

# STATE OF ALASKA

Department of Fish and Game  
Division of Administrative Services

## Cook Inlet Fish Abundance Study

RFP 230000007

Amendment #1

November 8, 2022

**This amendment is being issued to address vendor questions and extend the close date for RFP.**

**RFP 230000007 updated close Date: November 18, 2022 at 2pm, prevailing Alaskan Time.**

**1) Performance Bond:** To our knowledge procuring a performance bond is not a customary action for professional services of this kind, could you please clarify if this is indeed required for this specific RFP?

**Answer:** This is not applicable to this solicitation and Sec. 1.08 referencing the performance bond has been removed from the updated, attached RFP.

**2) Mandatory Reporting:** Ambiguity in the language of SEC 3.09 Mandatory Reporting referring to Goods and non-professional services provided and attachment of the standard contract form goods and professional services- Are these sample contracts and mandatory reporting requirements in regards to this specific RFP or will they be further tailored to match at a later date?

**Answer:** We would like a brief quarterly summary. An update under each task/objective. Simple objective list below with updates in italics. It comes down to three questions

- A. What has been accomplished
- B. What is planned for the next reporting period
- C. Explain any issues or challenge on the project

This could either be answered in text or a table. Examples follow....

Objectives:

1. Conduct kick-off meeting *Complete*
2. Gather fisheries data *Complete for Sportfish, Commercial fish data gather in process*
3. Enter data into database *Planned to begin in next reporting period*

Task/Milestone table with Xs for planned completion would be ideal

	1 <sup>st</sup> Quarter	2 <sup>nd</sup> Quarter	3 <sup>rd</sup>	4 <sup>th</sup>
Conduct kick-off meeting	X			
Gather fisheries data		X		
Enter data into database				X

Sec. 3.09 has been updated in the RFP.
