Important Note to Bidders: Bidders are required to acknowledge receipt of this addendum on the quote submittal form. It is the bidder's responsibility to review and accept all addenda to this solicitation. If you do not acknowledge receipt of this addendum your quote may be considered non-responsive.

This addendum is being issued to recognize changes and/or answer questions to the Invitation to Bid (ITB). Only the ITB terms and conditions referenced in this addendum are being changed. All other terms and conditions of the ITB remain the same.

Corrections to the ITB

<u>Correction 1:</u> Per section 100.06 a Bid Bond (Form 25D-14) is required. See the attached Bid Bond (Form 25D-14).

Correction 2: Recognize the Insurance requirements outlined below:

INDEMNITY AND INSURANCE - The following insurance is required for all construction contracts:

Article 1. Indemnification

The Contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the Contractor under this agreement. The Contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the Contractor and the independent negligence of the Contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Contracting agency's selection, administration, monitoring, or controlling of the Contractor and in approving or accepting the Contractor's work.

Article 2. Insurance

Without limiting Contractor's indemnification, it is agreed that Contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the Contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits. Certificates of Insurance must be furnished to the Contracting Officer prior to beginning work and must provide for a notice of cancellation, nonrenewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the Contractor's services. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under AS 21.
