---

November 2022

#### 1. Why are new fees being proposed?

Under AS 08.01.065, the Division must establish fee levels so that the total amount of fees collected for an occupation approximately equals the actual regulatory costs for the occupation. The Division has reviewed the income and expenses for the occupational licensing program for the Board of Dental Examiners and proposes fee changes that reflect, to the extent possible, the actual costs of the activities related to the program.

#### 2. What are the proposed fees?

The fees proposed will add an application, permit, and renewal permit fees for advanced practice permits for dental hygienists.

### 3. How are the estimated costs determined?

AS 08.01.065 requires *all costs* of regulating the profession to be borne by its licensees. The proposed fees are based on known and anticipated costs.

### 4. What do licensing fees pay for?

The agency must create, publish, and manage licensing application forms and fees, which entail adherence to the state's recordkeeping, security, payment, and refund policies and procedures.

- Requirement of licensees to meet professional fitness standards, which are evaluated by the license examiner and referred to the agency's investigative unit if necessary for further review.
- Enforcement of disciplinary sanctions available to the agency if a licensee violates the state licensing statutes or regulations or an individual practices the profession without a license. Because state law requires all costs of a licensing program to be borne by the licensees of that program (AS 08.01.065), any investigative, attorney, or appeal expenses of the state will be recovered in the licensing fee.

### 5. When will the new fees be effective?

After the public comment deadline, comments received are compiled and given to the Division Director for consideration. The Division Director may adopt the regulation as written/publicly noticed, may amend and adopt them, or choose to take no action, or may withdraw the proposed regulations in part or in its whole. After Department action, the adopted regulations goes to Department of Law (DOL) for final review/approval. DOL either approves or disapproves regulations. Once approved by DOL, it goes to the Lt. Governor for filing. Regulation takes effect on the 30th day after they have been filed by the Lt. Governor.
