SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Department of Health, Division of Behavioral Health is soliciting proposals for a contractor to use tribally grounded practices and engaging tribal partners to conduct the formal needs assessment and develop a model to link 988 callers to Tribal Health Organizations (THO). This work would involve examining tribal use of Alaska’s 988 accredited call center, identifying barriers and drivers to usage, engaging Tribal stakeholders from every region including conducting surveys and focus groups, examining possible solutions to improve usage including whether Alaska should consider a separate 988 call center for Tribal citizens, analyze how Alaska's 988 crisis line vendor is

currently linking clients to Tribal Health Organizations (THOs), identify ways to improve care linkages with THOs, and develop a model for Alaska's 988 crisis line to implement to improve the care linkages to THOs.

SEC. 1.02 BUDGET

Department of Health, Division of Behavioral Health, estimates a maximum budget of \$150,000.00. Proposals priced at more than \$150,000.00 will be considered non-responsive.

Payment for the contract is subject to funds already appropriated and identified.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than 1:00pm prevailing Alaska Time on Friday, June 14th, 2024. Late proposals or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04 MANDATORY REQUIREMENTS

To be considered responsive for this RFP, an offeror must meet the mandatory minimum experience requirements that are provided in **Submittal Form F – Mandatory Requirements**. Failure to meet all these requirements will result in immediate disqualification.

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer and least ten days before the deadline for receipt of proposals. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

SEC. 1.07 RETURN INSTRUCTIONS

Offerors must submit their proposals via email. The technical proposal and cost proposal must be saved as separate documents and emailed to doh.procurement.proposals@alaska.gov as separate, clearly labeled attachments. The email must contain the RFP number in the subject line.

The maximum size of a single email (including all text and attachments) that can be received by the state is 20mb (megabytes). If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror's responsibility to contact the above email address to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY

No amendments or withdrawals will be accepted after the deadline unless they are in response to the state's request in accordance with 2 AAC 12.290.

SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, it will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the State of Alaska Online Public Notice website.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 1.11 RFP SCHEDULE

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

Alaska has the highest per capita presence of Indigenous people of any state in the nation. Unfortunately, Alaska’s tribal citizens experience disparities in mental health crisis services. An evaluation of the Alaska accredited call center indicated that only 19.5% of callers in 2017-2019 were Alaskan Native/American Indian. Although this is a slightly higher percent than the state’s 15.6% population, it is not reflective of other metrics of need. For instance, Alaskan Native/American Indians accounted for approximately 40% of suicide mortalities in 2019. To proactively address this need, the Division of Behavioral Health (DBH) is presently engaging numerous stakeholders in strategic planning around improved equity in crisis care line use and practice. A primary focus of this multiagency effort has been to develop crisis line services that meet the needs of Alaska’s tribal citizens. This is a transformative undertaking as mental health and suicide crisis calls are currently received through a vast network of community level crisis lines. This is especially true for geographically rural areas of the state, where Alaska’s Indigenous population is denser. Two separate efforts were conducted to engage tribal stakeholders in a planning process for developing tribally appropriate crisis call services and subsequent linkages to care: The State of Alaska’s 988 Coalition’s Tribal/Rural Workgroup and tribal outreach done by the Alaska Native Tribal Health Consortium. Both efforts identified the need for a more comprehensive assessment of needs and barriers that accounts for the holistic perspective of all 228 federally recognized tribes spread across the vastness of Alaska. The proposed project seeks to meet this need by leveraging existing state and tribal partnerships to assess and build crisis call services to serve under-resourced minority communities that addresses crisis and community trauma.

- Goal 1: Increase Tribal citizen utilization of crisis call services in Alaska.
- Goal 2: Enhance Tribal input in the development and expansion of crisis line services.
- Goal 3: Increase the capacity of the Lifeline accredited call center to offer culturally grounded crisis services and coordinate referrals to Tribal Health Organizations.

The proposed work is directly aligned with recommendations by existing tribal-state workgroups and is a necessary focus as Alaska expands crisis services. Alaska’s demographic and geographic layout poses unique challenges to the implementation of 988. Many rural areas of Alaska are only accessible via small plane or boat, and only 20% of the state is on the road system. Alaska has more federally recognized tribes and the greatest population percent of Indigenous peoples of any state in the United States. In addition to cultural considerations, implementation of 988 must be responsive to multigenerational trauma and how a federally promoted mental health crisis line might be received by our Indigenous communities in the context of historical traumas experienced through federal efforts and the healthcare system.

