

DEPARTMENT OF NATURAL RESOURCES Division of Mining, Land and Water

Northern Region Land Office, Fairbanks (907) 451-2740 Southcentral Region Land Office, Anchorage (907) 269-8503 Southeast Region Land Office, Juneau (907) 465-3400

The Department of Natural Resources, Division of Mining, Land and Water's (DMLW) regional land offices are responsible for managing state land and resources. Certain activities on state land require a land use permit, while other activities are considered "generally allowed" or require other authorizations. Commercial recreation facilities that remain no longer than 14 days in any one site may obtain a commercial recreation permit rather than a land use permit. Additional information and forms are available online or at any Division of Mining, Land and Water regional land office and the Public Information Centers in Anchorage and Fairbanks. The following text describes information that is required to be filled out by applicants for your application to be considered complete.

Land Use Permits:

- Authorize the temporary use of state land or resources;
- can be issued for up to five years;
- do not convey any interest in state land;
- are revocable with or without cause;
- are not transferable; and
- do not constitute waiver of any other state, federal, or local laws.

Complete Land Use Permit Application Packages include the following documents:

- A Land Use Permit application form completed and signed by the applicant;
- A completed Supplemental Questionnaire for Use of State-Owned Uplands if the use or activity includes use of state-owned uplands - including a Site Development Diagram;
- A completed Supplemental Questionnaire for Off-Road Travel if the use or activity includes travel by or with means that exceed those that are generally allowed; and/or
- A completed Supplemental Questionnaire for Use of State-Owned Waters (Shorelands, Tidelands, and Submerged Lands) if the use or activity includes uses on tide and submerged lands below the mean high tide line in marine environments or uses on state-owned shorelands below the ordinary high-water line in freshwater environments - including a Site Development Diagram.
- A Site Development Diagram showing each item labeled so that it corresponds with your description in the Questionnaire. The Site Development Diagram must include:
 - Location Section, Township, and Range lines; North arrow; scale; title; and include a legend (these items may be attached if necessary).
 - Boundaries Boundaries and dimensions of proposed area of use and their relation to geographic features, including water bodies, and existing trails or rights-of-way.
 - Structures and Storage Location and dimensions of buildings, tent platforms, out-buildings and other improvements, and of equipment parking and storage areas, including snow storage areas.
 - Hazardous substances Location and dimensions of storage facilities for hazardous substances, including but not limited to oil, lubricants, fuel oil, gasoline, solvents, and diesel fuel. Include method and dimensions of storage (tank, drum, etc.).

Other items that must accompany the application package include:

- Map a topographic map or aerial photo of sufficient scale to show the location of the proposed activity.
- Filing Fees A non-refundable filing fee required by regulation (11 AAC 05.010(5)(B)). See the current Director's Fee Order for applicable fees. Make checks payable to the "State of Alaska".
- Other Miscellaneous Items: Items specifically identified and required in any of the supplemental questionnaires.

Completed Land Use Permit Applications must be submitted electronically to an email address below or mailed to one of the following offices closest to the proposed use or activity on state lands:

Northern Region Land Office 3700 Airport Way Fairbanks, AK 99709-4699 (907) 451-2740 nro.lands@alaska.gov Southcentral Region Land Office 550 West 7th Ave, Suite 900C Anchorage, AK 99501-3577 (907) 269-8503 dnr.scro.permitting@alaska.gov Southeast Region Land Office P. O. Box 111020 Juneau, AK 99811-1020 (907) 465-3400 sero@alaska.gov

Statewide TTY – 771 for Alaska Relay or 1-800-770-8973

Prior to issuance of a permit, an applicant is required to submit one or more of the following:

- Use Fees The use fee depends on the type of activity, length of use and the acreage authorized for use.
 See the current Director's Fee Order or contact your regional office for applicable fees.
- Performance Guaranty (Bond) A performance guaranty is held by the state to incentivize performance and to pay for corrective action if the use of state land fails to comply with the requirements of the permit. Acceptable types of performance guaranties include:
 - cash or check made out to the State of Alaska;
 - a Certificate of Deposit (CD) in the state's name; or
 - a corporate surety bond.
- Insurance Proof of insurance to protect you and the state from liabilities incurred through the use of state land.
- Survey and Location Surveys are generally not required for land use permits. Many authorizations
 require a Global Positioning System (GPS) to determine the location of the project. If we determine a
 survey is required, we will contact you.

ONLY COMPLETE APPLICATIONS WILL BE ACCEPTED

STATE OF ALASKA DEPARTMENT OF NATURAL RESOURCES Division of Mining, Land and Water

LAND USE PERMIT APPLICATION

AS 38.05.850

Applicants must complete all sections of this application. In addition, applicants proposing:

- the use of the uplands must also complete the Supplemental Questionnaire for Use of State-Owned Uplands accompanying this application;
- off-road travel must also complete the Supplemental Questionnaire for Off-Road Travel accompanying this
 application; and/or
- the use of shorelands, tidelands, and submerged lands must also complete the Supplemental Questionnaire for Use
 of State-Owned Waters accompanying this application.

Other items that must accompany the completed application are:

- <u>a (non-refundable) application fee</u>; see current Director's Fee Order or contact your regional office for applicable fees;
- a topographic map or aerial photo showing the location of the proposed activity;
- additional items identified and required in any supplemental questionnaire(s) to this application; and
- additional pages if more space is necessary to answer the questions completely.

