**RE: Project Name:** BAAF – BASH Tree Clearing and Soil Stabilization  
**Project Number:** 02A7023052  
**Project Location(s):** Bryant Army Airfield, Joint Base Elmendorf-Richardson, Alaska

**Addendum # Two (2)**

This addendum forms a part of the contract documents and modifies the original drawings and/or specifications for the subject work. In case of conflicts between this addendum and previously issued documents, this addendum shall take precedence.

The following administrative changes have been made to this ITB:

1. This addendum is being issued to provide the Bid Bond form to this solicitation.

Questions and Answers:

1. It states in the General Requirements that the stumps are to be removed and hauled to a nearby site. Are we allowed to mulch the stumps on site?
  - A. Stumps will be removed to help prevent smaller animals from inhabiting these areas. Mulching should only occur when trees/stumps are found to have any form of infestation, including but not limited to; spruce beetle infestation.
2. Where is the staging area where the limbed trees are to be delivered? How far away from the site is that location?
  - A. This will be determined before work is to be performed. The wood lots tend to change every year, so direction from the project manager will be made before work performance.
3. Is a Bid Bond needed for this project?

A. Yes, a Bid Bond is required. Please see the attached Bid Bond form.

4. What is the Bid Cover Sheet?

A. The Bid Cover Sheet is the first page of the ITB, which contains the project name, number, as well as the information regarding deadlines.

5. Can you expand on the “Bidders Acknowledgement and Certification”? I can’t find info on what’s required for Acknowledgement and Certification.

A. Please disregard submission for Bidders Acknowledgement Certification found under page 3 of the ITB, Required Documents 1. (e). as this document is not required for this solicitation.

Please contact me if you have any questions.

Sincerely
