The Alaska Legislature
Legislative Budget and Audit Committee
RFP Number 24-33-02
Amendment Number 1

3. On page 33 of the RFP, paragraph 7.03 (Project Team Experience and Qualifications), is amended to the following number sequence:

7.03 Project Team Experience and Qualifications (200 Points)

- A. Is the Offeror's team well-rounded with a depth in professional qualifications and experience similar to this project?
- B. How well has the Offeror demonstrated its team's experience with economic analysis and with providing advice on proposed legislation related to liquid natural gas, including development and construction of LNG facilities?
- C. Do the subcontractors, if any, have experience with similar projects? Is the subcontractor's experience acceptable?
- D. Are resumes included? How well do they demonstrate backgrounds desirable for team members engaged in the project work?
- E. Do team members have experience and understanding of Alaska's current fiscal system as it applies to oil and gas basins of the North Slope, Cook Inlet, and Middle Earth or similar experiences outside of Alaska?
- F. Does the team member have similar experience regarding the international oil and gas industry?
- G. Does the team member's experience demonstrate that the Offeror's team has the ability to develop an economic model that is Alaska-specific and capable of conducting evaluations of current fiscal systems and providing information on improvements to the oil and gas fiscal systems and effects of proposed changes?
- H. Is the team's availability to be on call and provide support to the legislature as needed acceptable?
- I. Do team members have experience with giving verbal presentations in public meetings, and testifying in person as experts before legislative committees? Do team members have the ability to educate Legislators and legislative staff on oil and gas fiscal systems?
- J. If the Offeror has provided team members with expertise in carbon matters:
 - i. Do team members identified/assigned to this project have experience with carbon offsets, carbon credits, and carbon storage projects?
 - ii. Does the team member have the analytical expertise and industry knowledge sufficient to supply analysis and advice to the Legislature on carbon offsets, carbon credits, and carbon storage projects?
 - iii. How much experience do the team members have in developing analytic models of carbon matters?

The Alaska Legislature
Legislative Budget and Audit Committee
RFP Number 24-33-02
Amendment Number 1

- iv. Did the Offeror demonstrate its team members' ability to provide expert testimony before public legislative committee meetings on carbon offsets, carbon credits, and carbon storage?
- v. Do resumes identify the team members' experience with carbon matters?

4. All other terms and conditions of Request for Proposals 24-33-02 will remain as written.

A signed copy of this amendment and any others issued, in addition to your proposal, must be received by the issuing office prior to the closing date and time for your proposal to be considered responsive.
