**\*2. What is the issue you would like the board to address and why?**

Extend Marten trapping Season by 15 days to align with the closure of Lynx trapping regulations in 20E and 25B.

This will also align state and federal regulations to allow marten trapping until March 15.

With Climate change and the prolonged length of spring, Marten are staying prime longer.

This will allow a small number of local trappers the opportunity to keep Marten traps operational until lynx season closes and allow potential for modest income increase opportunity.

**\*3. What solution do you recommend? In other words, if the board adopted your solution, what would the new regulation say? (Please provide draft regulatory language, if possible.)**

Amend 5 AAC 84.270 (6) as follows:
