The purpose of this Amendment #1 is to:

- **Provide Answers to questions received.**
- **Provide a Modified ITB Attachment #1 Bid Schedule**

Questions and Answers:

Question #1

The firm and as need quantities for the Cordova and Valdez Airports will need to be adjusted, if possible, to match the current capacity for the rear discharge trailer to these locations.

The maximum capacity per load is now 22 tons.

If the Bid schedule could be adjusted to reflect this amount there would be cost saving based on possible LTL shipment to cover the additional quantity.

If the Airport locations, choose to stay with the requested quantities we will adjust our bid according to cover the LTL portion of the requested quantities.

Answer #1

Please see the Modified ITB Attachment #1 Bid Schedule provided with this amendment.
