INSTRUCTIONS TO BIDDERS
TERMS AND CONDITIONS

1. **REQUEST FOR QUOTATION (RFQ) REVIEW:** Offerors shall carefully review this RFQ for defects and questionable or objectionable material. Offerors' comments concerning defects and questionable or objectionable material in the RFQ must be made in writing and received by the purchasing authority before the date and time set for receipt of quotes. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective quote, upon which award cannot be made, and the resultant exposure of offerors' prices. Offerors' original comments should be sent to the purchasing authority listed on the front of this RFQ.
2. **QUOTATION FORMS:** Offerors shall use this and attached forms in submitting quotes. A photocopied quote may be submitted.
3. **SUBMISSION:** Quotations shall be signed where applicable and received at the designated Purchasing Office no later than as indicated. Emailed quote submission to eric.verrelli@alaska.gov is preferred.
4. **QUOTE REJECTION:** The State reserves the right to reject any or all quotes, combinations of items, or lot(s), and to waive defects or minor informalities.
5. **EXTENSION OF PRICES:** In case of error in the extension of prices in the quote, the unit prices will govern; in a lot bid, the lot prices will govern. Negligence by the vendor in preparing the quotation confers no right for the withdrawal of the quotation after it has been opened.
6. **ALASKA PROCUREMENT CODE:** The Procurement Code (AS.36.30) and its Regulations (2 AAC Ch. 12), are made a part of this document as if fully set forth herein. Note: AS.36.30 and 2 AAC Ch. 12 are available at most public libraries and legislative information offices; and both are available for review at Alaska State Purchasing Offices.
7. **PRICES:** The offeror shall state prices in the units of issue on this RFQ. Prices quoted for commodities must be in U.S. funds and include applicable federal duty, brokerage fees, packaging, and transportation cost to the FOB point so that upon transfer of title the commodity can be utilized without further cost. Prices quoted for services must be quoted in U.S. funds and include applicable federal duty, brokerage fee, packaging, and transportation cost so that the services can be provided without further cost. Prices quoted must be exclusive of federal, state, and local taxes. If the offeror believes that certain taxes are payable by the State, the offeror may list such taxes separately, directly below the bid price for the affected item. The State is exempt from Federal Excise Tax except the following:
 - Coal - Internal Revenue Code of 1986 (IRC), Section 4121 - on the purchase of coal;
 - "Gas Guzzler" - IRC, Section 4064 - on the purchase of low m.p.g. automobiles, except that police and other emergency type vehicles are not subject to the tax;
 - Air Cargo - IRC, Section 4271 - on the purchase of property transportation services by air;
 - Air Passenger - IRC, Section 4261 - on the purchase of passenger transportation services by air carriers;
 - Leaking Underground Storage Tank Trust Fund Tax (LUST) - IRC, Section 4081 - on the purchase of Aviation gasoline, Diesel Fuel, Gasoline, and Kerosene.
8. **PAYMENT FOR STATE PURCHASES:** Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a State agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement which establishes a lower interest rate or precludes the charging of interest.
9. **PAYMENT DISCOUNT:** Discounts for prompt payment will not be considered in evaluating the price you quote. However, the State shall be entitled to take advantage of any payment discount(s) offered by the vendor provided payment is made within the discount period. Payment discount periods will be computed from the date of receipt of the commodities or services and/or a correct invoice, whichever is later. Unless freight and other charges are itemized, any discount provided will be taken on full amount of invoice.
10. **VENDOR TAX ID NUMBER:** If goods or services procured through this RFQ are of a type that is required to be included on a Miscellaneous Tax Statement, as described in the Internal Revenue Code, a valid tax identification number must be provided to the State of Alaska before payment will be made.
11. **INDEMNIFICATION:** The Contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the Contractor under this agreement. The Contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the Contractor and the independent negligence of the Contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Contracting agency's selection, administration, monitoring, or controlling of the Contractor and in approving or accepting the Contractor's work.
12. **SEVERABILITY:** If any provision of this contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected; and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the particular provision held to be invalid.
13. **TITLE:** Title passes to the State for each item at FOB destination.
14. **FILING A PROTEST:** An offeror shall attempt to informally resolve a dispute with the procurement officer regarding a small procurement. If the attempt is unsuccessful, the vendor may protest the solicitation or the award of a small procurement contract under AS 36.30.320. The

