#### Vessel Registration

All vessels used in sport fishing guide activities must be registered with ADF&G. All vessels must have a current Vessel Registration number as required by the Division of Motor Vehicles (DMV), or a current USCG documentation number prior to registering with ADF&G. If the vessel has an AK number, or other current DMV Vessel Registration number, this number must be displayed during guided fishing operations.

#### Vessel Decal/Year Stickers

One set of ADF&G decals will be issued per registered vessel. Decals must be applied and visible on both sides of the vessel. Decals do not have to be applied directly to the hull of the vessel. Decals can be adhered to wood, fiberglass, or plexiglas® which in turn is secured to both sides of the vessel. Decals can be transferred from one vessel to another; as long as the receiving vessel has a current AK registration number from DMV or a current USCG documentation number and has been registered with ADF&G. Year stickers will be issued as vessels are registered and must be adhered directly to the decal in the designated area. Lost decals and year stickers can be replaced free of charge at any ADF&G office.

#### Transferring A Logbook

A logbook is issued to a specific business for a specific vessel. All active vessels must be registered and issued a current year logbook from an ADF&G office. Logbooks may not be transferred between businesses. Only the business the logbook is issued to may use the logbook.

If a vessel belonging to a registered sport fish business is borrowed by another business, the borrowing business must be currently registered and acquire their own logbook.

If a business substitutes a different vessel for the primary vessel during any part of the season, the original logbook can be used on the substitute vessel for up to seven consecutive days. A temporary vessel used for more than seven consecutive days must be issued a new logbook. ADF&G must be notified (see contact information on page v) with the substitute vessel registration information.

All vessels engaged in fishing with clients on board must be registered and display the vessel decals.

#### Return The Logbook Pages Weekly (Pink Pages Remain in the Logbook)

Fishing activity that occurs <u>prior</u> to April 2, 2023 is due to ADF&G by April 10, 2023; all activity thereafter must be received by ADF&G WEEKLY, as detailed in the schedule on the inside of the front cover of this book. Logbook pages can be submitted to any ADF&G office or mailed to the address printed on the back of each logbook page. Southeast Alaska operators must submit trips using eLogbook in accordance with the same submittal schedule. Paper pages will not be accepted.

#### Responsibility Of Business Owner & Guide

<u>Guides</u> are responsible for completing logbook pages in the manner and at the location specified in the logbook instructions.

ADF&G licensed <u>business owners</u> are responsible for reporting logbook information and submitting the completed logbook pages to the department for fishing activities from January 1, 2023 through December 31, 2023 for each sport fishing guide they employ in accordance with the schedule printed inside the front cover of the logbook.

#### What A Guide Must Have In Possession While Guiding

While providing sport fishing guide services, a sport fishing guide shall have the following readily available for inspection by request of a representative of the Department of Fish & Game, a peace officer of the state, or law enforcement representative of the National Marine Fisheries Service:

- ➤ A current sport fishing guide registration issued by ADF&G;
- ➤ A copy of the current ADF&G sport fishing business registration of the guide's employer;
- A current Alaska sport fishing license, tags, stamps or permits that are required to engage in the sport fishery for which guide services are being provided;
- An identification card issued to the sport fishing guide by a state or federal agency that bears a photo of the sport fishing guide. The identification card MUST match the name on the guide license;
- ➤ Per federal regulation, a saltwater charter logbook if halibut are being harvested.

Other agencies, such as the USCG or National Marine Fisheries Service, may have additional requirements. <u>It is your responsibility to determine what those requirements are.</u>

See page v for Federal Regulations.

#### When and How to Complete A Logbook Page

A Charter Vessel Fishing Trip is defined as the time period between the first deployment of fishing gear from a vessel providing sport fishing guide services, and the offloading of one or more anglers or any harvested fish from the vessel. A trip that does not include any paying clients, and is completed with "comped anglers" without the guide receiving ANY tips or other compensation, is NOT considered a chartered trip. In this case, a logbook page should not be completed and submitted to the ADF&G. If a guide is present during a private fishing trip, the guide may be compensated for actual daily expenses for fuel, food, or bait. In this case, a logbook page should not be completed or submitted to ADF&G. However, if the guide receives any other compensation for assisting anglers, such as daily wages, tips, moorage fees, etc. from a registered fishing service or from clients, a logbook page should be completed and submitted to ADF&G.

Additional information about regulations and definitions related to guide and business registration and guiding can be found at: <a href="http://www.adfg.alaska.gov/index.cfm?adfg=SFGuidesLicense.Businesslicense">http://www.adfg.alaska.gov/index.cfm?adfg=SFGuidesLicense.Businesslicense</a>

#### Before a Trip (see definition above) Begins, the Guide must Record:

- The 2023 sport fishing license number, permanent identification number (PID), or disabled veteran (DAV) license number for anyone that will fish during any part of the trip, including paying and non-paying (comped) anglers and crew.
- ➤ The first and last name of each angler in the space provided below their license number.
- ➤ The word "Youth" in the fishing license space along with the first and last name, on the name line, for resident anglers under the age of 18 and non-resident anglers under the age of 16. Multiple youth anglers on a trip should be recorded as Youth 1, Youth 2 etc.

## Complete the logbook through the last charter trip of the season in the following manner:

#### Returning to a Dock or Mothership:

Complete and sign the logbook page <u>before offloading any fish from the vessel</u>. If no fish were kept, complete and sign the logbook page <u>before offloading any clients</u>.

#### No Docking Facilities (e.g. trailered vessels):

- ➤ Complete and sign the logbook page <u>before</u> the vessel or guide departs the launch/landing site AND <u>before</u> offloading any fish from the vessel.
- ➤ If no fish were kept, complete and sign the logbook page <u>before</u> the vessel <u>or</u> guide departs the launch/landing site.

#### No Vessel Used (aircraft, highway vehicles, walk-in, ATVs, etc.):

Complete and sign the logbook page <u>before</u> the guide leaves the fishing site. <u>Fishing site</u> is defined as the location where the fishing activity took place.

#### **Multiple Trips per Day:**

Use a separate logbook page for each trip if multiple trips were taken during the same day. Complete and sign the logbook page at the end of each trip as described above.

#### **Multi-Day Trips:**

Complete and sign a logbook page at the end of each day on which sport fishing guide services were provided. Use a separate logbook page for each day of the trip. Record the port or community of offloading at the end of the multiple-day trip, not the port or location where the vessel anchored or moored each night.

For example, for a five-day trip with only three days of guided fishing, three logbook pages should be submitted, all with different dates fished but with the same port or community of offloading.

#### FEDERAL REGULATIONS

Federal regulations for International Pacific Halibut Commission (IPHC) Area 2C and 3A (1) authorize guided angler fish (GAF) for the Charter halibut fisheries, (2) prohibit the licensed guide and crew members from retaining halibut on any charter vessel fishing trip, (3) require all anglers in IPHC Areas 2C and 3A who harvest (keep) halibut to sign the logbook, (4) require a saltwater charter logbook be on the vessel if halibut are being harvested, and (5) require retention of all logbook pages showing halibut harvest for 2 years after the end of the fishing year for which the logbook was issued.

#### NOAA CONTACT INFORMATION:

There are numerous differences between State and Federal regulations that govern charter fishing in IPHC areas 2C and 3A, which all operators must be aware of, and operate under. For additional information on federal requirements for charter logbooks and halibut, call NOAA Fisheries Office of Law Enforcement (907) 586-7225.

You must comply with the federal regulations described at:

Trip Information		
Date	Record the month and day for each trip taken. If two or more trips were taken on the same day, that date will appear on all pages for that day.	
Hour Trip Ended	Record the hour the trip ended with the offloading of clients and fish. Round to the nearest hour. For example, trips ending from 5:00 pm to 5:30 pm should be logged as 5 pm and trips ending from 5:31pm to 6:00 pm should be logged as 6 pm. Do not indicate minutes. Fill in the circle for AM or PM. For multi-day trips, record the hour that fishing ended on <u>each</u> day.	
Guide Registration Number	The 2023 guide registration number issued by ADF&G to the guide that led the fishing trip.	
Charter Halibut Permit (CHP) and multiple Permits	Record the Charter Halibut Permit (CHP) used for the trip on the logbook page in the space provided. Write the entire CHP as it appears on the permit followed by the letter, i.e., 1234A. If more than one CHP is used during a trip, check the box next to the CHP. Complete a separate page for each CHP used during a trip. Unique trip information for each CHP, along with individual angler and catch information must be recorded for each CHP used. Angler license numbers along with kept and released information should be recorded only ONCE per trip. You MUST record all CHP(s) and CHP Holder names on the front cover of the logbook.	
NOAA Guided Angler Fish (GAF) Requirements	If you have a federal GAF permit in 2023 and are allowing clients to harvest halibut under the authority of your GAF permit, record the GAF permit number used on each logbook page for trips in which GAF halibut were harvested.  If GAF halibut are kept along with non-GAF halibut, record each in its appropriate box.	
Location of Off-Loading	Record the port or community where clients and/or fish were off-loaded at the conclusion of the trip. On a multi-day trip, indicate the community where clients and fish will be off-loaded when the trip is finished. If you offload to a mothership at-sea, please write "Mothership". The location where the mothership is anchored (bay, cove, inlet, etc.) may be included after the word "mothership", but is not required. See special instructions for mothership fishing definition.	
Primary Statistical Area Fished	Report the 5 or 6-digit statistical area where most of the fish were caught or targeted. Record the statistical area for salmon and/or bottomfish, depending on whether the gear and fishing methods were effectively targeting salmon, bottomfish, or both. Only report statistical areas from maps provided with the logbook for this purpose.	
EXAMPLE 1: Only Salmon Targeted	If salmon were targeted, whether any were caught or not, record the statistical area and boat hours fished on the salmon target species line in the trip information section. If bottomfish were caught while targeting salmon only, record the number of bottomfish kept and released in the appropriate columns in the bottomfish portion of the individual angler and catch information section. The statistical area and hours fished should be recorded in the salmon targeted line in the trip information section.	

Trip Information (Continued)

	Special Instructions & Definitions	
Charter Halibut Permit (CHP)	Federal regulations require that if one or more anglers are catching and retaining halibut in IPHC Area 2C or 3A, a valid Charter Halibut Permit (CHP) for the appropriate regulatory area must be on board the vessel at all times. Record the CHP used during a trip on each page. If more than one CHP is used during a trip, check the box next to the CHP. Complete a separate page for each CHP used during a trip. Unique trip information for each CHP, along with individual angler and catch information must be recorded for each CHP used. Angler License numbers along with Kept and Released information should be recorded only ONCE per trip. All CHP and CHP Holder names used during the fishing season MUST appear on the front cover of the logbook. The CHP used during a trip must appear on the individual logbook page.
