The following are vendor questions and the department's response:

1. Vendor: On page 30 of the spec sheet, in item 3.5, Production testing, the last item, which I have on the attached. Do you have the drawing "Core pipe/insulation bond test setup"?

Department: The Department is unable to locate the "core pipe/insulation bond test setup" drawing. The following language that is struck through is deleted from ITB attachment # 2 Technical Specifications for Insulated Pipe and Fittings, Part 3 Execution, 3.5 Production Testing and Inspection, # 2. Laboratory testing, 1) Core pipe/insulation bond: ~~e) Testing shall be conducted as indicated on the attached drawing labeled "Core pipe/insulation bond test setup."~~