17. SPECIFICATIONS: Unless otherwise specified in the RFQ, product brand names or model numbers are examples of the type and quality of product required, and are not statements of preference. If the specifications describing an item conflict with a brand name or model number describing the item, the specifications govern. Reference to brand name or number does not preclude an offer of a comparable or better product, if full specifications and descriptive literature are provided for the product. Failure to provide such specifications and descriptive literature may be cause for rejection of the offer.

18. FIRM OFFER: For the purpose of award, offers made in accordance with this RFQ must be good and firm for a period of ninety (90) days from the date of quote opening.

19. QUOTE PREPARATION COSTS: The State is not liable for any costs incurred by the offeror in quote preparation.

20. CONSOLIDATION OF AWARDS: Due to high administrative costs associated with processing of purchase orders, a single low quote of \$50 or less may, at the discretion of the State, be awarded to the next low offeror receiving other awards for consolidation purposes. This paragraph is not subject to the protest terms enumerated in "FILING A PROTEST" above.

21. CONTRACT FUNDING: Offerors are advised that funds are available for the initial purchase and/or the first term of the contract. Payment and performance obligations for succeeding purchases and/or additional terms of the contract are subject to the availability and appropriation of funds.

22. CONFLICT OF INTEREST: An officer or employee of the State of Alaska may not seek to acquire, be a party to, or possess a financial interest in, this contract if (1) the officer or employee is an employee of the administrative unit that supervises the award of this contract; or (2) the officer or employee has the power to take or withhold official action so as to affect the award or execution of the contract.

23. ASSIGNMENT(S): Assignment of rights, duties, or payments under a contract resulting from this RFQ is not permitted unless authorized in writing by the procurement officer of the contracting agency. 24. SUBCONTRACTOR(S): Within five (5) working days of notice from the state, the apparent low bidder must submit a list of the subcontractors that will be used in the performance of the contract. The list must include the name of each subcontractor and the location of the place of business for each subcontractor and evidence of each subcontractor's valid Alaska business license.

25. FORCE MAJEURE (Impossibility to perform): The parties to a contract resulting from this RFQ are not liable for the consequences of any failure to perform, or default in performing, any of its obligations under the contract, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party. 26. LATE QUOTES: Late quotes are quotes received after the time and date set for receipt of the quotes. Late quotes will not be accepted.

27. CONTRACT EXTENSION: Unless otherwise provided in this RFQ, the State and the successful offeror/contractor agree: (1) that any holding over of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) to provide written notice to the other party of the intent to cancel such month-to-month extension at least thirty (30) days before the desired date of cancellation.

28. DEFAULT: In case of default by the contractor, for any reason whatsoever, the State of Alaska may procure the goods or services from another source and hold the contractor responsible for any resulting excess cost and may seek other remedies under law or equity.

29. DISPUTES: If a contractor has a claim arising in connection with a contract resulting from this RFQ that it cannot resolve with the State by mutual agreement, it shall pursue a claim, if at all, in accordance with the provisions of AS 36.30.620 – 632.

33. ORDER DOCUMENTS: Except as specifically allowed under this RFQ, an ordering agency will not sign any vendor contract. The State is not bound by a vendor contract signed by a person who is not specifically authorized to sign for the State under this RFQ. The State of Alaska Purchase Order, Contract Award and Delivery Order are the only order documents that may be used to place orders against the contract(s) resulting from this RFQ.

