Re: Material Sales Contract ADL 419239, MS 680-105-2

Dear Mr. Wilson:

The Department of Natural Resources, Division of Mining, Land, & Water, Northern Region Office has received a request for approval to stockpile material mined pursuant to material sale contract ADL 419239 from the master material site ADL 419265, MS 680-105-2.

This letter provides written approval for DOT to utilize MS 680-105-2 to stockpile 20,000 cy of excess excavated material. DOT Maintenance and Operations intends to use this stockpiled material for future projects. The location of the stockpiles is documented in the attached map. Please note that the DNR-DOT Material Sale Contract and DOT Mining and Reclamation Guidelines must be adhered to. The stockpiles must be left in a safe and stable condition. The stockpiles belong to DOT and have already been accounted for and purchased by DOT in 2017.

If you have any questions or concerns, please do not hesitate to call or email me at 907-451-2806 or brittany.templeton@alaska.gov.

Sincerely,

A handwritten signature in blue ink that reads "Brittany K.A. Templeton".
