SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Transportation and Public Facility's (DOT&PF), Division of Administrative Services, is soliciting bids for a contractor to provide project management, consulting, sampling, and analytical services to the Alaska Marine Highway System (AMHS) to satisfy the requirement of the AMHS Quality Assurance Project Plan (QAPP) dated September 2022 under Alaska Statute (AS) 46.03.460 through AS 46.03.490, and 18 AAC 69.025 (See Attachment #One).

SEC. 1.02 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than 2:00 P.M. Alaska Time on March 21, 2023, at which time they will be publicly opened. Late bids or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.03 PRIOR EXPERIENCE

In order for a bid to be considered responsive the bidder must meet these minimum prior experience requirements:

Bidders must provide evidence with their bid that they have three years of experience in working as a Contractor with the environmental agencies and the United States Coast Guard (USCG) in planning and performing a Commercial Passenger Vessel environmental sampling program.

Acceptable evidence of the experience can be a laboratory certificate and a copy of any contract for this service from the Alaska Department of Environmental Conservation (ADEC). The Procurement Officer will check with the ADEC to determine how long the Contractor has been certified to provide this service.

Documentation is also required to show evidence that the Contractor's staff that will perform the tests required of the Contract have the experience and knowledge to provide the management and services required by this Contract.

A bidder's failure to meet these minimum prior experience requirements will cause their bid to be considered non-responsive and rejected.

SEC. 1.04 INVITATION TO BID (ITB) REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the bid opening date. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.05 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

SEC. 1.06 SUBMITTING BIDS

Bidders must submit one hard copy of their bid, in writing, to the procurement officer in a sealed package. The sealed bid package must be addressed as follows:

Department of Transportation and Public Facilities
Division of Administrative Services

If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy bid, if you are emailing your bid, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bid.

It is the bidder's responsibility to contact the issuing agency at 907-465-8949 to confirm that the bid has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 PRICES

The bidder shall state prices in the units of issue on this ITB. Prices quoted in bids must be exclusive of federal, state, and local taxes. If the bidder believes that certain taxes are payable by the state, the bidder may list such taxes separately, directly below the bid price for the affected item.

If, for any reason, the lowest contractor is not available to perform the needed service, the state will contact the next lowest priced contractor for that location. This process will continue until a contractor who can perform the service is located. The location of the contractor initially contacted will be determined by the starting location of the call-out. For instance, if a there was a need to transport a person from Anchorage to Fairbanks and then guard the person for two days in Fairbanks, the agency would contact Anchorage contractors, even though a substantial portion of the actual service would be performed in Fairbanks.

A copy of the Notice of Intent will be mailed to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the procurement officer.
