

STATE OF ALASKA

INVITATION TO BID (ITB)

ROBINSON-44 MAINTENANCE

ITB 2023-1200-5221

JUNE 15, 2022

ROBINSON-44 MAINTENANCE IN ANCHORAGE, ALASKA

IMPORTANT NOTICE: If you received this solicitation from the State of Alaska's "Online Public Notice" web site, you must register with the procurement officer listed below in order to receive notification of subsequent amendments to the solicitation. Failure to register with the procurement officer may result in the rejection of your offer.

BIDDER'S NOTICE: By signature on this form, the bidder certifies that they comply with the following:

- (1) the bidder has a valid Alaska business license or will obtain one prior to award of any contract resulting from this ITB. If the bidder possesses a valid Alaska business license, the license number must be written below or one the following forms of evidence submitted with the bid:
 - a canceled check for the business license fee;
 - a copy of the business license application with a receipt date stamp from the State's business license office;
 - a receipt from the State's business license office for the license fee;
 - a copy of the bidder's valid business license;
 - a sworn notarized affidavit that the bidder has applied and paid for a business license;
- (2) the price(s) submitted was arrived at independently and without collusion, under penalty of perjury, and that the bidder is complying with:
 - the laws of the State of Alaska;
 - the applicable portion of the Federal Civil Rights Act of 1964;
 - the Equal Employment Opportunity Act and the regulations issued thereunder by the state and federal government;
 - the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the state and federal government;
 - the bid will remain open and valid for at least 90 days;
 - all terms and conditions set out in this Invitation to Bid (ITB).

If a bidder does not hold an Alaska Business License (1) at the time designated in the ITB for opening the state will disallow the Alaska Bidder Preference. Bids must also be submitted under the name as appearing on the bidder's current Alaska business license in order to receive the Alaska Bidder Preference. If a bidder fails to comply with (2) of this paragraph, the state may reject the bid, terminate the contract, or consider the contractor in default.

SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Public Safety, Division of Administrative Services, on behalf of the Aircraft Section, is soliciting bids for Robinson-44 (R44) maintenance in Anchorage, Alaska on an as-needed basis.

SEC. 1.02 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than 1:30 p.m. Alaska Time on June 29,2022, at which time they will be publicly opened. Late bids or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.03 PRIOR EXPERIENCE

In order for a bid to be considered responsive the bidder must meet these minimum prior experience requirements:

- The Contractor shall meet the qualifications of 14 CFR 43.7, Part 65, Subpart D & E, and/or Part 145 (as applicable) with appropriate ratings for the work required as specified in Title 14 of the CFR, Subchapter H, Subpart B, paragraph 145.59.

Bidders must provide proof of meeting the prior experience requirements with their bid in order to be considered responsive. A bidder's failure to meet these minimum prior experience requirements will cause their bid to be considered non-responsive and rejected.

SEC. 1.04 INVITATION TO BID (ITB) REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the bid opening date. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.05 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

SEC. 1.06 SUBMITTING BIDS

Bidders must submit one copy of their bid via email to dps.das.solicitations@alaska.gov and must contain the ITB number in the subject line of the email. The **maximum** size of a single email (including all text and attachments) that can be received by the state is **20mb (megabytes)**. If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy bid, if you are emailing your bid, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bid.

It is the bidder's responsibility to contact the issuing agency at (907) 269-8493 to confirm that the bid has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.07 BID FORMS

Bidders shall use the front page of this ITB and any other forms identified in this ITB for submitting bids. All bids must be signed by an individual authorized to bind the bidder to the provisions of the ITB.

BIDDER'S CERTIFICATION

By signature on the bid, the bidder certifies that they comply with the following:

- A. the laws of the State of Alaska;
- B. the applicable portion of the Federal Civil Rights Act of 1964;
- C. the Equal Employment Opportunity Act and the regulations issued thereunder by the state and federal government;

- D. the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the state and federal government;
- E. all terms and conditions set out in this ITB;
- F. the price(s) submitted was arrived at independently arrived and without collusion, under penalty of perjury; and
- G. that the bid will remain open and valid for at least 90 days.

If any bidder fails to comply with [a] through [g] of this paragraph, the state reserves the right to disregard the bid, terminate the contract, or consider the contractor in default.

CONFLICT OF INTEREST

Each bid shall include a statement indicating whether or not the company or any individuals working on the contract has a possible conflict of interest (e.g., currently employed by the State of Alaska or formerly employed by the State of Alaska within the past two years) and, if so, the nature of that conflict. The procurement officer reserves the right to **consider a bid non-responsive and reject it** or cancel the award if any interest disclosed from any source could either give the appearance of a conflict or cause speculation as to the objectivity of the contract to be performed by the bidder.

SEC. 1.08 PRICES

The bidder shall state prices in the units of issue on this ITB. Prices quoted in bids must be exclusive of federal, state, and local taxes. If the bidder believes that certain taxes are payable by the state, the bidder may list such taxes separately, directly below the bid price for the affected item.

SEC. 1.09 ASSISTANCE TO BIDDERS WITH A DISABILITY

Bidders with a disability may receive accommodation regarding the means of communicating this ITB or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of bids.

SEC. 1.10 AMENDMENTS TO BIDS

Amendments to or withdrawals of bids will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of bids, in accordance with 2 AAC 12.140. No amendments or withdrawals will be accepted after the deadline unless the delay is due to an error of the contracting agency, in accordance with 2 AAC 12.160.

SEC. 1.11 AMENDMENTS TO THE ITB

If an amendment is issued, it will be provided to all who were notified of the ITB and to those who have registered with the procurement officer after receiving the ITB from the State of Alaska Online Public Notice website.

