178	Reauthorize the resident antlerless moose season in Unit 18 Motion made by Jon Lavalley, 2 nd by Lucinda Alexie		
S	6	1	The dissenting vote was because the member misunderstood and felt that it was too early to hunt for cows around Bethel.
188	Reauthorize the current resident tag fee exemptions for brown bear in Units 18, 22, 23 and 26A Motion made by Jon Lavalley, 2 nd by Robert Lekander		
S	7	0	Unanimous

<u>87</u>	Define eel stick. -Motion made by Jon LaValle, 2 nd by Robert Lekander		
S	7	0	People use them on the Kuskokwim
<u>90</u>	Create a Tier II subsistence king salmon fishery in the Kuskokwim River.		
O	0	7	Feel this would not be effective during federal special actions and we worry about the longevity of the tier II
<u>91</u>	Modify Kuskokwim Area lawful gear and gear specifications and operation to provide greater opportunity to harvest salmon other than king salmon, during times of salmon conservation.		
S	7	0	This would allow for greater harvest during times of conservation
<u>92</u>	Increase subsistence opportunity before, during, and after commercial fishing periods set by emergency order.		
S	7	0	This would allow greater flexibility and would help to align regulations with the rest of the area.
<u>93</u>	Close the Buckstock River between June 14 and September 1 to all fishing. Motion made by Mike Glore, 2 nd by Robert Lekander		
O	0	7	Opposed because it's anti jet-boating restrictions, and we do not want to further limit subsistence.
<u>94</u>	Close sport fishing for chum salmon to nonresidents in the Kanektok River from June 1 to July 15.		
O	0	7	It is already mostly catch and release on the Kanektok. There is minimal harvest and do not feel the need to add extra regulation.
<u>95</u>	When a federal special action or emergency special action is in effect under ANILCA Title VIII the Alaska Department of Fish and Game would not provide set gillnet fishing periods prior to June 12 when the projected escapement is within the drainagewide escapement goal range.		
NA			
<u>96</u>	When a federal special action or emergency special action is in effect under ANILCA Title VIII the Alaska Department of Fish and Game would not provide directed king salmon fishing periods after June 11 when the projected escapement is within the drainagewide escapement goal range.		
NA			
<u>97</u>	Establish times when a commercial gillnet permit holder in Kuskokwim Area may use dip net and beach seine gear to commercially harvest salmon and standardize Kuskokwim Area dipnet lawful gear specifications and operation. Motion made by Jon Lavalle, 2 nd by Mike Glore		
S	7	0	To align regulations with Yukon

Alaska Board of Fisheries: Alaska Peninsula/Aleutian Island/Chignik

<u>133-142</u>	A motion was made to support any of these proposals that will help salmon get past the intercept fishery. Motion was made by Alissa Rogers, 2nd by Lucinda Alexie		
S	7	0	We want to help the chum salmon return to the area but don't know enough about the area or the fishery to comment on any one proposal.
	Mike Riley asked if any of the dates that had been proposed account for the fur seal gestation period. The did not feel that there was much of an impact on King salmon, but the worry is for chum salmon. Robert Lekander talked about Proposals 133-142 as a whole and how some adjust fishing times, some address how much fish caught. He believes that there is technology and ways to track and document the fish. He wonders why they are saving all the fish and not fishing here, when fishermen down there are just going to catch them. It is supposed to be subsistence first.

<u>165</u>	Prohibit compensation for guide services in subsistence fisheries. Motion made by Alissa, 2 nd by		
0	0	7	This would be a good opportunity for an enterprising person to take out subsistence. This would be adding more regulations that are not needed
