DATE AMENDMENT ISSUED: December 15, 2022

RFP TITLE:

CORRECTIVE MAINTENANCE AND OPERATIONAL SUPPORT: ORACLE UNIVERSAL CONTENT MANAGEMENT (UCM) SYSTEM

This is not a mandatory return Amendment.

This amendment serves to answer offeror questions.

Change 1: Serves to answer offeror questions.

1. What is the relation between this RFP and RFP 2523H026 for Corrective Maintenance and Operational Support eSuites? We understand that both RFPs include maintenance and support of the UCM/eDocs system.
ANSWER: The eSuites RFP does not include the Oracle Unified Content Management (UCM) platform, it focuses on the Coldfusion applications that make up eDocs only.
2. RFP Section 2.01 says the department wishes "to migrate their data to SharePoint Online (SPO) and no longer utilize the UCM platform as their document repository." Is a SharePoint migration in scope of this work (as well as general system maintenance)? And if so, has there been any analysis done on the migration path and what the final tool should be?
ANSWER: This RFP is strictly for corrective maintenance and operational support of the existing UCM platform. A SharePoint migration is not in scope for this RFP.
