## Aluminum Patrol Skiffs Fabrication

RFP 2022-1200-4925

### Amendment #4

10/26/2021

**This amendment is being issued to extend the deadline date of the solicitation and make changes to the solicitation.**

**Important Note to Offerors:** You must sign and return this page of the amendment document with your proposal. Failure to do so may result in the rejection of your proposal. Only the RFP terms and conditions referenced in this amendment are being changed. All other terms and conditions of the RFP remain the same.

## **This amendment addresses changes to the following sections:**

### **Section 1.03: Deadline for Receipt of Proposals**

Proposals must be received no later than 4:30 pm prevailing Alaska Time on November 2, 2021. Late proposals or amendment will be disqualified and not opened or accepted for evaluation.

### **Section 1.07 Return Instructions**

One copy of the proposal must be submitted via email; the technical proposal and cost proposal must be saved as separate PDF documents and emailed to [dps.das.solicitations@alaska.gov](mailto:dps.das.solicitations@alaska.gov) as separate, clearly labeled attachments, such as “Vendor A – Technical Proposal.pdf” and “Vendor A – Cost Proposal.pdf” (Vendor A is the name of the offeror). The email must contain the RFP number in the subject line.

20mb (megabytes). If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror’s responsibility to contact the issuing agency at (907) 269-5582 to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

If a proposal was previously submitted via return instructions listed in this section and prior to this amendment, it is the offeror’s responsibility to review their proposal in accordance with this amendment and resubmit their proposal or submit a written statement to the procurement officer that their original proposal is still valid. This amendment must be signed and returned with every proposal.

### **Sec. 3.03 Deliverables**

The contractor will be required to provide the following deliverables:

- A) One completed vessel underway to Juneau, Alaska after meeting the specifications identified in Sec. 3.01 Scope of Work and Attachment One: Scope of Work Specifications, Section 1, including the passing of all sea trials
- B) One completed vessel underway to Kodiak, Alaska after meeting the specifications identified in Sec. 3.01 Scope of Work and Attachment One: Scope of Work Specifications, Section 2, including the passing of all sea trials

All deliverables must be met exactly as specified in Sec. 3.01 Scope of Work and Attachment One: Scope of Work Specifications. An offeror’s failure to provide exactly what is required in the solicitation will cause their proposal to be deemed nonresponsive.
