Questions and answers

Question #1:

I have reached out to our carrier, and they confirmed they do not plan to send any ISO containers to provide bulk material. This is due to the ISO containers not being able to be offloaded and returned on the same barge.

The only option would be to put the material in 275 gallon totes.

This would impact the following location:

Bethel	375,500#	(35,165 gallons or 138 x 275 gallon totes)
Dillingham	149,100#	(14,000 gallons or 51 x 275 gallon totes)
King Salmon	53,250#	(5000 gallons or 18 x 275 gallon totes)

Also due to the current rail embargo issued by the Alaska Railroad it may be difficult to mobilize the entire required amount in Anchorage in bulk by October 31, 2023.

Let me know if I can provide any additional details. Other bidders may have other options that may be able to provide bulk.

This just represents our current options in order to submit a bid.

Answer #1:

The contractor must have the entire firm order quantity located in the Anchorage Municipality no later than October 31, 2023. Please see the Amended Bid Schedule provided with this Amendment #1.

End of questions and answers.
