CONSULTING AND PROJECT MANAGEMENT FOR STATEWIDE INFORMATION TECHNOLOGY AND PROCUREMENT CONSOLIDATIONS

2022-0200-5154

Amendment # One

May 11, 2022

This amendment is being issued in response to questions and answers.

Important Note to Offerors: You must sign and return this page of the amendment document with your proposal. Failure to do so may result in the rejection of your proposal. Only the RFP terms and conditions referenced in this amendment are being changed. All other terms and conditions of the RFP remain the same.

Questions submitted by potential offerors and answers from the state:

Question 1: Section 3.09 limits work performed by subcontractors to 20%. Section 4.01 states that offerors must submit separate proposals for IT consolidation services and for OPPM consolidation services if proposing on both service needs. Please clarify if this limitation applies to each individual service or to the total of work performed.

Answer: Subcontractors may be used to perform up to 20% of the work under the contract for each service.

Question 2: In order to propose our most qualified resources to the State we respectfully request increasing the limitation of work performed by subcontractors to 50%, in line with federal acquisition regulations for services (FAR 52.219-14, 13 CFR § 125.6).

Answer: Federal statutes do not pertain to this requirement. The State has determined that 20% is reasonable limitation on subcontracting.
