PROPOSAL FORMAT

Written proposals to provide the required services shall consist of the enclosed "Part B - Proposal Form", completed as indicated, plus a **letter not to exceed five (8.5" x 11") pages**. If a Price Estimate

is required, the page limit does not include the Price Estimate. Proposals that exceed the page limit may be disqualified. Proposals may be sent by fax or electronically as indicated on page 2, or hand delivered to the Contracting Agency.

PRICE AND METHOD OF PAYMENT

- A Price Estimate is NOT required with your proposal.** The selected Offeror shall submit a Price Estimate within **one** business day following a request from the Contracting Agency.
- A Price Estimate is required with your proposal.**

A Price Estimate shall include all tasks to perform the contract and be prepared in the format shown below. Note that a Price Estimate is not a bid. It is a negotiable offer. A Fixed Price contract is desirable; however, a Cost Reimbursement contract may result if a Fixed Price cannot be negotiated.

PRICE ESTIMATE FORMAT (if required per above)						
1. *	Direct Costs of Direct Labor (DCDL). Provide a table with the following columns (Names required only for key staff and persons "in-responsible-charge"):					
	<u>Job Classification</u>	<u>Name</u>	<u>Total Hours</u>	<u>Rate (\$/hr) *</u>	<u>Estimated Cost (\$)</u>	Total DCDL \$ _____
2. *	Indirect Costs (IDC).			IDC Rate: _____%		Total IDC \$ _____
3.	Subcontracts. List each, the amount for each and attach an estimate in this format for each.					Total Subcontracts \$ _____
4.	Expenses. (Equipment, transportation, food and lodging, reproduction, etc. - if not included in Indirect Costs.) Amounts shall be based on actual cost to the Offeror, without any profit or other markup. Provide a table with the following columns:					
	<u>Item</u>	<u>Quantity</u>	<u>Cost (\$/Unit)</u>	<u>Estimated Cost (\$)</u>		Total Expenses \$ _____
5. *	Total Estimated Cost. Sum of DCDL + IDC + Subcontracts + Expenses.					Total Cost \$ _____
6. *	Proposed Fee. List a proposed amount (not a percentage) for profit.					Fee \$ _____
7.	Total Estimated Price. Sum of Total Estimated Cost plus Proposed Fee.					Total Price \$ _____
* Sole proprietorships and small firms that do not maintain an accounting system that separately identifies costs for "payroll" benefits and overhead, for routine allocation of such costs to jobs, may omit items 2, 5, & 6 if the Rates (\$/hr) in Item 1 are proposed as Billing Rates (DCDL + IDC + FEE). Firms that routinely allocate Indirect Costs to projects may not use Billing Rates for this estimate.						

SUBMITTAL DEADLINE AND LOCATION	
DATE: January 15, 2024	PREVAILING TIME: 2:00 PM FAX OR EMAIL: (907) 269-8917 katie.winter@alaska.gov
Hand deliver proposal directly to following location, and person, if named; or email to address above: Katie Winter, P.E. at 550 W. 7 th Avenue, Suite 1340; Anchorage, AK 99501	
Late proposals will not be considered. Offerors are responsible to assure timely delivery and receipt and are encouraged to respond at least four business hours prior to the above deadline. Any addendum issued less than 24 hours prior to a Deadline will extend that Deadline by a minimum of an additional 24 hours. The Contracting Agency shall not be responsible for any communication equipment failures or congestion and will not extend the deadline for any proposals not received in their entirety prior to the deadline. Except for hand delivered proposals, confirmation of receipt by telephone or other means four hours or less prior to deadline will not be provided. (An out-of-town/state Offeror may also electronically transmit their proposal to a local personal representative who may reproduce a copy of it and deliver it "in person" to the submittal location prior to the deadline.)	

BASIS OF SELECTION

This solicitation does not guarantee that a contract will be awarded. All proposals may be summarily rejected. Our intent, however, is to select a Contractor based on the following criteria:

- | | |
|--|---|
| 1) Demonstrated comprehension of required services and proposed strategy for performance. | 3) Reasonableness of proposed schedule for performance. |
| 2) Relevant experience and credentials of proposed personnel including any subcontractors. | 4) Price Estimate (if required with proposal). |
| | 5) Other (specify): N/A |

Proposals will be evaluated per Chapter 2 of the DOT&PF PSA Manual.

ARTICLE B3 CODES, REGULATIONS, STANDARDS, AND PROCEDURES

B3.1 General. All studies, reports, and design services shall be performed in accordance with applicable codes, regulations, standards, professional practice procedures, and commonly recognized construction methods. The Contractor shall consider the geographical location of the project as well as other environmental and site-specific constraints when performing services for this project.

