

**STATE OF ALASKA RFP NUMBER 2024-0300-0069**  
**AMENDMENT NUMBER FOUR**  
**AMENDMENT ISSUING OFFICE:**

Department of Law  
Criminal Division  
P.O. Box 110300  
Juneau, Alaska 99811-0300

**THIS IS NOT AN ORDER**

**DATE AMENDMENT ISSUED: October 9, 2023**

**RFP TITLE:**  
**ROBOTIC AUTOMATION PROGRAM (RAP)**

**This is not a mandatory return Amendment.**

*This amendment serves to revise the State's answer to an offerors question and answers offerors questions. Please thoroughly review all changes.*

**Change 1:** The State is providing clarification. The State was made aware that we do have an RPA platform through Azure AI.

**Change 2:** Serves to revise the State's answer to question 37 from Amendment #2.

**37. SEC. 3.02 Deliverables**

Item 7 - Plan and pilot a new platform for RPA services. The platform must:

- specifically address the categories identified by the Division in this proposal;
- service the Division on a 24/7/365 basis;
- have capacity to allow for basic-to-advanced modifications as needs arise
- be cost effective
- be scalable
- substantially assist with the Division's clerical and staffing needs

**Questions:**

- Can you please clarify what is meant by "Plan and pilot a new platform for RPA services"?
  - This relates to my previous question on Item #6. Assess and purchase supply and type of "bot" licenses as a pass-thru expenditure. "Do you already have or plan to purchase an RPA platform? If so, which one?"

**ANSWER:** The State does have an RPA through Azure AI. It's not necessary for the vendor to create a "new" platform if an existing platform is suitable for use and fits the criteria consistent with the SOA security guidelines.

**Change 4:** Serves to answer offerors questions.

1. Is the existing Azure AI Platform what is expected to be developed on (e.g., automations needs to be built on the Azure AI platform)?

**ANSWER: No.**

2. Would the State be open to using a RPA software such as UiPath?

**ANSWER: Yes.**

**State Signature**
