

IMPACT OF **AREA M CHUM INTERCEPTION** ON WESTERN ALASKA SUBSISTENCE COMMUNITIES

1

The June **AREA M** intercept fishery targets chum and sockeye as they pass from the Gulf of Alaska to the Bering Sea.

UNRESTRICTED HARVEST

ADF&G and current BOF regulations allowed AREA M fishers to harvest over **314,000** Western Alaska chum salmon during 2021 - 2022

2

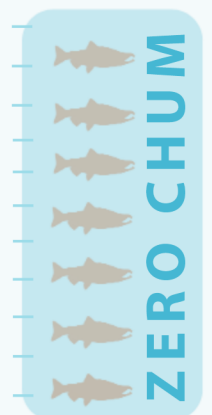

AREA M

Coastal Western Alaska (CWAK) chum salmon harvested in Area M in 2021-2022

YUKON & KUSKOKWIM

- Harvest severely restricted
- Failure to meet escapement goals
- Subsistence needs not met
