- Response 1: Per Amendment 1 to this RFP, we have changed to allow subcontractors.
- Question 2: What role does CCPO envision playing in outreach to child care programs to encourage participation in the study? How have CCPO and its partners engaged Alaska child care programs in previous research?
- Response 2: Department of Health would send out a broadcast email notification to child care providers and partners informing them about the study and who will be conducting the study, also include any links to surveys and such in our broadcast. Department of Health will also post the broadcast information on our website and our CCR&R thread will post the information on their website.
