Re: Amendment 3
ITB 22-VSW-UNK-040
Unalakleet Well House
ITB Due Date: May 06, 2022 @ 2:00 PM AST

The following changes are required.

1. The ITB due date is extended from April 22, 2022, to May 06, 2022 @ 2:00 PM AST.

The following are Vendor questions and the Department's Response.

1. Vendor: It appears that only 7 of the drawings were in the link you provided. We still need M-002 which should have the heater details. Unalakleet calls for a "control Panel". Unless you direct otherwise, I will assume this control panel is by others, and Vendor will wire to a junction box.

Department: This procurement is just for the well house envelope and skid; it does not include any mechanical or electrical components inside the well house.
