SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Military & Veterans Affairs (DMVA), Division of Homeland Security and Emergency Management (DHS&EM), is soliciting bids for the installation of Tsunami Sirens and Cabinets, Model (MOD6032-FED SIG) in Haines and Hydaburg, Alaska.

SEC. 1.02 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than **2:00 PM** Alaska Time on **March 27, 2024** at which time they will be publicly opened. Late bids or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.03 PRIOR EXPERIENCE

In order for a bid to be considered responsive the bidder must meet these minimum prior experience requirements:

- **Previous experience with siren installations**

A bidder's failure to meet these minimum prior experience requirements will cause their bid to be considered non-responsive and rejected.

SEC. 1.04 INVITATION TO BID (ITB) REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the bid opening date. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.05 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

Deadline to receive questions is Monday, **March 18**, by **2:00 PM** Alaska Time.

Procurement officer: [David Baker](#); – PHONE: 1 (907) 428–7220; TDD/TTY: 711 (Alaska Relay);

Email: MvaDasProcurement@alaska.gov.

SEC. 1.06 SUBMITTING BIDS

If submitting a bid via email, the bid may be emailed to MvaDasProcurement@alaska.gov and must contain the ITB number in the subject line of the email. The **maximum** size of a single email (including all text and attachments) that can be received by the State is **20mb (megabytes)**. If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy bid, if you are emailing your bid, the State recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bid.

If submitting bids using U.S. mail, or delivery service, bidders must submit one hard copy of their bid, in writing, to the procurement officer in a sealed package. The sealed bid package must be addressed as follows:

Department of Military & Veterans Affairs
Division of Administrative Services

ITB Title: HAINES & HYDABURG TSUNAMI SIREN INSTALLATION
P.O. Box 5308
JBER, Alaska 99505

It is the bidder's responsibility to contact the issuing agency at **1 (907) 428-7220** to confirm that the bid has been received. The State is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.07 ENROLLMENT IN IRIS

CONFLICT OF INTEREST

Each bid shall include a statement indicating whether or not the company or any individuals working on the contract has a possible conflict of interest (e.g., currently employed by the State of Alaska or formerly employed by the State of Alaska within the past two years) and, if so, the nature of that conflict. The procurement officer reserves the right to **consider a bid non-responsive and reject it** or cancel the award if any interest disclosed from any source could either give the appearance of a conflict or cause speculation as to the objectivity of the contract to be performed by the bidder.

SEC. 1.09 PRICES

The bidder shall state prices in the units of issue on this ITB. Prices quoted in bids must be exclusive of federal, state, and local taxes. Amendments to or withdrawals of bids will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of bids, in accordance with 2 AAC 12.140. No amendments or withdrawals will be accepted after the deadline unless the delay is due to an error of the contracting agency, in accordance with 2 AAC 12.160.

SEC. 2.09 BACKGROUND INFORMATION

The U.S. Tsunami Warning System operates comprehensively under the guidance of (National Oceanic and Atmospheric Administration) NOAA, and the National Weather Service (NWS) collaborating with various entities such as federal, state, territorial, international, and local organizations, along with industry partners. This system encompasses observational networks to detect and measure earthquake activities capable of generating tsunamis and monitors the tsunamis themselves. Utilizing predictive models, the system ensures the timely and accurate delivery of messages and provides critical information to facilitate community response decision-making, preparedness, and notification activities, with the overarching goal of enhancing tsunami response and mitigating potential impacts.

The Alaska State Tsunami Program aims to uphold and enhance a cutting-edge coastal tsunami warning siren system. Our objective is to support local jurisdictions in optimizing the system's performance to ensure the safety of coastal residents and visitors. This initiative aligns with the TsunamiReady program's requirements for tsunami warning dissemination, contributing significantly to community readiness.