Completed Land Use Permit Applications should be submitted electronically or mailed to one of the following offices:

LAS #: ADL 419494 Land Use Permit Application Form 102-1084A (Rev.9/21)

| Project Description: Describe in detail your intended use of state land. (State land also includes all tide and submerged lands beneath coastal waters and all shorelands beneath other navigable waterbodies of the state.) Discuss development and activities. (Attach additional pages as necessary.) |
|---|
| Proposed use of this gravel pit includes staging, transloading equipment and materials for the Polychrome Pass Bridge project in Denali Park. Granite also intends to locate a mobile field office in the pit. |
| |
| |
| |
| |
| |
| |
| |
| |
| |
| Should a portion of the permitted area be closed to the general public? Yes $\ lacktriangledown$ No $\ \Box$. |
| If yes, explain which portion and provide justification for exclusive use. |
| Granite will be actively parking, spotting, unloading and loading trailers with materials and equipment 7 days per week. Allowing public access and use of the area would pose a significant safety and security risk. |
| |
| |
| |
| |
| |
| |
| Site Description: Briefly describe the current condition of the proposed site of use, noting any trash, garbage, debris or signs of possible site contamination. (If significant, we recommend you provide pictures to establish initial conditions.) Current condition of the gravel pit is a flat or gently sloping gravel floor. There appear to be brush piles on along the |
| north boundary of the site which will not interfere with Granite's operation. |

LAND USE PERMIT APPLICATION SUPPLEMENTAL QUESTIONNAIRE FOR: Use of State-Owned Uplands

To be completed to provide more detailed information about projects or activities requiring the use of state-owned uplands. All site development details identified in this section must be represented graphically in the scaled drawings on Page 6 of the supplement.

Temporary Structures

- 1) Describe all temporary improvements (including buildings, tent platforms, out-buildings, docks, floats, and floating facilities), including dimensions and building materials. 2) Label improvements to be maintained on a year round basis as year round. Note: Seasonal improvements must be completely dismantled and removed or stored on or before the end of authorized terms of use.
- 1 ea, temporary mobile office trailer, size 10ft x 40ft x 12ft.
- 4 ea, port-a-johns.

Distance structures including pit privies will be located from the ordinary highwater mark of the nearest freshwater body (lake, stream, river, etc.), or the mean high water mark of a saltwater body: 900 FT

Harvest of Non-Timber Related Forest Products

Please list the type and quantity of each non-timber related forest product (berries, ferns, willow, mushrooms, birch bark, etc.) to be harvested for commercial use:

N/A

Contact the DNR Division of Forestry to obtain authorizations for the harvest of small trees.

Motorized Equipment

List mechanized/motorized equipment to be used, including type, size, purpose, and number of each.

Unload and load materials: 1 ea - CAT 980 loader, 1 ea - CAT 988 loader, 1 ea - CAT TL 1255 telehandler, 1 ea - CAT 299 skidsteer loader.

Transport equipment and materials: 3 ea - Kenworth T-880 highway tractors or similar.

| For stream and waterbody cros | sings, note who you contacted in the ADF&G, Division of Habitat: |
|-------------------------------|--|
| Date: N/A | Person: N/A |
| | |

Storage and Parking

| f you plan to store items or park boats, vehicles and/or heavy equipment on the site, complete the following: | |
|--|--|
| Describe and give dimensions of long term and short-term parking and or storage areas: | |
| Mobile office trailer: L40FT x W10FT x H13FT - parked for the duration of the use period. CAT 980 loader: L37FT x W12.5FT x H14FT - parked during off hours. CAT 988 loader: L40FT x W 12.5FT x H14FT - parked during off hours. CAT 299 skidsteer: L12FT x W8FT x H7FT - parked during off hours. CAT TL 1255 telehandler: L15FT x W8FT x H7FT - parked during off hours. | |
| Is parking and storage planned to take place on filled tidelands? Yes No | |
| Does storage involve structures or materials floating in a waterbody? Yes $\ \square$ No $\ lacksquare$ | |
| If yes, please complete the Supplemental Questionnaire for the Use of State-Owned Waters (Shorelands, Tidelands & Submerged Lands). | |
| Number of disassembled tent frames Number of tent platforms | |
| List and describe items that are large and difficult to transport. Include dimensions: N/A | |
| Will barrel(s) or an equivalent type of container be used? Yes □ No ■ | |
| f using something other than barrels for storage containers, describe the alternative container. | |
| Materials will be palletized or in connex containers while on site. | |
| Describe any measures you plan to take to minimize drips or spills from leaking vehicles or equipment. Duck ponds will be placed under parked equipment. | |
| | |

| Water / Wastewater |
|--|
| Water Supply: Describe the water supply and proposed use. Significant water use is not anticipated. |
| Wastewater: Describe the wastewater type and quantity and proposed method of wastewater disposal: (for the marine environment, also describe the proposed gray and black water systems or out fall pipeline. Wastewater from port-a-johns will be removed by commercial pump truck. |
| Waste: Describe the types of waste that will be generated on-site, including solid waste, the source of the waste, and the method of waste disposal, i.e. pit privy, or self-contained system, or outfall line; indicate distance from the nearest waterbody. Waste from port-a-johns will be removed by commercial pump truck. |
| Animal Use |
| Will there be any use of animals (horses, Ilamas, dogs, etc.)? Yes □ No ■ |
| Will there be commercial use of the animals (horseback rides, packing, dog sled rides, etc.)? Yes 🗆 No 🗉 |
| If yes, please explain: |

| Dismantle, Removal, Restoration Plan |
|--|
| Provide a plan for dismantling and removing temporary structures. Include method and timeline for total site restoration: |
| Since this is intended to be a staging area, all materials and equipment will be mobile or easily transported. All materials, equipment and mobile office will be removed from the site prior to the end of the period of use. Grading activities are not anticipated so site restoration will not be necessary. |