SEC. 1.12 ITB SCHEDULE

The ITB schedule set out herein represents the State of Alaska's best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of bids, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

ACTIVITY	TIME	DATE
Issue Date / ITB Released		June 15, 2022
Deadline for Receipt of Bids / Bid Due Date	1:30 p.m.	June 29, 2022

Bid Evaluations Complete		July 30-July 1, 2022
Notice of Intent to Award		July 5-6, 2022
Contract Issued		July 18, 2022

This ITB does not, by itself, obligate the state. The state's obligation will commence when the contract is approved by the Commissioner of the Department of Public Safety, or the Commissioner's designee. Upon written notice to the contractor, the state may set a different starting date for the contract. The state will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the state.

SEC. 1.13 ALTERNATE BIDS

Bidders may only submit one bid for evaluation. In accordance with 2 AAC 12.830 alternate bids (bids that offer something different than what is asked for) will be rejected.

SEC. 1.14 SUPPORTING INFORMATION

Bidders shall submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made by the procurement officer that the product offered meets the ITB specifications and that other requirements of the ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the state reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products or services offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder will provide a sample product(s) so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the state, will cause the state to consider the offer non-responsive and reject the bid.

SEC. 1.15 FIRM, UNQUALIFIED, AND UNCONDITIONAL OFFER

Bidders must provide enough information with their bid to constitute a definite, firm, unqualified and unconditional offer. To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB and which, for reasons of policy, must be complied with at risk of bid rejection for non-responsiveness.

SECTION 2. CONTRACT INFORMATION

SEC. 2.01 CONTRACT TERM

The length of the contract will be from the date of award, approximately July 18, 2022, for one year, with the option to renew for five additional one-year terms under the same terms and conditions as the original contract. Renewals will be exercised at the sole discretion of the state.

SEC. 2.02 CONTRACT ADMINISTRATION

The administration of this contract is the responsibility of the procurement officer or person appointed by the Department of Public Safety, Division of Administrative Services.

SEC. 2.03 CONTRACT FUNDING

Approval or continuation of a contract resulting from this ITB is contingent upon legislative appropriation.

SEC. 2.04 CONTRACT EXTENSION

Unless otherwise provided in this ITB, the state and the successful bidder/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the procurement officer will provide written notice to the contractor of the intent to cancel the month-to-month extension at least thirty (30) days before the date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

SEC. 2.05 CONTRACT CHANGES – UNANTICIPATED AMENDMENTS

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the state will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured required state approvals necessary for the amendment and issued a written contract amendment.

SEC. 2.06 SUBCONTRACTORS

Subcontractors may be used to perform specialized work under this contract. Subcontractors must be approved by the state prior to their use. The subcontractors shall meet the same qualifications and carry the same insurance as the Contractor.

Subcontractor experience shall not be considered in determining whether the bidder meets the requirements set forth in SEC. 2.01 PRIOR EXPERIENCE.

If a bid with subcontractors is selected, the bidder must provide the following information concerning each prospective subcontractor within five working days from the date of the state's request:

- complete name of the subcontractor;
- complete address of the subcontractor;
- type of work the subcontractor will be performing;
- percentage of work the subcontractor will be providing;

- evidence that the subcontractor holds a valid Alaska business license; and
- a written statement signed by each proposed subcontractor that clearly verifies that the subcontractor is committed to render the services required by the contract.

A bidder's failure to provide this information, within the time set, may cause the state to consider their bid non-responsive and reject it.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

SEC. 2.07 JOINT VENTURES

Joint ventures will not be allowed.

SEC. 2.08 CONTRACT PERFORMANCE LOCATION

The location(s) the work is to be performed, completed and managed is the contractors place of business.

The state will not provide workspace for the contractor. The contractor must provide its own workspace.

By signature on their bid, the bidder certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the bidder cannot certify that all work will be performed in the United States, the bidder must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of bids.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the bid as non-responsive, or cancel the contract.

SEC. 2.09 RIGHT TO INSPECT PLACE OF BUSINESS

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

SEC. 2.10 SCOPE OF WORK AND SPECIFICATIONS

Except as otherwise provided in the contract, the Contractor shall furnish all necessary material, labor, supervision, services, equipment, tools, supplies, power, accessories, facilities, shipping and other items and services necessary for accomplishing the work to include any necessary inspections and return serviceable and airworthy. All items are subsidiary and incidental to the contract and no additional payment will be made. Wherever the contract provides that certain work is subsidiary, or it is without extra compensation, the payment for that work is included in the payment for the pay item and no further or additional payment shall be made for that work.

Maintenance/repair services to include:

- routine, scheduled and non-scheduled maintenance;
- scheduled maintenance, servicing and inspections;
- airframe, engine rotor system, drive system and time component changes;

- component/parts repairs as allowed and as applicable below;
- landing gear changes as needed;
- repairs in the field;
- overhauls, restoration and conformity checks.

The Alaska Department of Public Safety (DPS) is a full-service state police organization which conducts both law enforcement and wildlife enforcement duties across the entirety of the state of Alaska. Because of the vast spans of wilderness in the last frontier separate 82% of our communities from the road system, creating a challenge totally unique to our state. The department operates a multitude of fixed wing and rotary wing aircraft to meet various mission requirements. These aircraft primarily support wildlife enforcement, search and rescue efforts and numerous other law enforcement related missions.

Currently, there are two Robinson (R44) helicopters in service that receive routine maintenance and/or service in either Anchorage or Fairbanks depending on the location of the aircraft. The aircraft are currently based in King Salmon and Wasilla. Those locations and the number of aircraft may change based on mission requirements and modernization of aircraft. The King Salmon based aircraft has approximately 1,428 hours total time and the Wasilla based aircraft has approximately 429 hours total time. Historically, the helicopters each have flown approximately 250 hours per year. They will require scheduled and unscheduled maintenance in Anchorage. It is also anticipated the Contractor will travel to remote locations to perform other helicopter maintenance as needed.

