Questions and Answer are as follows:

Q- What do you see as the scope of the final work product for each risk assessment and management plan? Would each be a brief summary of records, presentation of scores for the risk measures, and a presentation of case management recommendations? Or would each be a comprehensive risk assessment?

A- Each would be a very comprehensive risk assessment with recommendations and clinical rationale for those recommendations.

Q- Is the requirement for commercial auto insurance for Alaska residents only? As a psychologist living in Washington State, I would rent a vehicle when in Alaska and my personal auto as well as my personal umbrella insurance would cover a rental vehicle. For out of state providers, do you still need proof of commercial vehicle insurance?

A- If you are not going to be coming to Alaska to perform service, then No. However, if performing service within the State of Alaska the answer is YES.

END OF CHANGES FOR AMENDMENT #1
