RE: ADDENDUM NO. 1 TO REQUEST  
FOR PROPOSALS (RFP) PACKAGE:

25233015

SFHWHY00403; JNU Loop Road- Valley Blvd Intersection Improvements HSIP- Design Services

EMAIL TO: All RFP recipients on record.

The RFP Package is hereby clarified or changed as follows:

1. The proposal due date remains unchanged.
2. Proposer Questions & Answers:

Q1: It appears that DOT wants a PTZ camera at the Floyd Dryden roundabout and wants to monitor ITS systems to the extent possible. This will require a cabinet at Valley Blvd roundabout to link the camera and ITS systems to the internet including local storage of video. Is this a correct understanding? If not, please clarify.

A1: To clarify: DOT would like to retain the existing PTZ camera capabilities at this intersection for its M&O division. This will require a cabinet at Valley Blvd roundabout, a wireless radio linking to the existing Floyd Dryden roundabout repeater, and a PTZ camera. There will not be a link to the internet or local storage of video.

Q2: Under Part C, Section 4 Proposed Project Staff, landscape architecture is not a listed function, however, within the Scope of Work it is listed as an additional service. Will a licensed landscape architect be required on this project?

A2: A licensed landscape architect will not be required on this project.

All other terms and conditions remain the same.

END OF ADDENDUM

We appreciate your participation in this solicitation.

Sincerely,

A handwritten signature in blue ink that reads "Jessica Piukala". The script is cursive and fluid, with the first letter of each word being capitalized and prominent.

Jessica Piukala  
Contracts Officer