The DPS primary maintenance and logistics headquarters is located at Lake Hood Airport (LHD/PALH) in Anchorage, Alaska. This facility serves as the primary maintenance and logistics facility for the department's entire state-wide flight operation with a secondary facility at Fairbanks International Airport (FAI/PAFA) in Fairbanks, Alaska. It is imperative that vendors are located within a reasonable distance from the DPS LHD facility. The department has considered critical elements such as logistics support and travel times involved conducting site visits, quality assurance inspections and mandatory return to service flights when establishing the proximity requirement. The Contractor's facility shall be located within 50 nautical miles of the LHD hangar facility. The Contractor shall have ownership of, or an established term lease of a maintenance and hangar facility with both ramp and building capable of safely accommodating DPS aircraft. If the Contractor has a lease, the time remaining on the lease, at the time of the award of this contract, shall be no less than one year. Hangar facility leases may be established after award of this contract; however, the lease shall be completely established within fifteen days after the start date of the contract. Hangar facilities must be fully operational and available for inspection upon expiration of this fifteen-day period. If the Contractor has the appropriate liability insurances, there may be occasions where working in our hangars and with our tools is a possibility with advanced approval of the Aircraft Section.

Test/ferry flights will be conducted by DPS or approved DPS agents of the state. The Contractor is not authorized to fly any DPS aircraft unless that contract pilot has received training and is checked out from DPS and each occurrence is approved by the Aircraft Section Program Manager. If ground movement is required, the Contractor may tow the aircraft.

Services will not be complete and the equipment will not be considered serviced, repaired, or acceptable until it performs in compliance with the manufacturer's published performance specifications. All maintenance record entries must be complete, accurate and follow the requirements of Title 14 of the Code of Federal Regulations (CFR).

DPS aircraft must be maintained in airworthy condition by use of practices outlined under 14 CFR Part 43, 14 CFR Part 91, Subpart E, Maintenance, Preventative Maintenance, and Alterations. Aircraft must also be maintained as specified by the manufacturer's maintenance schedule and inspection/service schedules and/or applicable Service

Bulletins and Service Letters. The Contractor is responsible for review of and compliance with Airworthiness Directives that may pertain to the aircraft and/or equipment being serviced. Contractor shall designate one certified and fully qualified Airframe and Powerplant (A&P) mechanic to ensure responsibility for the maintenance task being performed for each aircraft.

Inspection/service forms shall be provided by the Contractor and approved by DPS for the 100-hour, annual inspections and any special inspection or directive. Contractor shall fill out the forms to verify completion of each item in the inspection and provide a copy to DPS for each aircraft. All repairs shall be preapproved by the DPS Aircraft Section. Parts may be provided by the state or the state will approve the purchase of parts by the Contractor. DPS may provide parts, components, assemblies, or special tools for completion of certain repairs. The Aircraft Section will provide a "work package" to the vendor along with the delivery of the aircraft. This work package will include the following documents:

- a. Airframe, engine, rotor system, and component current times or since last inspection.
- b. Individual or inspection items that need to be addressed during this inspection.
- c. Any additional documentation regarding the aircraft that will need to be accomplished during the inspection.

Upon completion of the maintenance project the Contractor shall forward to the DPS Aircraft Section the following documents through in person delivery, the Aircraft Maintenance email address aircraft.maintenance@alaska.gov and/or mail:

- a. Maintenance log entries for airframe, rotor system, engine, and components, as applicable.
- b. List of maintenance discrepancies, and corrective action taken.
- c. Any additional documentation as requested by DPS Aircraft Section for that specific project.

DPS will give at least five days' notice prior to scheduled maintenance. Contractor shall complete routine inspections and repairs in four working days. Landing gear changes shall be completed in one day. Allowances will be made for parts unavailability. Extensions due to unanticipated maintenance delays will be dealt with on a case-by-case basis.

There may be occasion for the successful Contractor to provide deep level repair and rebuild type servicing of rotary wing aircraft. If these requests are made, they will be based on the Contractor's capabilities and only when mutual time schedules, project man-hours, and project cost estimates are mutually agreed upon.

At times, DPS may need remote area support for an aircraft that has a maintenance issue away from its base. DPS will coordinate with the Contractor to transport an A&P mechanic or request the Contractor to travel, if able, to the disabled aircraft and assist in recovery to a maintenance facility to complete a return to service as required. DPS will occasionally require expeditious repairs. The Contractor shall make DPS aircraft priority and shall take immediate action to repair the aircraft, unless mutually agreed upon by the Contractor and DPS.

8:00am – 6:00pm: The Contractor shall inspect an aircraft within 3 hours of DPS notification.

After 6:00pm: The Contractor shall inspect the aircraft by 11:00am the following day unless the Aircraft Section deems necessary for mission capability. No work is required on weekends and State recognized holidays unless mutually agreed upon by the Contractor and DPS.

If, in the opinion of DPS, the problem does not require immediate action, the Contractor may perform the required service that night, or, if approved by DPS, at a later date.

Service bulletins, airworthiness directives and all other repairs will be performed in accordance with the manufacturer's recommended procedure.

Aircraft maintenance and repair services are as needed. The State does not guarantee a minimum number of hours.

The Contractor must have the tools and support equipment to perform routine maintenance. If tools require calibration, the Contractor shall always ensure compliance with this requirement and records shall be made available for inspection.