34. BILLING INSTRUCTIONS: Invoices must be billed to the ordering agency's address shown on the individual Purchase Order, Contract Award or Delivery Order. **2024 SOLICITATION TO BID
ALASKA DEPARTMENT OF FISH & GAME
CLARENCE STRAIT (SSEI) SABLEFISH TEST FISHERY**

The Alaska Department of Fish and Game (ADF&G) will conduct the annual sablefish survey in Clarence Strait and Dixon Entrance area. The department will contract **three vessels** to simultaneously fish the survey area beginning on or about April 29, 2024. All survey vessels will depart from and return to ports in Southeast. The survey is expected to take 7 days but could last longer depending on weather conditions or whale encounters. The maximum length of the survey is not expected to exceed 14 days.

The department is soliciting bids from area processors to: (1) purchase the fish caught during the survey, including tender service, if necessary, (2) provide ice for the three survey vessels, and (3) provide bait for the three survey vessels.

Due to a special research study occurring in Clarence Strait this year, there will be three vessels fishing concurrently. Trips may be staggered by one day to ensure constant fishing activity, and as a result, the vessels may need to offload on different days. The total expected catch is estimated to be 40,000–80,000 round pounds of sablefish plus an additional 3,000 pounds of dressed sablefish and 1,000 round pounds of rockfish bycatch. Bidders must have facilities located in Ketchikan or be able to provide tender service in Clarence Strait and must be available to offload fish seven days a week. The facility or tender must be capable of handling up to 40,000 round pounds of sablefish and **must be available for deliveries on the weekend if the survey schedule requires it.** Anticipated offloading dates will occur between April 29–May 6, with exact dates depending on issues with whale encounters, weather delays, and actual fishing dates. If weather or other conditions extend the survey, additional or alternative tender services may be required.

The successful bidder must provide 4–6 tons of high-quality ice for each vessel per trip and must provide 2,300 pounds of medium-sized *Illex* squid for bait per vessel total, as follows: frozen medium sized *Illex* squid of commercial designation, brown color, 100-200 grams per squid. Frozen block of bait may not exceed 50 pounds and are preferred at 25 pounds. Please do not mix block sizes. Vessels may choose to take a portion of the bait upon departure from port and take the remainder after the first delivery to the tender/dockside facility. **It is the responsibility of the successful bidder to make arrangements to provide ice and bait to survey vessels at the vessel's original port of departure prior to the survey and at port upon the first delivery (or at sea to the tender, if applicable). This responsibility includes all shipping and/or cold storage of bait, if applicable, when the vessel's port of departure is different than the port of the successful bidder.**

All survey fish landed (except for IFQ halibut) will be the property of the successful bidder and payment for the fish will be based on the price bid by the company. Survey fish will be purchased based on the quoted price per pound for each size category, based on an eastern cut product for sablefish. Species delivered and not specified in the bid quote will be paid at the current market price. Payment for the survey fish will be made to the department; payment in the form of a check for the delivered survey fish is expected at the time of each landing. All checks will be made payable to the State of Alaska. Survey vessels have not yet been selected, so it is unknown how they will ice fish; survey vessels may layer ice their catch including the dressed sablefish. Rockfish will be iced and delivered in the round. Processors must assign a 2% deduction for ice and slime to unrinsed whole sablefish at the time of offload.

The bid will be awarded based on the highest quote for **Total Price of Bid for 2024.** Total bid value shall include (1) purchasing of fish caught during the survey, including one or more tendering services,

and (2) 4–6 tons of high-quality ice per vessel per trip; and (3) 2,300 lbs of medium-sized (100–200 grams) *Illex* squid for bait per vessel for a total of 6,900 lbs.

Sablefish and bycatch from 2023 SSEI Survey and bidder’s price per pound with total price:

Bids will be evaluated based on prices of dressed poundage landed from the 2023 Clarence Strait sablefish survey. The delivery weights listed in the bid table below are based on the 2023 survey catch and are for evaluation purposes only. The survey may produce a comparable amount of fish in 2024; however, the state does not guarantee any amount of fish or that the size breakdown of sablefish will be similar to previous seasons. Please include the number of days allowed to fish before offloading round sablefish and note any other special requirements under “Special Instructions” below.
