Questions submitted by potential bidders and answers from the State:

Question 1: I was wondering if you could tell me what the potential training schedule and locations might look like for the contract winner?

Answer 1: The DMV offers basic vehicle and license trainings monthly. The training is a graduated training schedule so trainees need to complete their first 50 transactions with acceptable audit ratings and then will be allowed to move on to the next available training. The training is offered remotely so there is no travel requirement for training.