Contractor Responsibilities include (but are not limited to):

1. All work performed by the Contractor on the Robinson R44 series helicopters are to be performed in accordance with the manufacture's maintenance manuals. The Contractor shall be responsible for their own Maintenance Manual and Service Document subscriptions and shall provide all documents to maintenance staff. All Maintenance Manuals and Service Documents need to be complete and remain up to date for the entire contract period, including any and all renewals.
2. Perform all work in a thorough and workman like manner and in accordance with current industry standards/practices.
3. Complete work in a timely manner, giving DPS projects priority over other projects to reduce the downtime of the aircraft. If the Contractor encounters delays, relay the information to the Aircraft Section to determine if work should continue or be set aside depending on the circumstances.
4. This maintenance shall include the scheduled maintenance, specifically the required inspection interval of a maximum of 100 hours' time in service or 12 calendar months (annually), whichever occurs first. Fluid leaks, discoloration, dents, scratches, nicks, cracks, galling, chafing, fretting, and corrosion all warrant further investigation. Unairworthy items must be replaced or repaired as allowed by the Robinson Helicopter Company.
5. Perform scheduled airframe and engine inspections (examples: Annual Inspection, 30, 50, 100, 150, 200 hour) as per manufacturer or Federal Aviation Administration (FAA) requirements.
6. This maintenance shall also include unscheduled maintenance, including but not limited to pilot discrepancies, post flight issues, etc. In the event of unscheduled maintenance, an inspection will be conducted the same business day if during normal business hours or prior to 11 am the next business day if issues occur after hours and shall be discussed with the Aircraft Section to determine a course of action. Any resultant maintenance shall be started within one business day of inspection and completed without interruption or within one business day of part/consumable product delivery if not in inventory at time of inspection.
7. Shall perform all maintenance in accordance with manufacturer maintenance manuals. Part 43 and Part 91 of the FAA regulations and accepted industry standards.
8. Troubleshoot problems with various systems on the helicopter and develop strategies for resolving a problem(s).
9. Dismantle, inspect and reassemble all assemblies and components of Helicopters authorized by the maintenance manuals.

10. Perform engine inspections and authorized repairs.
11. Manage a standard inventory of parts and consumable products necessary to conduct uninterrupted maintenance, modifications and repairs.
12. Ensure all parts and materials are legal and airworthy according to FAA and Manufacturer's standards with an airworthiness approval tag, as applicable. Tags will be provided at the time of a complete final package being submitted
13. Contractor shall supply all the tools that could be necessary for maintaining the aircraft.
14. Specialty tools, specific to the aircraft and shop equipment may sometimes be provided by DPS.
15. Maintain and troubleshoot the mission critical equipment on the helicopter at a line maintenance level such as search light, cargo basket, and other essential mission equipment.
16. Attend training on an as-needed basis to maintain licensing and certificates required herein.
17. Monitor Service Bulletins and FAA Airworthiness Directives (AD) to schedule required or recommended work in a timely manner.

Excluded Responsibilities of the Aircraft Maintenance Contractor:

1. Aircraft radios and avionics shall be repaired by an authorized repair facility.
2. Software updates for the Garmin GPS system.
3. Maintenance and/or overhaul of the starter, alternator, magnetos, and other electrical items that are generally not field serviceable.
4. If the following items are beyond the Contractor's capabilities and require a repair service center, then the Contractor will subcontract the work to authorized facilities.
 - a. The main rotor and tail rotor gearbox, clutch systems, control systems, hydraulic systems and other installed major components not generally serviceable in the field.

Bids will be accepted from certified and non-certified repair facilities; however, all maintenance personnel working on State aircraft shall be FAA certified and fully qualified A&P mechanics meeting the requirement of 14 CFR Part 65, Subpart D, and non-certified repair stations shall employ a full-time FAA IA meeting the requirements of 14 CFR 43.7. The successful Contractor shall provide evidence of FAA licensed A&P mechanics/IA within ten days after receipt of the Notice of Intent to Award a contract. In addition, evidence/certificates shall be provided prior to commencing any work or repairs. Failure to provide this evidence within the time requested shall be cause for rejection of the bid.

The successful Contractor shall have documented evidence that maintenance work was accomplished within the previous 24 months on aircraft similar to DPS aircraft listed in this document. The Contractor shall provide the documented evidence upon written request from DPS.

The Contractor shall have an approved drug-testing program in place for maintenance personnel which meet 14 CFR Part 135 requirements.

The Contractor's employees may be required to undergo a background and fingerprint check by DPS.

SEC. 2.11 COMPONENTS, PARTS, AND TOOLS

Only parts designed for the purpose they are being used and warranted as new may be used in the repair of state equipment. DPS may provide parts, components, assemblies, or special tools for completion of certain repairs. If in the event there may be a part required that may be unavailable locally, the Contractor shall contact the DPS Aircraft Maintenance Inspector to see if parts may be available within the DPS Aircraft Section. All parts removed or installed in the aircraft will be coordinated with the DPS Stock & Parts using appropriate reporting to ensure serviceable status, accountability and inventory control.

The Contractor shall be responsible for replacement of lost or damaged property furnished by DPS, except for reasonable wear and tear, and to the extent that such property is normally consumed in DPS aircraft operation.

Title to State-furnished property will remain with DPS. The Contractor shall maintain adequate property control records in accordance with industry standards to ensure that State parts are not utilized for other purposes. Federal Excess Property in use under this contract may not be sold by either the State or the Contractor.

Unless otherwise specified, the Contractor shall provide all repairs, services, and replacement parts necessary to maintain the specified aircraft at the designated base during extended periods of heavy use, regardless of the amount or frequency of hours flown.

The Contractor shall have the availability of a lifting hoist, minimum 2-ton capability, and a fixture to lift the Robinson R44 for landing gear maintenance, change and removal. The lifting fixture shall lift the aircraft in such a way to prevent damage/bending of the aircraft.

All parts removed may be required by the Aircraft Section to be returned to the DPS Aircraft Section and shall be identified serviceable/unserviceable with the appropriate tag with the required information listed prior to the project being completed.

The state shall have first right of refusal on all salvage parts that come from Department of Public Safety aircraft.

SEC. 2.12 ADMINISTRATIVE REQUIREMENTS

Coordinate with the DPS Aircraft Section through the Aircraft Maintenance email address aircraft.maintenance@alaska.gov, by phone or in person.

