Re: **Amendment # FOUR (4)**  
RFP #2022-2000-5006 - Electronic Monitoring Equipment and Services  
RFP Due Date: **12/8/2021 @ 2:00 PM AST**

The purpose of this amendment is to address and answer the questions (Q&A's) submitted and other changes or additions to the RFP.

**QUESTIONS FROM AMENDMENT # 2 - Answered**

32. Reference RFP *Section 2.01, Background Information*, page 11

"The offeror will be required to provide pricing under two scenarios: for all communities outside of Anchorage without full support services, and, for the Anchorage area with full support services included. In the future, the department may seek to obtain full support services in work locations outside of Anchorage, the pricing for which will be negotiated with the contractor at that time on a location- specific basis."

The pricing page does not support vendors giving pricing for two scenarios. Please clarify the intent of this requirement. Should vendors complete two versions of the pricing form (Attachment9)?

**ANSWER: A new cost proposal has been attached to this amendment addressing this.**

33. Reference RFP *Section 3.01, Scope of Work*, page 12

"In addition, offenders who are able will be required to participate in the cost of their electronic monitoring. The contractor may be required to collect fees from the offender."

- a. There is no line item on the pricing page to include this item. will the agency please consider revising the Cost Proposal Form to include a separate line item for this cost?

**ANSWER: A new cost proposal has been attached to this amendment addressing this.**

- b. Alternatively, may vendors address this cost in supplemental narrative?

**ANSWER: No, all cost shall be listed on the Cost Proposal form.**

34. Reference RFP *Section 3.01, Scope of Work*, page 12  
“The offeror will provide the department with access to a victim notification app. This app should be able to provide proximity alerts and allow for a panic button feature.”

- a. There is no line item on the pricing page to include this item. Where should vendors include this.

**ANSWER: This has been added to the revised cost proposal form.**

45. Reference RFP Attachment 9 Cost Proposal Form

- a. Will the agency please add line items for Regular RF to include one for landline and one for cellular?

**ANSWER: Lines have been added on the revised cost proposal to add this Information.**

- b. On RFP page 24, under “One Piece Global Position Tracking System (GPS),” the agency cited that offerors may propose multiple GPS devices. How should the offeror include those additional GPS devices, or any additional devices that may be advantageous to the State, on the pricing form?

**ANSWER: The state will allow up to 2 device options to be provided, however, you must select your primary device being offered and enter it on Attachment 9. Optional items offered will not be evaluated unless selected by the department and can be entered on page two of Attachment 9.**

END OF AMENDMENT #4

Gary Bailey  
Procurement Officer

**ATTACHMENT 9** *(Revised)***Cost Proposal Form****Electronic Monitoring Equipment and Services**

**NOTE:** THE GRAND TOTAL COST ENTERED WILL BE THE AMOUNT USED TO CALCULATE THE COST PROPOSAL TO POINTS.