How to ensure 988 is accessible and functional for our rural and Indigenous communities has been a primary concern for the Alaska 988 Coalition, which includes 139 key stakeholders located throughout every region of Alaska. The efforts proposed with this TTI funding will be instrumental in moving this work forward. Furthermore, due to the concrete products produced from the proposed work, this use of TTI funds will result in sustainable changes to Alaska’s crisis call services. The data from the needs assessment should tell us more about which communities are reaching out to the call centers and where more outreach may be needed, as well as how partnerships can be formed with VPSPs, TPOs, BHA/Ps and CHA/Ps. It can also help map data about suicide attempts or completions overlaid with use of the call line by region. Both a concrete model for linkages to Tribal Health Organizations (THOs) and 988 messaging materials can be immediately

and continuously utilized in 988 implementation work. Additionally, a needs assessment report with actionable items will give both the state and Tribes needed direction to focus future funding and build necessary infrastructure.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 SCOPE OF WORK

The final report will identify areas for growth and improvement of existing policies, procedures, and technology. C. Identify priority action items for immediate implementation. The offeror will work with tribal and state partners to recommend one to three priority action items from the needs assessment that the Division of Behavioral Health will consider for immediate implementation.

D. E. Recommend a sustainable model to facilitate these linkages to care. SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate specific parts of the responsive proposals.
- 3) The Submittal Forms, from each responsive proposal, will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The state will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

Total 400

Preference Criteria	Weight

Total	100

TOTAL EVALUATION POINTS AVAILABLE: 1000

SEC. 5.03 SCORING METHOD AND CALCULATION

The PEC will evaluate responses against the questions set out in Sections 5.04 through 5.07 and assign a single score for each section. Offerors’ responses for each section may be rated comparatively against one another with each PEC member assigning a score of 1, 5, or 10 (with 10 representing the highest score, 5 representing the average score, and 1 representing the lowest score). Responses that are similar or lack dominant information to differentiate the offerors from each other will receive the same score. Therefore, it is the offeror’s responsibility to provide dominant information and differentiate themselves from their competitors.

After the PEC has scored each section, the scores for each section will be totaled and the following formula will be used to calculate the amount of points awarded for that section:

- 1) Maximum Points Available / Maximum Combined PEC Score Possible
- 2) Combined PEC Score x Result of 1)

Example (Maximum Points Available for the Section = 100):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	75
Offeror 2	5	5	5	5	20	50
Offeror 3	10	10	10	10	40	100

Offeror 1 was awarded 75 points:

$$\frac{\text{Maximum Points Available (100)}}{\text{Maximum Combined PEC Score Possible (40)}} = 2.5$$

$$\text{Combined PEC Score (30)} \times 2.5 = \text{Points Awarded (75)}$$

Offeror 2 was awarded 50 points:

$$\frac{\text{Maximum Points Available (100)}}{\text{Maximum Combined PEC Score Possible (40)}} = 2.5$$

Combined PEC Score (20) x 2.5 = Points Awarded (50)

Offeror 3 was awarded 100 points:

Maximum Points Available (100)

_____ = 2.5

Maximum Combined PEC Score Possible (40)

Combined PEC Score (40) x 2.5 = Points Awarded (100)

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS

This portion of the offeror’s proposal will be evaluated against the following questions:

- 1) How well did the offer detail their specific experience in conducting needs assessments, engaging tribal partners to preforms these assessments or similar work, and working with community organizations and/or healthcare providers to complete needs assessments.
- 2) How well did the offeror detail the primary project manager’s experience in projects of a similar nature and the directly related experience of the overall project team?
- 3) How did the offeror describe the organization of the project team and the individual(s) responsible for and accountable for the completion of each component and deliverable of the RFP?
- 4) How well did the offeror detail their experience with or knowledge of the elements of the crisis care continuum such as crisis call centers, suicide and crisis lifelines, mobile crisis teams, crisis stabilization centers, and/or behavioral healthcare providers inside or outside of Alaska.
- 5) How well did the offeror detail their experience with or knowledge of the elements of emergency response coordination such as 911 dispatch, firefighters/EMTs, law enforcement, and emergency departments inside or outside of Alaska.
- 6) How well did the offeror detail their experience working with rural and tribal youth and communities inside or outside of Alaska.
- 7) How well did the offeror detail their experience with suicide prevention, postvention, and intervention work inside or outside of Alaska.

