Section 1.05 Prior Experience

In order for offers to be considered responsive, offerors must submit written evidence with their proposal that demonstrate the following minimum qualifications and experience:

- Offeror must have a minimum 5 years' experience assisting State Department of Transportation (DOT) agencies with conforming to federal requirements related to Planning, programming, data collection, data management or closely related programs.
- Offeror must submit a summary of each, pertinent web links (if available) and contact information for a State DOT reference.
- Offerors must have a minimum of 5 years' experience using Esri products to successfully complete transportation projects. Direct experience with Esri's Roads and Highways is not required but it is preferred.
- Offerors proposed Project Manager must have a minimum 3 years' experience

These minimum prior experience requirements will be demonstrated by submission of proposed Project Manager's resume and Attachment #3 Demonstration of Required Minimum Prior Experience Form with their proposal.
