In addition to the above questions, the following change to the ITB and associated documents have been made:

**Change 1:** Delete Section 2.16 issued with Amendment Four in its entirety and replace with the following.

**SEC. 2.16 SAILING SCHEDULE ALTERATIONS AND CANCELLED SAILINGS**

**Sailing Schedule Alterations:** If weather, mechanical issue, or any other unforeseen issue results in the need to modify a sailing schedule, the contractor shall reschedule the sailing for the next window in cooperation with the state project manager. The state project manager shall make the final determination on a rescheduled sailing. This applies to both passenger and vehicle lots.

**Zero Passenger or Vehicle Cancellations:** In the event a schedule sailing has zero passenger or vehicle reservations on all sailing legs, the state reserves the right to cancel the sailing. If a sailing is cancelled due to zero passengers or vehicles, the contractor shall be compensated at a rate of 10% of the per route itinerary rate that is cancelled.

**Cancelled Sailings:** In the event a sailing cannot be rescheduled as described above, and the state cancels the sailing, the state shall compensate the contractor at a rate of 10% of the per route rate for the route that is cancelled. If a sailing is cancelled by the contractor, the contractor shall not be compensated for the cancellation. This applies to both passenger and vehicle lots.
