### The DD Shared Vision

Alaskans share a Vision of a flexible system in which each person directs their own supports, based on their strengths and abilities, toward a meaningful life in their home, their job, and their community.

Our Vision includes supported families, professional staff, and services available throughout the state now and into the future.

Members of the public are free to comment on any pertinent topic, but we are particularly interested in hearing from the public about recently proposed amendments to home and community-based waiver services, and their potential impact on you or your family's lives.