Record Keeping Responsibilities of the Aircraft Maintenance Contractor (Contractor):

1. The Contractor is responsible for determining the work to be performed by checking for ADs and Manufacturer Service Bulletins. The Contractor shall provide the DPS Aircraft Section and the Aircraft Maintenance Inspector a list of maintenance required, provide a list of parts required and to develop a work plan together to schedule the work. If the necessary parts are not in stock, the Contractor shall advise the DPS Aircraft Section and/or the Aircraft Maintenance Inspector to inquire about DPS availability prior to ordering new parts.
2. Maintain a comprehensive record system of all maintenance work performed to comply with the component mandates of the Federal Aviation Administration (FAA) and the manufacturer.
3. Maintain computer records for the tracking and forecasting of all the life limited components.
4. Monitor Service Bulletins and ADs to schedule required or recommended work in a timely manner.

In the event field repairs are necessary, the State will provide transportation from the Contractor's facility to the field site and return. Although the Contractor may use either his own transportation as approved by the State, approved commercial transportation or DPS provided transportation, the State will bear the cost of this transportation.

Out of town maintenance will be charged at the same rate as the Contractor's normal shop rate, with four hours minimum. Out of town charges, in addition to wages may include per diem up to the standard rate paid by the State for the location.

The Contractor shall allow DPS personnel access to their facilities upon request. Subcontracted services may be utilized, with prior approval of DPS, for specialized maintenance which the Contractor cannot perform. However, the subcontractor shall meet the same qualifications, and carry the same insurance, as the Contractor.

The State will reimburse the Contractor for the actual rate paid for any subcontracted work. When the Contractor is reimbursed by the State for work conducted by a subcontractor, non-payment by the Contractor to the subcontractor constitutes default of this contract.

SEC. 2.13 PARTS BOOKS AND MAINTENANCE MANUALS

The state may require parts books and maintenance manuals as necessary. If they are requested, they must be provided at the same time that the equipment is delivered. The cost of the parts books and maintenance manuals must be included in the bid price of the equipment.

SEC. 2.14 SHIPPING DAMAGE

The state will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination. The state will provide the contractor with written notice when damaged goods are received. The state will deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

SEC. 2.15 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES

The contractor is responsible for providing all products or the completion of all work set out in the contract. All products or work is subject to inspection, evaluation, and approval by the state. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The state may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable products or work received) and may seek associated damages.

SEC. 2.16 CONTINUING OBLIGATION OF CONTRACTOR

Notwithstanding the expiration date of a contract resulting from this ITB, the contractor is obligated to fulfill its responsibilities until warranty, guarantee, maintenance, and parts availability requirements have completely expired.

SEC. 2.17 ESTIMATED QUANTITIES

The quantities referenced in this ITB are the state's estimated requirements and may vary more or less from the quantities actually purchased. The state does not guarantee any minimum or maximum purchase. Orders will be issued throughout the contract period on an as-needed basis.

SEC. 2.18 CONTRACT PRICE ADJUSTMENTS

A contract resulting from this ITB will include the following price adjustment clause:

Consumer Price Index (CPI): Contract prices will remain firm through June 30, 2023.

The contractor may request price adjustments, in writing, 30 days prior to the contract renewal date. Requests must be in writing and must be received 30 days prior to the contract renewal date. If the contractor fails to request a CPI price adjustment 30 days prior to the contract renewal date, the adjustment will be effective 30 days after the state receives their written request.

Price adjustments will be made in accordance with the percentage change in the U.S. Department of Labor Consumer Price Index (CPI-U) for All Urban Consumers, All Items, Urban Alaska.

The price adjustment rate will be determined by comparing the percentage difference between the CPI in effect for the base year six-month average (January through June OR July through December); and each (January through June OR July through December six-month average) thereafter. The percentage difference between those two CPI issues will be the price adjustment rate. No retroactive contract price adjustments will be allowed.

All price adjustments must be approved by the procurement officer prior to the implementation of the adjusted pricing. Approval shall be in the form of a contract amendment issued by the procurement officer.

SEC. 2.19 PRICE DECREASES

During the period of the contract all price decreases experienced by the contractor must be passed on to the state. A contractor's failure to strictly and faithfully adhere to this clause, within the time required, will be considered in breach of contract.

SEC. 2.20 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the procurement officer. If performed, the scope of the debriefing will be limited to the products provided or work performed by the contractor.

SEC. 2.21 INDEMNIFICATION

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis.

“Contractor” and “contracting agency”, as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor’s work.

SEC. 2.22 INSURANCE

Without limiting the contractor's indemnification, it is agreed that the contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to contract approval and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

Proof of insurance is required for the following:

- Workers' Compensation Insurance: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the state.
- Commercial General Liability Insurance: covering all business premises and operations used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.
- Commercial Automobile Liability Insurance: covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

SECTION 3. CONTRACT INVOICING AND PAYMENTS

SEC. 3.01 BILLING INSTRUCTIONS

All invoices produced by the contractor must contain the following information at a minimum:

- Work hours
- Hourly rate
- Individual part or kit name, part number, and serial number
- Listed contractor (wholesale) price and markup for parts and supplies
- Detailed description of work performed
- Travel time (if applicable)
- Complete aircraft tail registration number
- Cost
- DPS agency contract number

Invoices shall be sent via email to the following address: dps.aircraftpayables@alaska.gov

The Contractor shall submit project progress reports detailing activities completed, along with an itemized invoice for work completed, for review and approval by the State. The State shall not be billed for activities or parts/supplies not conducted or received. Payment will be made monthly and in accordance with AS 37.05.285 (a)(2). The Aircraft Section will only certify payment after it receives the service, the invoice, all documentation, and air worthiness has been completed. Questions concerning payment must be addressed to the ordering agency.

SEC. 3.02 PAYMENT FOR STATE PURCHASES

Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Any single contract payments of \$1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

SEC. 3.03 THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED

Because of the additional administrative and accounting time required of the state when third party financing agreements are permitted, they will not be allowed under this contract.

