPSMAP Chart plotter with split screen functions capable of integrating with all the listed products.
 - Provide and install all wiring, network cable, NEMA 2000, and any other connection components required
- Hailer: Contractor to identify in proposal and provide (Contractor supplied)
- Compass: electronic and standard magnetic (Contractor supplied)
- Horn: electric (Contractor supplied)
- Police radio with antenna (State supplied)
 - All switches on the vessel to be clearly marked with professional style labels

Change 2: Neither vessel shall exceed the maximum weight of 4,500 pounds each.
