

3 AAC 47.010(b) is amended to read:

(b) The purpose of **this chapter** [3 AAC 47.010 - 3 AAC 47.999] is to implement

(1) AS 42.05.254 and AS 42.06.286 by establishing a method to determine the regulatory cost charges for all regulated utilities, **certificated utilities that provide**

**telecommunications services**, and pipeline carriers operating in **the state** [ALASKA]; and

(2) AS 42.05.254 by establishing a procedure to determine the actual cost of services provided by the commission to public utilities **that do not provide**

**telecommunications services and** are exempt from regulation under AS 42.05.711.

<b>Authority:</b>	AS 42.05.141	AS 42.05.254	AS 42.06.140
	AS 42.05.151	AS 42.05.711	AS 42.06.286

3 AAC 47.030(a) is amended to read:

(a) For state fiscal years beginning after June 30, 2006, the regulatory cost charge rates will be established annually by commission order, using the **formulas** [FORMULAE] in 3 AAC 47.040. However, if the regulatory cost charge rate applicable to adjusted gross [REGULATED] operating revenue, calculated under 3 AAC 47.040(a) - (e), would result in a regulatory cost charge that exceeds the limit set by AS 42.05.254(a) or AS 42.06.286(a), the commission order will establish that rate at a level that would result in a regulatory cost charge that is equal to the limit set by those statutes. The regulatory cost charge rates will be adjusted by commission order if necessary under AS 42.05.254(b) - (h) or AS 42.06.286(b) and (h), or if necessary because of changes in a factor in a formula in 3 AAC 47.070.

3 AAC 47.030(b) is amended to read:

(b) **Not later than** [WITHIN] 30 days after the annual budget of the commission is passed by the legislature each year, the commission will notify the public and each regulated utility, **certificated utility that provides telecommunications services,** and pipeline carrier of the regulatory cost charge rate to be imposed and the basis for that rate. The notice will also be posted on the commission's Internet website. The regulatory cost charge rate will be a charge per kilowatt-hour in the case of regulated electric utilities and a percentage of adjusted gross [REGULATED] operating revenue for all other regulated utilities, **certificated utilities that provide telecommunications services,** and pipeline carriers.

3 AAC 47.030(c) is amended to read:

(c) **Not later than** [WITHIN] 30 days after notice is issued under (b) of this section, each regulated utility, **certificated utility that provides telecommunications services,** and pipeline carrier may submit comments on, or request revisions to, the regulatory cost charge rates proposed by the commission and, in the case of public utilities, may object to a designation as a regulated utility.

3 AAC 47.030(f) is amended to read:

(f) If the total regulatory cost charge payments made by a regulated utility, **certificated utility that provides telecommunications services,** or pipeline carrier during a state fiscal year exceed the limit set by AS 42.05.254(a) or AS 42.06.286(a), the commission will notify the Department of Revenue to refund to the utility or pipeline carrier the amount of the overpayment. 3 AAC 47.040(a) is amended to read:

**3 AAC 47.040. Formulas [FORMULAE] for determination of regulatory cost charge rates.** (a) The formula for determining individual regulatory cost charge rates for each regulated public utility, **certificated utility that provides telecommunications services**, or pipeline carrier, as a percentage of adjusted gross [REGULATED] operating revenue is

$$RCC = \frac{A_1 + A_2}{GR}$$

where,

RCC equals the regulatory cost charge rate applicable to a regulated **sector or certificated telecommunications utility** sector's adjusted gross operating revenue;

A<sub>1</sub> equals the portion of the commission's total requirement from regulatory cost charges that is allocated to the regulated sector **or certificated telecommunications utility sector**;

A<sub>2</sub> equals the portion of the Department of Law's public advocacy function costs certified under AS 42.05.254(h), that is allocated to the regulated sector **or certificated telecommunications utility sector**;

and

GR equals the regulated **sector or certificated telecommunications utility** sector's annual adjusted gross [REGULATED] operating revenue in the preceding calendar or annual reporting year.

3 AAC 47.040(b) is amended to read:

(b) The formula for determining the portion of the commission's total requirement from regulatory cost charges that is allocated to a regulated sector **or certificated telecommunications utility sector** is

$$A_1 = D + N$$

where,

$A_1$  equals **the** portion of the commission's total requirement from regulatory cost [.] charges that is allocated to the regulated sector **or certificated telecommunications utility sector**;

D is the portion of the commission's total requirement from regulatory cost charges that is directly assignable to the regulated sector **or certificated telecommunications utility sector**; and

N is the portion of the commission's total requirement from regulatory cost that is not directly assignable to the regulated sector **or certificated telecommunications utility sector**, but is allocated to the regulated sector **or certificated telecommunications utility sector**; the allocation of the commission's total requirement from regulatory cost charges that is not directly assignable to a regulated sector **or certificated telecommunications utility sector** is based on allocating factors developed to reflect the relative amount of direct hours spent by the commission **on** [REGULATING] each sector during the preceding fiscal year.

3 AAC 47.040(e) is amended to read:

(a) A regulated utility or pipeline carrier may implement a separate charge on **the utility's or carrier's** [ITS] bills to retail customers and shippers [, INCLUDING BILLS RENDERED BY A LOCAL EXCHANGE CARRIER ON BEHALF OF AN INTEREXCHANGE CARRIER,] to collect the regulatory cost charge, subject to the following

limitations:

(1) **for** [IN THE CASE OF] a regulated electric utility, the amount billed to customers may **not** be [NO] more than the regulatory cost charge rate per kilowatt-hour times the number of kilowatt-hours billed;

(2) [IN THE CASE OF A LOCAL EXCHANGE CARRIER, THE AMOUNT BILLED TO CUSTOMERS MAY BE NO MORE THAN THE REGULATORY COST CHARGE RATE TIMES THE AMOUNT BILLED FOR ALL LOCAL SERVICES;

(3) IN THE CASE OF AN INTEREXCHANGE CARRIER, INCLUDING BILLS RENDERED BY A LOCAL EXCHANGE CARRIER ON BEHALF OF AN INTEREXCHANGE CARRIER, THE AMOUNT BILLED TO THE CUSTOMERS MAY BE NO MORE THAN THE REGULATORY COST CHARGE RATE TIMES THE AMOUNT BILLED FOR INTRASTATE INTEREXCHANGE SERVICE;

(4) **for** [IN THE CASE OF] all other regulated utilities and pipeline carriers, the amount billed may **not** be [NO] more than the regulatory cost charge rate times the amount billed for all services; and

(3) [(5)] if the commission requires payment of the regulatory cost charge in a single annual payment under 3 AAC 47.030(e),

(A) at the beginning of the complete billing period after a regulated utility or pipeline carrier has billed for the full amount of the charge imposed by the commission plus the net cost of capital resulting from the time between the date the regulatory cost charge is paid to the state and the date the regulatory cost charge is collected by the regulated utility or pipeline carrier from its customers or shippers, the utility or carrier shall discontinue billing its regulatory cost charge, including the net cost

of capital;

(B) a regulated utility or pipeline carrier may, without prior commission approval, reduce the regulatory cost charge, including the net cost of capital, it bills its customers or shippers for the final month of collection to minimize the amount that would otherwise be overcollected; and

(C) if the regulatory cost charge, including the net cost of capital, collected by a regulated utility or pipeline carrier from its customers or shippers exceeds the amount imposed by the commission by more than two percent, that utility or pipeline carrier shall propose to the commission a method of returning to its customers or shippers the excess amount.