SECTION 4. EVALUATION AND CONTRACTOR SELECTION

SEC. 4.01 EVALUATION OF BIDS

After bid opening, the procurement officer will evaluate the bids for responsiveness. Bids deemed non-responsive will be eliminated from further consideration. An evaluation may not be based on discrimination due the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the bidder.

SEC. 4.02 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder and Alaska Veteran preferences are the most common preferences involved in the ITB process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply and provide examples of how to calculate the preferences are available at the following website:

<http://doa.alaska.gov/dgs/pdf/pref1.pdf>

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050
- Employment Program Preference - AS 36.30.321(b)
- Alaskans with Disabilities Preference - AS 36.30.321(d)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business' or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Bidders must attach a copy of their certification letter to the proposal. **A bidder's failure to provide this certification letter with their proposal will cause the state to disallow the preference.**

SEC. 4.03 ALASKA BIDDER PREFERENCE

An Alaska Bidder Preference of 5% will be applied to the total bid price. The preference will be given to a bidder who:

- 1) holds a current Alaska business license prior to the deadline for receipt of bids;
- 2) submits a bid for goods or services under the name appearing on the bidder's current Alaska business license;
- 3) has maintained a place of business within the state staffed by the bidder, or an employee of the bidder, for a period of six months immediately preceding the date of the bid;
- 4) is incorporated or qualified to do business under the laws of the state, is a sole proprietorship and the proprietor is a resident of the state, is a limited liability company (LLC) organized under AS 10.50 and all members are residents of the state, or is a partnership under AS 32.06 or AS 32.11 and all partners are residents of the state; and

- 5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the bid must include the Alaska Bidder Preference Certification Form attached to this ITB. A bidder does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. A bidder's failure to provide this completed form with their bid will cause the state to disallow the preference.

SEC. 4.04 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the total bid price. The preference will be given to a bidder who qualifies under AS 36.30.990(2) as an Alaska Bidder and is a:

- a) sole proprietorship owned by an Alaska veteran;
- b) partnership under AS 32.06 or AS 32.11 if a majority of the partners are Alaska veterans;
- c) limited liability company organized under AS 10.50 if a majority of the members are Alaska veterans; or
- d) corporation that is wholly owned by individuals, and a majority of the individuals are Alaska veterans.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided, or for supplies, the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

Alaska Veteran Preference Certification

In order to receive the Alaska Veteran Preference, the bid must include the Alaska Bidder Preference Certification Form attached to this ITB. A bidder's failure to provide this completed form with their bid will cause the state to disallow the preference.

SEC. 4.05 USE OF LOCAL FOREST PRODUCTS

In a project financed by state money in which the use of timber, lumber and manufactured lumber is required, only timber, lumber and manufactured lumber products originating in this state from Alaska forests shall be used unless the use of those products has been determined to be impractical, in accordance with AS 36.15.010 and AS 36.30.322.

SEC. 4.06 LOCAL AGRICULTURAL AND FISHERIES PRODUCT PREFERENCE

When agricultural, dairy, timber, lumber, or fisheries products are purchased using state money, a seven percent (7%) preference shall be applied to the price of the products harvested in Alaska, or in the case of fisheries products, the products harvested or processed within the jurisdiction of Alaska, in accordance with AS 36.15.050.

SEC. 4.07 ALASKA PRODUCT PREFERENCE

A bidder that designates the use of an Alaska Product which meets the requirements of the ITB specifications and is designated as a Class I, Class II or Class III Alaska Product by the Department of Community & Economic Development (DCCED) may receive a preference in the bid evaluation in accordance with AS 36.30.332 and 3 AAC 92.010.

To qualify for the preference, the product must have received certification from DCCED, be listed in the current published edition of the Alaska Products Preference List, and the bidder must provide the qualified product on a 100% basis. There are no provisions under Alaska Statutes or Regulations that allow for a product

exchanges/substitutions or permit the product to be co-mingled with other products. Rather, AS 36.30.330 provides for a penalty for failing to use the designated Alaska products.

Products are classified in one of three categories:

- Class I products receive a 3% preference.
- Class II products receive a 5% preference.
- Class III products receive a 7% preference.

When the bids are evaluated, the preference percentage will be deducted from the product price. If a bidder fails to specify the brand being offered, no preference will be given. For more information on the Alaska Product Preference and to see the list of products currently on the Alaska Product Preference List, use the following web link:

<https://www.commerce.alaska.gov/web/dcra/AlaskaProductPreferenceProgram.aspx>

Brand Offered

If offering a product that qualifies for the Alaska Product Preference, the bidder must indicate the brand of product they intent to provide. If a bidder is not offering a product that qualifies for the Alaska Product Preference, the bidder does not need to indicate a product brand.

Brand of Product Changes

During the course of the contract including all renewal options, a contractor that offered a product that qualified for the Alaska Product Preference wishes to change the product brand, the contractor must first provide a written request, along with evidence that the replacement brand also qualifies for the Alaska Product Preference, for approval by the procurement officer. A contract amendment must be issued by the procurement officer to authorize the change.

If a bidder offers a product brand in the original bid that does not qualify for the Alaska Product Preference, a change in the product brand may be made at any time during the course of the contract, including all renewals, as long as the product band continues to meet the required specifications. A contract amendment is not required if the product brand originally offered did not qualify for the Alaska Product Preference.

