The following contains additional information, changes, or additions for the RFP:

1. Questions or comments that were received by the Procurement Manager from potential Offerors:
  - a. *Please clarify if the intent is for the AV contractor to subcontract an Electrical Contractor (EC) or will they coordinate with an Electrical Contractor designated by the Agency for the scope of this project? If a subcontractor is required, is there a preferred EC or someone who regularly works on site?*

**Response:** It is the Agency’s intent that the Successful Offeror (AV Contractor) provides the electrical work needed for the project through its own employees or a subcontractor. The Agency does not have a designated or preferred electrical contractor. The Agency has historically procured electrical services through one of the electrical contractors that are listed on the State of Alaska contract for electrical services.
