The following are vendor questions and the department's response:

1. Vendor: We have over 500 shelters up in Alaska with the FAA, they honestly want me to track down all the info to (20) shelter projects, with engineer's name, contact info, etc?

Department: Technical Specification 80903.00 Unalakleet Water Source IFAR Technical Specifications, Section 13 34 23, Part 2.1 Shelter Manufacturers, B.3. change "A list of (20) projects..." to "A list of 5 projects..."