Given the potential absence of NOAA/National Weather Service (NWS) Tsunami Activity Grant funding via the National Tsunami Hazard Mitigation Program (NTHMP), the operational status of Alaska's warning notification infrastructure is at risk, compromising existing life safety capabilities. Consequently, the State of Alaska is actively pursuing a contractor to facilitate the installation of a tsunami warning siren in the community of Haines. This siren will be meticulously designed to meet the specifications outlined in the Federal Signals MOD4016B Modulator Siren.

SEC. 2.10 SCOPE OF WORK AND SPECIFICATIONS

The Department of Military and Veteran Affairs, Division of Homeland Security and Emergency Management, is currently inviting bids for the installation of Tsunami Sirens and Cabinets, Model (MOD6032-FED SIG), at **two (2)** separate locations (Haines and Hydaburg, Alaska).

The Department seeks assistance in both the transportation and installation phases of the Tsunami Sirens (x2) and Cabinets (x2), Model (MOD6032-FED SIG) **per installation location**. The contractor's bid should encompass transportation, maintenance (including cleaning cabinets and applying weather-resistant white paint to the sirens), lodging, and per diem costs. These should be sufficient to cover the required number of personnel for the specified trips to Haines, Alaska. While the cabinets are in working order, their functionality needs to be verified before transport.

Project completion deadlines for each location are as follows:

- Hydaburg Installation before: **August 1, 2024**
- Haines Installation before: **August 1, 2024**

The contractors should include the necessary wiring, power supply, and a pole to support the siren and cabinet. The installation of these components should be carried out with consideration for the specific weather conditions prevalent in the region.

SEC. 2.11 F.O.B. POINT

The F.O.B. point for this ITB will be the Alcantara National Guard Armory, located at 3401 E. Bogard Road, Wasilla, Alaska. The contractor will be required to prepare the items for shipping and to ship them to the ultimate destination specified in the state's order. The contractor will be required to prepay the freight charges from the F.O.B. point to the ultimate destination. The contractor may charge-back the freight charges from the F.O.B. point to the ultimate destination as a separate item on the state's invoice. These costs must be billed as a pass-through charge.

SEC. 2.12 SHIPPING DAMAGE

The state will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination. The state will provide the contractor with written notice when damaged goods are received. The state will deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

SEC. 2.13 DELIVERY TIME

Indicate, in the space provided on the Bid Schedule, the time required to make delivery after the receipt of an order. Failure to make an entry in the space provided will be construed as an offer to deliver within NUMBER calendar days after the receipt of an order. Bids that specify deliveries in excess of **30** calendar days after the receipt of an order will be considered non-responsive and the bids will be rejected.

SEC. 2.14 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES

The contractor is responsible for providing all products or the completion of all work set out in the contract. All products or work is subject to inspection, evaluation, and approval by the state. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The state may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable products or work received) and may seek associated damages.

SEC. 2.15 CONTINUING OBLIGATION OF CONTRACTOR

Notwithstanding the expiration date of a contract resulting from this ITB, the contractor is obligated to fulfill its responsibilities until warranty, guarantee, maintenance, and parts availability requirements have completely expired.

SEC. 2.16 ESTIMATED QUANTITIES

The quantities referenced in this ITB are the state's estimated requirements and may vary more or less from the quantities actually purchased. The state does not guarantee any minimum or maximum purchase. Orders will be issued throughout the contract period on an as-needed basis.

SEC. 2.17 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the procurement officer. If performed, the scope of the debriefing will be limited to the products provided or work performed by the contractor.

SEC. 2.18 INDEMNIFICATION

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis.

“Contractor” and “contracting agency”, as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor’s work.

SEC. 2.19 INSURANCE

Without limiting the contractor's indemnification, it is agreed that the contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to contract approval and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

Proof of insurance is required for the following:

- Workers' Compensation Insurance: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. **The policy must waive subrogation against the state.**

SEC. 4.13 NOTICE OF INTENT TO AWARD

After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the state's intent to award a contract(s) to the bidder(s) indicated. A copy of the Notice of Intent will be mailed to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the procurement officer. Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the ITB;