B3.2 Units of Measurement. Standard U.S. units of measurements shall be used throughout development of the project.

ARTICLE B4 ADMINISTRATIVE REQUIREMENTS

B4.1 General. The Contractor shall provide services as identified and authorized by sequentially numbered Notices-to-Proceed. The Contractor shall not perform services or incur billable expense except as authorized by an NTP.

B4.2 Project Staff. All services must be performed by or under the direct supervision of the following individuals:

<u>Name</u>	<u>Project Responsibilities</u>
	[TBD]

Replacement of, or addition to, the Project Staff named above shall be accomplished only by prior written approval from the Contracting Agency.

B4.3 Professional Registration. All reports, plans, specification, estimates and similar work products provided by the Contractor shall be prepared by or under the supervision of the Registered Alaskan Engineer or Land Surveyor in responsible charge for the services. These Engineers or Land Surveyors shall be currently registered in the State of Alaska and they shall sign, seal and certify as to the accuracy of each final work product for which they are responsible.

B4.4 Billing Reports. The Contractor shall provide a two-page (typical) report with each monthly billing for months in which services are performed. The report shall specifically describe the services and other items **for which the billing is submitted** and shall estimate the percentage the services are complete. Any delayed costs from previous billing periods that are included in the current billing must be clearly explained in the report.

B4.5 Correspondence. All correspondence prepared by the Contractor shall bear the Contracting Agency's assigned Project name and number.

B4.6 Documents and Reports shall be printed with solid black letters that are double spaced on white, 8.5-inch x 11-inch bond or "Xerox Copy" paper. Other size paper may be used for illustrations if they are folded to 8.5-inch x 11-inch size. Original documents and reports shall be printed on one side of the paper only and shall be ready for copying. Documents and reports shall have no black and white photographs, color photographs, or multicolored graphics except as specifically approved by the Contracting Agency. Original, camera ready, copies of final documents and reports shall be submitted to the Contracting Agency for a check before printing.

B.4.6.1 Copies. When the Contract calls for multiple copies of documents or reports, the copies shall be printed on both sides of the paper. However, the cover and pages with approved illustrations, multicolored graphics, or photographs shall be printed on one side of

the page only. All copies - except for originals - shall be bound.

B4.6.2 Page Numbers. All documents shall be page numbered to allow every major Section, Chapter, Appendix, etc., to begin on a "right hand," odd numbered page.

B4.6.3 Covers. The cover of all documents and reports shall include the following information:

- a. Name of document or report.
- b. Date.
- c. Indicate whether draft or final.
- d. Project Name.
- e. State Project Number.
- f. Prepared for: Alaska Department of Natural Resources, Division of Parks and Outdoor Recreation.
- g. Prepared by: [COMPANY NAME AND ADDRESS]
- h. Map and/or picture of project area.

B4.7 Contractor Name on Plan Sheets and Documents. No Contractor logos shall be allowed on any electronic or hard copy document produced for the Contracting Agency. The Contractor company name shall be included in the box above or below the engineer's seal on each plan sheet. Documents produced for the Contracting Agency shall include the Contractor's company name at the bottom right of the first page, cover sheet or title sheet only. Contractor letterhead shall be allowed only as exhibits in document appendices. The Contractor name shall be in the same font as other lettering on the plan sheet or document, shall be 1/16" or less in height on 11"x17" plan sheets, and shall be in the following format:

PLANS DEVELOPED BY:
[COMPANY NAME AND ADDRESS]

B4.8 Plans. Plans shall be submitted on title block provided by the Department. All submittals shall be half size, on 11"x17" plan sheets.

B4.8.1 Drafting. All drawings shall be submitted in Autocad, format using the e-transmit feature to capture all peripheral files into one zip file. AutoCAD version shall be the current release or as designated by the Contract Manager. All submissions shall include the Autocad drawing files on thumb drives or external hard drive. An industry standard layering scheme shall be used.

B4.9 Borehole Logs. Final logs from the subsurface investigation shall be 8.5" x 11", prepared using software capable of producing logs that are professional looking, consistent in scale, and graphically depict the different soil types encountered. The software shall be compatible with Autocad for exporting scaled graphic soil profiles. Final log format and appearance shall be approved by the Contract Manager.

B4.9.1 Copies of the Specifications shall be printed on both sides of the paper and shall be bound with a comb binder. Copies of the estimates shall be single sided. For Reviews, copies of estimates shall be included as the first item behind the cover of the Specifications.

B4.9.2 All Specifications shall also be submitted on thumb drives as document files for Microsoft Word current edition or compatible software written for IBM compatible personal computers.

