Telephone: 269-0862 Fax: 269-0872 TDD: 269-0473

COMPLIANCE WITH ADA: By signature of their bid the bidder certifies that they comply with the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the federal government.

Services or activities furnished to the general public on behalf of the state must be fully accessible. This is intended to ensure that agencies are in accordance with 28 CFR Part 35 Section 35.130 and that services, programs or activities furnished to the public through a contract do not subject qualified individuals with a disability to discrimination based on the disability.

PREFERENCE QUALIFICATION: In order to qualify for an Alaska Veterans Preference, Employment Program Preference, or Alaskans with Disabilities Preference, a bidder must add value by actually performing, controlling, managing and supervising the services provided, or a bidder must have sold supplies of the general nature solicited to other state agencies, governments, or the general public.

CONTRACT PERFORMANCE LOCATION: By signature on their bid, the bidder certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the bidder cannot certify that all work will be performed in the United States, the bidder must contact the procurement officer in writing to request a waiver at least ten (10) days prior to the deadline for receipt of bids.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the bid as non-responsive, or cancel the contract.

HUMAN TRAFFICKING: By signature on their bid, the bidder certifies that the bidder is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: http://www.state.gov/g/tip/

Failure to comply with this requirement will cause the state to reject the bid as non-responsive, or cancel the contract.

CONTRACT INTENT: This Invitation to Bid (ITB) is intended to result in the purchase of Hot Mix for various locations located in the Central Region, to be picked-up by State trucks at the contractor's plant on an As-Needed basis for the Alaska Department of Transportation & Public Facilities.

DISCLOSURE OF BID CONTENTS: All bid prices become public information at the bid opening. After the deadline for receipt of bids, all other bid material submitted become the property of the State of Alaska and may be returned only at the state's option. AS 40.25.110 requires public records to be open to reasonable inspection. All other bid information will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, bids will become public information.

Trade secrets and other proprietary data contained in bids may be held confidential if the bidder requests, in writing, that the procurement officer does so, and if the procurement officer agrees, in writing, to do so. The bidder's request must be included with the bid, must clearly identify the information they wish to be held confidential, and include a statement that sets out the reasons for confidentiality. Unless the procurement officer agrees in writing to hold the requested information confidential, that information will also become public after the Notice of Intent to Award is issued.

EVALUATION OF BIDS: After bid opening, the procurement officer will evaluate the bids for responsiveness. Bids deemed non-responsive will be eliminated from further consideration. An evaluation may not be based on discrimination due the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the bidder.

NOTICE OF INTENT TO AWARD: After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the state's intent to award a contract(s) to the bidder(s) indicated. A copy of the Notice of Intent will be mailed to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the contracting officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the contracting officer does so without a contract and at their own risk.

PAYMENT FOR STATE PURCHASES: Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Any single contract payments of \$1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

PROMPT PAYMENT FOR STATE PURCHASES: The state is eligible to receive a 5% discount for all invoices paid within 15 business days from the date of receipt of the commodities or services and/or a correct invoice, whichever is later. The discount shall be taken on the full invoice amount. The state shall consider payment being made as either the date a printed warrant is issued or the date an electronic funds transfer (EFT) is initiated.

FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated Federal Tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The Contractor must promptly notify the Procurement Officer in writing of any new, increased, or decreased Federal excise tax or duty that may result in either an increase or decrease in the contact price and shall take appropriate action as directed by the Procurement Officer.
- After-imposed or Increased Taxes and Duties: Any Federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract;
 - b) The contractor warrants, in writing, that no amount of the newly imposed Federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- After-relieved or Decreased Taxes and Duties: The contract price shall be decreased by the amount of
 any decrease in Federal excise tax or duty for goods or services under the contract, except social security
 or other employment taxes, that the Contractor is required to pay or bear, or does not obtain a refund of,
 through the Contractor's fault, negligence, or failure to follow instructions of the Procurement Officer.
- State's Ability to Make Changes: The State reserves the right to request verification of Federal excise tax
 or duty amounts on goods or services covered by this contract and increase or decrease the contract price
 accordingly.
- **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.

CONTRACT ADMINISTRATION: The administration of this contract is the responsibility of Dan Trubiano, Procurement Officer (907) 269-0862, Central Region, Department of Transportation & Public Facilities.

INDEMNIFICATION: The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the procurement agency for a claim of, or liability for, the independent negligence of the procurement agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the procurement agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Procurement agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Procurement agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

INSURANCE: Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits. Certificates of Insurance must be furnished to the contracting officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under AS 21.

Proof of insurance is required for the following:

<u>Workers' Compensation Insurance</u>: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the state.

<u>Commercial General Liability Insurance</u>: covering all business premises and operations used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

<u>Commercial Automobile Liability Insurance</u>: covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

Failure to supply satisfactory proof of insurance within the time required will cause the state to declare the bidder non-responsible and to reject the bid.

SUPPORTING INFORMATION: The state strongly desires that bidders submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made by the procurement officer that the product offered meets the ITB specifications and that other requirements of the ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the state reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder will provide a sample product(s) so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the state, will cause the state to consider the offer non-responsive and reject the bid.

