**Re: Letter of Non-Objection for Teck American Incorporated's Reclamation Plan Amendment –
Construction Laydown Pad**

Dear Mr. Groom,

This letter provides notice of non-objection to Teck American Incorporated's amended Reclamation Plan for Phase I of the Aktigiurq and Anarraaq Exploration Program as pertains to the use of NANA's land for the activities proposed in the amended Reclamation Plan.

The undersigned is a duly authorized representative of NANA Regional Corporation, Inc., and Alaska Native Corporation with land holdings on which a portion of this Plan and activities applies. We acknowledge to have reviewed the content of the Reclamation Plan amendment and we hereby communicate our non-objection to the activities described in this amendment. By communicating our non-objection, it is implied that:

- A) NANA has no objection to the amendment of the Reclamation Plan for Phase I of the project;
- B) The Plan is in conformity with NANA's agreement in principle as pertains to all activities, as originally proposed and as amended, for an exploration access road to the Aktigiurq and Anarraaq exploration area across NANA lands; and
- C) The proposed activities and safeguards provided in the Reclamation Plan as pertains to NANA's lands are in conformity with relevant NANA land use policies.

Sincerely,

Lance Miller
VP Natural Resources
