RE: ADDENDUM NO. 02 TO REQUEST
FOR PROPOSALS (RFP) PACKAGE:

25243021
SFAPT00521; Akhiok Airport Rehabilitation- Survey Services

EMAIL TO: All RFP recipients on record.

The RFP Package is hereby clarified or changed as follows:

1. The proposal due date remains unchanged.
2. Proposer Questions & Answers:

Q1: Part C 4. Proposed Project Staff references Senior Engineer and Project Engineer(s). We understand this RFP is strictly for survey services. Should the Proposed Project Staff refer to Senior Land Surveyor and Project Surveyor(s) or are we expected to list a Senior Engineer and Project Engineers as well?

A1: No senior engineer nor project engineer will be required.

Q2: The RFP says the anticipated project schedule is January 15, 2024 to December 31, 2027, but the SOS on page 23 says survey is expected by July 31, 2023. Is the expected completion of survey for design supposed to read July 31, 2024?

A2: Yes, the expected completion of survey for design is supposed to read **July 31, 2024**. The contract will continue through 2027 to ensure we have the same surveyor in case additional work is required through unexpected events or change in FAA policy & requirements.

Q3: Task 1 – 4.3 Survey Control Sheet references “final project centerline”. Will the centerline be changing for this airport or are we to use the current, published location for final project centerline?

A3: The final project centerline will not be changing as part of this project.

Q4: Task 2 – Survey for Design 5.2 – Reference to “proposed construction limits”. Will the DEPARTMENT supply the proposed construction limits that are to be included in the design basemap?

A4: The department will provide the proposed construction limits.

Q5: Task 2 – 5.4.6 refers to locating “all proposed and existing geotechnical sample locations”. Will the DEPARTMENT supply the “proposed” geotechnical sample locations?

A5: The department may or may not require this work. If required, the department will supply the proposed geotechnical sample locations.

Q6: Who will be the DEPARTMENT Project Manager for this work?

A6: The point of contact will be Peter Jackson, PE. However, the selected firm will be expected to coordinate efforts with other in house staff (i.e. Erik Pederson, Survey Manager).

All other terms and conditions remain the same.

END OF ADDENDUM

We appreciate your participation in this solicitation.

Sincerely,

Jessica Piukala
Contracts Officer
