<i>Note: Effective September 2019, when abstentions occur, the action or decision of a majority of the remaining members at a meeting at which a quorum is present is an act of the committee. For example, a vote tally of 7-6-2 means the motion carries. Members abstaining from voting must provide an explanation that is included in the committee record.</i>			
134	Allow the use of cameras or sensory devices to monitor trap locations for trapping		
			We feel this restriction is very hard to enforce. We do not like making regulations you can't enforce. We believe same day airborne rule is easier to enforce. use of aircraft for locating Dall sheep for hunt
135	Repeal the restriction on the use of aircraft for locating Dall sheep for hunting

137	Repeal the restriction on the use of aircraft for locating Dall sheep for hunting		
support	8	0	This is very hard to enforce. How do you know what a person flying is actually doing, are they looking for a camp spot, areas to land, or spotting sheep. We do not like making regulations you can't enforce.
138	Restrict aircraft use for locating Dall sheep for hunting, for all open seasons

oppose	0	8	Hard to define "near". This will lead to confusion. If you are landing in a new area you probably will make several passes of the landing area. You may not even see the sheep someone else thinks you are flying near.
139	Restrict the use of aircraft for making multiple, consecutive approaches near Dall sheep for hunting		
oppose	0	8	
152	Require all drawing permit hunts available to residents be available for application online		
			This would set up the hunt to go to people who have applied for longer than new person. We believe everyone should have an equal chance.
153	Establish a bonus point system for bison and muskox drawing hunts		
oppose	0	8	
157	Amend the language in the existing regulation for authorizing methods and means disability exemptions to be more consistent with the statute		
			We believe in trying to find a use for meat that may be inedible for human consumption but ok for dogs. We would like to add dog mushers to be allowed as trappers are to be called upon by fish and game to be able to take a road kill or seized animal that can't be used by humans. Hopefully this will give fish and game more people to contact to be able to get meat to so it doesn't go to complete waste.
158	Allow dog mushers to be eligible to receive game from the state by permit for use as dog food