SEC. 4.08 EMPLOYMENT PROGRAM PREFERENCE

If a bidder qualifies for the Alaska Bidder Preference and is offering goods or services through an employment program as defined under AS 36.30.990(12), an Employment Program Preference of 15% will be applied to the total bid price.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided, or for supplies, the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

SEC. 4.09 ALASKANS WITH DISABILITIES PREFERENCE

If a bidder qualifies for the Alaska Bidder Preference and is a qualifying entity as defined in AS 36.30.321(d), an Alaskans with Disabilities Preference of 10% will be applied to the total bid price.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided, or for supplies, the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

SEC. 4.10 PREFERENCE QUALIFICATION LETTER

Regarding the Employment Program Preference and the Alaskans with Disabilities Preference, the Division of Vocational Rehabilitation in the Department of Labor and Workforce Development maintains lists companies who qualify for those preferences. As evidence of a company's right to the preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of the preferences, a bidder must be on the appropriate Division of Vocational Rehabilitation list at the time the bid is opened and must attach a copy of their certification letter to their bid. The bidder's failure to provide this certification letter with their bid will cause the state to disallow the preference.

SEC. 4.11 EXTENSION OF PRICES

In case of error in the extension of prices in the bid, the unit prices will govern; in a lot bid, the lot prices will govern.

SEC. 4.12 METHOD OF AWARD

Award will be made to the lowest responsive and responsible bidder. In order to be considered responsive, bidders must bid on all items.

SEC. 4.13 CONTRACTOR SELECTION PROCESS

Once the contracts are established this selection process will be used. When the state needs security services the lowest priced contractor for that location will be contacted first. If, for any reason, the lowest contractor is not available to perform the needed service, the state will contact the next lowest priced contractor for that location. This process will continue until a contractor who can perform the service is located. The location of the contractor initially contacted will be determined by the starting location of the call-out. For instance, if there was a need to transport a person from Anchorage to Fairbanks and then guard the person for two days in Fairbanks, the agency would contact Anchorage contractors, even though a substantial portion of the actual service would be performed in Fairbanks.

SEC. 4.14 NOTICE OF INTENT TO AWARD

After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the state's intent to award a contract(s) to the bidder(s) indicated. A copy of the Notice of Intent will be mailed to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the procurement officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the procurement officer does so without a contract and at their own risk.

SECTION 5. GENERAL PROCESS AND LEGAL INFORMATION

SEC. 5.01 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, a bidder must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaskans with Disabilities Preference, a bidder must hold a valid Alaska business license prior to the deadline for receipt of bids. Bidders should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the bidder possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the bid that the bidder has a valid Alaska business license and has included the license number in the bid;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the bidder has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time bids are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of bids, all bidders must hold any other necessary applicable professional licenses required by Alaska Statute.

SEC. 5.02 AUTHORITY

This ITB is written in accordance with AS 36.30 and 2 AAC 12.

SEC. 5.03 COMPLIANCE

In the performance of a contract that results from this ITB, the contractor must comply with all applicable federal, state, and borough regulations, codes, and laws; be liable for all required insurance, licenses, permits and bonds; and pay all applicable federal, state, and borough taxes.

SEC. 5.04 SUITABLE MATERIALS, ETC.

Unless otherwise specified in this ITB, all materials, supplies or equipment offered by a bidder shall be new, unused, and of the latest edition, version, model or crop and of recent manufacture.

SEC. 5.05 SPECIFICATIONS

Unless otherwise specified in this ITB, product brand names or model numbers specified in this ITB are examples of the type and quality of product required, and are not statements of preference. If the specifications describing an item conflict with a brand name or model number describing the item, the specifications govern. Reference to brand name or number does not preclude an offer of a comparable or better product, if full specifications and descriptive literature are provided for the product. Failure to provide such specifications and descriptive literature may be cause for rejection of the offer.

SEC. 5.06 CONTRACTOR SITE INSPECTION

The state may conduct on-site visits to evaluate the bidder's capacity to perform the contract. A bidder must agree, at risk of being found non-responsive and having its bid rejected, to provide the state reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state's expense will make site inspection. The Contractor shall have available for inspection all required certificates, licenses, manuals, work logs, etc. at time of inspection. Failure to comply with the terms, conditions, and specifications of this ITB and/or furnish a hangar facility, as specified herein will cause the State to declare the Contractor in default of any contract resulting from this ITB.

SEC. 5.07 ORDER DOCUMENTS

Except as specifically allowed under this ITB, an ordering agency will not sign any vendor contract. The state is not bound by a vendor contract signed by a person who is not specifically authorized to sign for the state under this ITB. Unless otherwise specified in this ITB, the State of Alaska Purchase Order, Contract Award and Delivery Order are the only order documents that may be used to place orders against the contract(s) resulting from this ITB.

SEC. 5.08 HUMAN TRAFFICKING

By signature on their bid, the bidder certifies that the bidder is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <http://www.state.gov/j/tip/>

Failure to comply with this requirement will cause the state to reject the bid as non-responsive, or cancel the contract.

SEC. 5.09 RIGHT OF REJECTION

Bidders must comply with all of the terms of the ITB, the State Procurement Code (AS 36.30), and all applicable local, state, and federal laws, codes, and regulations. The procurement officer may reject any bid that does not comply with all of the material and substantial terms, conditions, and performance requirements of the ITB.

Bidders may not qualify the bid nor restrict the rights of the state. If a bidder does so, the procurement officer may determine the bid to be a non-responsive counter-offer and the bid may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;

- do not change the meaning or scope of the RFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision;

may be waived by the procurement officer.

The state reserves the right to refrain from making an award if it determines that to be in its best interest.

A bid from a debarred or suspended bidder shall be rejected.

SEC. 5.10 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The state will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any bid.

SEC. 5.11 DISCLOSURE OF BID CONTENTS

All bid prices become public information at the bid opening. After the deadline for receipt of bids, all other bid material submitted become the property of the State of Alaska and may be returned only at the state's option. AS 40.25.110 requires public records to be open to reasonable inspection. All other bid information will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, bids will become public information.