FIRM, UNQUALIFIED AND UNCONDITIONAL OFFER: Bidders must provide enough information with their bid to constitute a definite, firm, unqualified and unconditional offer. To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all of the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB and which, for reasons of policy, must be complied with at risk of bid rejection for non-responsiveness.

TESTING: If required, testing of the products will be in accordance with applicable ASHTO, ASTM, and Alaska Test Methods (found in the attachment below)

http://www.dot.state.ak.us/stwddes/desmaterials/mat_waqtc/assets/pdf/testman/2018/atm_2018.pdf

PRE-AWARD TESTING: Prior to the award of a contract resulting from responses to this ITB, the state may require testing of the materials offered. Such testing may require submission of samples of offered materials to the DOT/PF State Materials Lab in Anchorage, Alaska. By signature on this ITB, the contractor agrees to provide such samples, if required, in the manner prescribed by the Anchorage DOT/PF State Materials Lab. Samples must be submitted within five (5) calendar days from the date requested, and in the manner and quantities requested by DOT/PF Central Region Supply & Services. The contractor's failure to submit the samples or the state's rejection of the samples for failure to meet the specifications of the ITB will cause the state to declare the bid non-responsive and reject the bid.

TESTING AFTER AWARD: At any time after the award of a contract resulting from this ITB, the state may require testing of the materials being provided. Such testing may require submission of samples of offered materials to the DOT/PF State Materials Lab in Anchorage, Alaska. By signature on this ITB, the contractor agrees to provide such samples if required in the manner prescribed by the Anchorage DOT/PF State Materials Lab. Samples must be submitted within five (5) calendar days from the date requested, and in the manner and quantities requested by the DOT/PF Central Region Supply & Services. The contractor's failure to submit the samples or the state's rejection of samples for failure to meet the specifications of the ITB will, if not corrected within twenty-four (24) hours of notification, cause the state to declare the contractor in default and obtain the required materials from another source. The defaulted contractor will be responsible to pay any difference in price, if higher than the contract price, encountered by the state as a result.

ALTERATIONS: The contractor must obtain the written approval from the procurement officer prior to making any alterations to the specifications contained in this ITB. The state will not pay for alterations that are not approved in advance and in writing by the procurement officer.

ALASKA PRODUCT PREFERENCE: Bidders who offer products which have received a certification by the Department of Commerce and Economic Development and that are <u>listed</u> in the current published edition of the <u>"Alaska Products Preference List"</u> will receive this preference. In order to qualify for the Alaska Product Preference, a bidder must provide the qualified product on a 100% basis. There are no provisions under Alaska Statutes or regulations that allow for product exchanges/substitutions, or permit the product to be co-mingled with other products. Rather, AS 36.30.330 provides for a penalty for failing to use the designated Alaska products.

Products are classified in one of three categories:

- * Class I products receive a three percent preference.
- * Class II products receive a five percent preference.
- * Class III products receive a seven percent preference.

If bidders are claiming the Product Preference they must check the correct preference box for that Lot. When the bids are evaluated, the preference percentage will be deducted from the bid price. If a bidder fails to check one of the product preference boxes, no preference will be given.

CONTRACT PERIOD: From Date of Award (approx. April 12) through **October 31, 2022**.

QUANTITY: As-Needed.

ESTIMATED QUANTITIES: The quantities referenced in this ITB are the state's estimated requirements and may vary more or less from the quantities actually purchased. The state will use the estimated use numbers for the evaluation and award of the ITB but the state does not guarantee any minimum purchase. Orders will be placed throughout the contract period on an As-Needed basis.

CONTRACT PRICES: Contract prices are to remain firm through the duration of the contract.

PRICE DECREASES: During the period of the contract all price decreases experienced by the contractor must be passed on to the state. A contractor's failure to strictly and faithfully adhere to this clause, within the time required, will be considered in breach of contract.

GUARANTEED AVAILABILITY: Indicate, in the space provided under "Bid Schedule", the time required for guaranteed availability after the receipt of an order. Failure to make an entry in the space provided will be construed as an offer to have available within **twenty-four (24) hours** after the receipt of an order. Bids that specify availability in excess of twenty-four (24) hours after the receipt of an order may be considered non-responsive and the bids may be rejected.

F.O.B. POINT: The F.O.B. point for this ITB will be Contractor's Plant. Hot mix will be picked up by State of Alaska trucks. Contractor's plant must be accessible for both end dump trucks and/or belly dump trucks to navigate through facility. <u>See individual lot for F.O.B. locations.</u>

INVOICES: Invoices must be sent directly to the ordering agency's address shown on the individual Purchase Order, Contract Award or Delivery Order. All invoices submitted should include the associated weight tickets. The ordering agency will only make payment after it receives the merchandise or service and the invoice. Question concerning payment must be addressed to the ordering agency.

THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED: Because of the additional administrative and accounting time required of state agencies when third party financing agreements are permitted, they will not be allowed under this contract.

CONTRACT CANCELLATION: The State reserves the right to cancel the contract at its convenience upon thirty (30) calendar day's written notice to the contractor. The State is liable only for payment in accordance with the payment provisions of this contract for services or supplies provided before the effective date of termination.

METHOD OF AWARD: Award will be made by Lot to the lowest responsive and responsible bidder. There are five (5) Lots. In order to be considered responsive for a Lot, bidders must bid on all items within the Lot.
