- **Modify Section 1.02 Deadline for Receipt of Bids & Bid Opening**
- **Modify Section 1.14 ITB Schedule**

Question 1.

Our company was informed on July 14th that ITB 2523H019 was put back out for bid, with a closing date of July 22. This is a short window to complete this bid with updated pricing and availability for both the rafts and the shipping. It is also difficult in this short time frame to get accurate shipping to each of the destinations for the rafts. Our staff member who submitted the bid for this last year unfortunately had an immediate death in her family when this came back out for bid. Our company would really appreciate the chance to bid this accurately. We ask that the procurement office handling this bid grant an extension of 2 weeks to get all the correct amounts and logistics worked out.

Answer 1.

The State needs to submit the AIP grant application with the low bid amount by the end of August. We would be fine with the AIP grant submission deadline. Therefore, we have no objection to extending the closing date by two weeks. See the ITB modifications below.