The Office of Procurement and Property Management (OPPM), or their designee recognizes that some information an offeror submits might be confidential under the United States or the State of Alaska Constitution, a federal statute or regulation, or a State of Alaska statute: i.e., might be confidential business information (CBI). *See, e.g.,* article 1, section 1 of the Alaska Constitution; AS 45.50.910 – 45.50.945 (the Alaska Uniform Trade Secrets Act); *DNR v. Arctic Slope Regional Corp.*, 834 P.2d 134, 137-39 (Alaska 1991). For OPPM or their designee to treat information an offeror submits with its proposal as CBI, the offeror must do the following when submitting their proposal: (1) mark the specific information it asserts is CBI; and (2) for each discrete set of such information, identify, in writing, each authority the offeror asserts make the information CBI. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

SEC. 5.12 ASSIGNMENTS

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer. Bids that are conditioned upon the state's approval of an assignment will be rejected as non-responsive.

SEC. 5.13 FORCE MAJEURE (IMPOSSIBILITY TO PERFORM)

The parties to a contract resulting from this ITB are not liable for the consequences of any failure to perform, or default in performing, any of its obligations under the contract, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party.

For the purposes of this ITB, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the

project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

SEC. 5.14 DEFAULT

In case of default by the contractor, for any reason whatsoever, the state may procurement the goods or services from another source and hold the contractor responsible for any resulting excess cost and may seek other remedies under law or equity.

SEC. 5.15 DISPUTES

If the contractor has a claim arising in connection with the contract that it cannot resolve with the state by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632.

SEC. 5.16 SEVERABILITY

If any provision of the contract or agreement is found to be invalid or declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and, the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

SEC. 5.17 CONTRACT CANCELLATION

The state reserves the right to cancel the contract at its convenience upon 30 calendar days written notice to the contractor. The state is only liable for payment in accordance with the payment provisions of this contract for supplies or services provide before the effective date termination.

SEC. 5.18 GOVERNING LAW; FORUM SELECTION

A contract resulting from this ITB is governed by the laws of the State of Alaska. To the extent not otherwise governed by Section 5.15 of this ITB, any claim concerning the contract shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

SEC. 5.19 SOLICITATION ADVERTISING

Public notice has been provided in accordance with 2 AAC 12.220.

SEC. 5.20 QUALIFIED BIDDERS

Per 2 AAC 12.875, unless provided for otherwise in the ITB, to qualify as a bidder for award of a contract issued under AS 36.30, the bidder must:

- 1) Add value in the contract by actually performing, controlling, managing, or supervising the services to be provided; or
- 2) Be in the business of selling and have actually sold on a regular basis the supplies that are the subject of the ITB.

If the bidder leases services or supplies or acts as a broker or agency in providing the services or supplies in order to meet these requirements, the procurement officer may not accept the bidder as a qualified bidder under AS 36.30.

SEC. 5.21 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contract price and shall take appropriate action as directed by the procurement officer.
- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract;
 - b) The contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal excise tax or duty for goods or services under the contract, except social security or other employment [taxes](#), that the contractor is required to pay or bear, or does not obtain a refund of, through the contractor's fault, negligence, or failure to follow instructions of the procurement officer.
- **State's Ability to Make Changes:** The state reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
- **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.

SEC. 5.22 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the ITB.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of bids.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If a bidder wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a bid in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All bidders will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

- 5) Bid Schedule Form (attached separately)

CERTIFICATION OF ENTITLEMENT TO THE ALASKA BIDDER PREFERENCE

I am the bidder or a duly authorized agent of the bidder, and I certify that the bidder is entitled to the Alaska Bidder Preference. I know and understand that the Alaska Bidder Preference provides for substantial benefits which could be favorable to the bidder and which could affect the award of the Invitation to Bid to the bidder's benefit. I am aware that falsely claiming the Alaska Bidder Preference is a violation of the State of Alaska Procurement Code (AS 36.30) and may be cause for felony prosecution and conviction.

I offer the following evidence or statements in support of my Certification of Entitlement to the Alaska Bidder Preference:

1. As of the deadline for receipt of the bids, the bidder possesses a valid Alaska business license in any one of the following forms:
 - a copy of an Alaska business license;
 - certification on the bid that the bidder has a valid Alaska business license and has included the license number in the bid;
 - a canceled check for the Alaska business license fee;
 - a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; *OR*
 - a sworn notarized affidavit that the bidder has applied and paid for the Alaska business license.
2. In addition to holding a current Alaska business license prior to the deadline for receipt of bids, the bidder:
 - (a) is submitting a bid for goods or services under the name appearing on the bidder's current Alaska business license;
 - (b) has maintained a place of business within the state staffed by the bidder, or an employee of the bidder, for a period of six months immediately preceding the date of the bid;
 - (c) is incorporated or qualified to do business under the laws of the state, is a sole proprietorship, and the proprietor is a resident of the state, is a limited liability company (LLC) organized under AS 10.50 and all members are residents of the state, or is a partnership under AS 32.06 or AS 32.11 and all partners are residents of the state; *AND*
 - (d) if a joint venture, is composed entirely of ventures that qualify under items (a)-(c) of this subsection.

**ITB
Checklist**

Bidders are encouraged to use this checklist in preparation of bids. This checklist may not be all inclusive of the items required to be submitted in the bid. In case of a conflict between this checklist and the ITB, the requirements of the ITB will prevail.

Bidders who do not respond to each item as specified below may be considered "non-responsive" and the bid may not be accepted for possible award of contractual services.

ITB OPENING DATE:

ITB SUBJECT:

CONTRACTING OFFICER:

SIGNATURE: _____

This is notice of the state's intent to award a contract. The figures shown here are a tabulation of the offers received with the apparent low bidder(s) indicated. A bidder who wishes to protest this Notice of Intent must file the protest within ten calendar days following the date this notice is issued. If the tenth day falls on a weekend or holiday, the last day of the protest period is the first working day following the tenth day. **The bidder identified here as submitting the most advantageous bid is instructed not to proceed until a contract, or other form of notice is given by the contracting officer.** A company or person who proceeds prior to receiving a contract, Contract Award, or other form of notice of Award does so without a contract and at their own risk. AS 36.30.365.