B4.10 Revisions. The Contractor shall modify work products in response to direction from the Contracting Agency. Corrections, adjustments, or modifications necessitated by the review/approval process, but which do not substantially affect the scope, complexity, or character of the services, shall be considered a normal part of the Contractor's services.

B4.10.1 Errors and Omissions. Except as described in this Statement of Services, work products shall be essentially complete when submitted to the Contracting Agency. Work products having significant errors or omissions will not be accepted until such problems are corrected.

B4.10.2 Review Meetings. Following each review the Contracting Agency will provide written comments and may hold a meeting to discuss the issues. The Contractor's personnel who are in-responsible-charge for the work products under review shall attend the meeting and may be asked to interpret and provide explanations of the content.

B4.10.3 Comment Resolution. The Contractor shall provide a written response with subsequent submittals that address all written and oral comments from the Contracting Agency. All changes from previous submittals shall be clearly explained.

B4.11 Reproduction and Distribution. When the contract requires only the original or only one copy of a work product to be delivered, the Contracting Agency will reproduce and distribute any other copies required. Items delivered for reproduction shall be organized and camera ready for copying and not stapled or otherwise bound.

ARTICLE B5 **PROJECT DESCRIPTION AND LOCATION**

B5.1 The Division of Parks and Outdoor Recreation (DPOR) is planning to make improvements to its Big Eddy facility located in Soldotna, Alaska. The project site is located near the end of Big Eddy Road and is adjacent to Kenai River Mile 16.5. Project access is off the Kenai Spur Highway and down Big Eddy Road.

Big Eddy is a park unit of the Kenai River Special Management Area (KRSMA). This facility is a popular destination for sportfish access and used by boaters on the Kenai River as a 'rest stop' facility.

The existing site is minimally developed with a small parking area, maintenance access and staging, concrete vaulted toilet, elevated walkway, seasonal floating dock with gangway, and a set of river access stairs.

Exhibit B-1 depicts the project location and Exhibit B-3 consists of photographs of the site.

The intended improvements include:

1. Paving the section of Big Eddy Road within the park;
2. Constructing a 30-stall parking lot and driveway;
3. Constructing around 1,500 linear feet of elevated light-penetrating (ELP) walkway with deep foundations;
4. Installing five sets of river access stairs; and
5. Installing an orientation kiosk.

Exhibit B-2 is a drawing of the concept site plan.

Research and testing work is also anticipated to evaluate the potential use of micropiles as the foundation for the ELP walkway. Four test piles will be installed and instrumented for performance monitoring.

ARTICLE B6
SUMMARY OF CONTRACT SERVICES

B6.1 General. The Contractor shall provide professional services to include mobilization and demobilization, onsite subsurface investigation, soil sampling and testing, analysis, and reporting.

ARTICLE B7
MANAGEMENT

B7.1 Performance Schedule. The Contractor shall abide by the schedule submitted, adjusted for the actual Notice to Proceed (NTP) date.

B7.1.1 Schedule Changes. Adherence to the Project Schedule is necessary to meet the Contracting Agency's long term goals and commitments. The Contractor agrees to expend all effort necessary to stay on schedule and meet the contract delivery dates.

B7.2 Project Coordination. All coordination and correspondence for the project shall be handled through or with the concurrence of the Contract Manager.

B7.2.1 Correspondence. The Contractor shall submit all written material, letters, survey forms, etc., used to communicate information regarding the project to the Contract Manager for review and acceptance prior to its distribution. Copies of all outgoing and incoming correspondence shall be provided to the Contract manager. All outgoing correspondence shall include the project title and state project numbers.

B7.2.2 Release of Information. The release of any project-related information must be approved by the Contract Manager.

ARTICLE B8
GEOTECHNICAL INVESTIGATION

B8.1 General. The Contractor shall conform to the latest edition of the Alaska Geotechnical Procedures Manual as published by the Department of Transportation and Public Facilities (DOT&PF).

The Contractor is responsible for due diligence work to evaluate the project site for drilling equipment access.

B8.2 Subsurface Investigation. Submit for approval a project specific exploration plan. The exploration plan shall reflect the proposed development for which the subsurface investigation is being performed. The plan shall outline all necessary permits, which the Contractor will secure. There are no known underground utilities at the project site, but the Contractor shall request utility locates prior to beginning fieldwork to ensure conflicts are avoided.

The project site is a state park and disturbance to the existing natural vegetation must be minimized. The area 50 feet within the ordinary high water of the Kenai River is a designated habitat protection district. All activities shall conform to applicable laws and regulations.

Drill and log six boreholes to minimum depths of 40 feet. Collect samples at the minimum frequency of every five feet. Document depth of groundwater and frozen ground at the time of investigation. Visually classify each sample and note other relevant soil characteristics, such as color or odor.

After drilling is complete, install a slotted PVC pipe for groundwater measurements and a solid PVC pipe for ground temperature monitoring. Pipe diameter shall be large enough to accommodate standard thermistor strands and electronic water level probes. Clearly label or mark each pipe to make clear which is slotted and which is solid. Place removable caps for each pipe to prevent debris from entering the pipes.

Backfill each borehole with drill cuttings and compact as practical as possible. Backfill in a manner to keep the PVC pipes straight and secure. Do not damage the PVC pipes.

Document GPS latitude/longitude coordinates for each borehole.

B8.3 Lab Testing. At a minimum, determine the gradation, soil classification, and moisture content of all collected samples. Determine the frost-susceptibility of all soil samples collected within 15 feet below ground surface.

B8.4 Deliverable Items.

INSTRUCTIONS FOR AGENCY ISSUE AND CONTRACTOR BILLING

1. Agency Contract Manager – The Small Procurement Documents are organized for **only one Notice-to-Proceed (NTP) to be issued with the Contract Award for all services to be provided so that accounting procedures do not become unnecessarily burdensome and costly** (i.e., the Contractor is required to establish only one cost account for this contract). Also, this document (Pact C – Contract Award, Notice to Proceed & Invoice Summary) must be issued and signed by the Contracting Officer (or a written designee per DOT&PF Policy #01.01.050). All items with a text form field must be complete at the time this document is issued. Other items are completed by the Contractor with each billing. *Note: If a revised NTP is required, do not reissue this document; use the “c-2 ntp” or “c-3-cr.ntp” form.*
 2. Contractor – If this Contract Award & NTP is unacceptable, notify the Contracting Agency immediately. If acceptable, acknowledge by signature where indicated on page 1 **on a copy** of this document and return the signed copy within ten days after your receipt. **Retain the unmarked, as issued, document to be used for reproduction and billing.**
 3. Contractor – Submit Invoices to the Agency Contract Manager named on page one of this document. Contractor may use the firm's invoice forms; however the Contractor must also **provide a copy of page one of this form as the FACE PAGE of each invoice submitted and with the following entries under "Invoice Summary" and "Contractor's Payment Request" accurately completed:**
 - a) Indicate if the Invoice is for Progress or Final Payment and enter the Sequential Invoice Number for this Contract.
 - b) Entries in the following columns: Prior Aprv'd Payments, This Billing, and Total to Date for each Task Group; plus the SUM TOTALS for: Authorized To-Date, Prior APPROVED Payments, THIS INVOICE, Prior Payments plus this Invoice, and Balance of Authorized Amount.
- Note* **"Prior APPROVED Payments" amounts might not equal the total of all prior invoices if some items were disallowed or adjustments were made. If a prior billing has not been acknowledged with any payment, or a different amount from the billing was paid without any notification of the reason(s), Contractor may attach a request for an explanation and remedial action.**
4. Contractor – Sign and date under "CONTRACTOR'S PAYMENT REQUEST" thereby attesting to the following:

"By signature hereunder, the Contractor certifies entries to be true and correct for the services performed to date under or by virtue of said Contract and in accordance with AS 36.30.400. The Contractor further certifies that all applicable Federal, State and Local taxes incurred by the Contractor in the performance of the services have been paid and that all Subcontractors engaged by the Contractor for the services included in any invoice shall be fully compensated by the Contractor for such services."
 5. Contractor – Substantiate all charges on each invoice, other than for Fixed Prices or Fixed Fees, by attaching a summary of hours expended and hourly labor rate per employee; summary of units completed; subcontractor invoices; expense receipts, etc.; or other proof of expenditures.
 6. Contractor – **Prime Contractor's Labor and Indirect Cost shall be billed to the Contracting Agency within 45 days of performance. Subcontractors' Labor and Indirect Cost shall be billed to the Contracting Agency within 60 days of performance. All of the Contractor's and Subcontractors' Other Direct Costs (Expenses) shall be billed to the Contracting Agency within 90 days of being incurred. Charges submitted after the above stated times will, at the Contracting Agency's discretion, not be paid.**
 7. Contractor – When this Contract is approximately 75% complete, the Contractor shall determine if the Authorized Amount(s) might be exceeded; and, if so, shall provide an estimate of cost to complete. The Contracting Agency will determine after discussion with the Contractor if additional cost is reasonable and does not include costs that should be absorbed by the Contractor. If additional cost is validated, a negotiated Amendment will be executed which either (1) reduces the scope of services/work products required commensurate with the Authorized Amount(s), or (2) increases the Authorized Amount(s) to that required for completion of the original contract.
 8. Amendments – if required – will be issued per Article A8 of Appendix A, General Conditions, as contained in the Standard Provisions Booklet.

END OF PART C