SEC. 5.05 UNDERSTANDING OF THE PROJECT

This portion of the offeror’s proposal will be evaluated against the following questions:

- 1) How well did the offeror demonstrate their understanding of the project requirements and how to meet the state’s needs?

SEC. 5.06 METHODOLOGY USED FOR THE PROJECT

This portion of the offeror’s proposal will be evaluated against the following questions:

- 1) How well did the offeror demonstrate the methodology they will employ and how the methodology will serve to accomplish the work and meet the state’s needs?
- 2) How well does the offeror demonstrate that the methodology they will use is culturally responsive to the needs of tribal citizens and Indigenous people in Alaska?
- 3) How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?
- 4) How well does the methodology match and achieve the objectives set out in the RFP?
- 5) Does the methodology interface with the time schedule in the RFP?

SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT

This portion of the offeror’s proposal will be evaluated against the following questions:

- 1) How well did the offeror demonstrate their management plan and how that plan will service to accomplish the work and meet the state’s needs?
- 2) To what extent did the offeror identify potential issues, risks, or problems they foresee with this project and how they will address them?

SEC. 5.08 CONTRACT COST (COST PROPOSAL)

Overall, a minimum of 40% of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

Example (Max Points for Contract Cost = 400):

Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

$\$40,000$ lowest cost x 400 maximum points for cost = 16,000,000 ÷ $\$42,750$ cost of Offeror #2's proposal = **374.3**

Offeror #3 receives 336.8 points.

$\$40,000$ lowest cost x 400 maximum points for cost = 16,000,000 ÷ $\$47,500$ cost of Offeror #3's proposal = **336.8**

SEC. 5.09 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply and provide examples of how to calculate the preferences are available at the following website:

<http://doa.alaska.gov/dgs/pdf/pref1.pdf>

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050
- Employment Program Preference - AS 36.30.321(b)
- Alaskans with Disabilities Preference - AS 36.30.321(d)
- Alaska Veteran's Preference - AS 36.30.321(f)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business' or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the state to disallow the preference.**

SEC. 5.10 ALASKA BIDDER PREFERENCE

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

- 1) holds a current Alaska business license prior to the deadline for receipt of proposals;
- 2) submits a proposal for goods or services under the name appearing on the offeror's current Alaska business license;
- 3) has maintained a place of business within the state staffed by the offeror, or an employee of the offeror, for a period of six months immediately preceding the date of the proposal;
- 4) is incorporated or qualified to do business under the laws of the state, is a sole proprietorship and the proprietor is a resident of the state, is a limited liability company (LLC) organized under AS 10.50 and all members are residents of the state, or is a partnership under AS 32.06 or AS 32.11 and all partners are residents of the state; and

5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.11 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

- A. sole proprietorship owned by an Alaska veteran;
- B. partnership under AS 32.06 or AS 32.11 if a majority of the partners are Alaska veterans;
- C. limited liability company organized under AS 10.50 if a majority of the members are Alaska veterans; or
- D. corporation that is wholly owned by individuals, and a majority of the individuals are Alaska veterans.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided, or for supplies, the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

Alaska Veteran Preference Certification

In order to receive the Alaska Veteran Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.12 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

Example:

Step 1

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points
Offeror #2	840 points (740 points + 100 points)
Offeror #3	900 points (800 points + 100 points)

Offeror #3 is the top scoring offeror.

Minor informalities that:

- do not affect responsiveness;

- do not change the relative standing or otherwise prejudice other offers;

- are trivial, negligible, or immaterial in nature;

Individuals designated by the procurement officer at the state's expense will make site inspection.

SEC. 6.17 CLARIFICATION OF OFFERS

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.19 CONTRACT NEGOTIATION

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals.

If the selected offeror:

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

The state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 6.21 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

APPENDIX A GENERAL PROVISIONS

Article 1. Definitions.

- 1.1 In this contract and appendices, "Project Director" or "Agency Head" or "Procurement Officer" means the person who signs this contract on behalf of the Requesting Agency and includes a successor or authorized representative.
- 1.2 "State Contracting Agency" means the department for which this contract is to be performed and for which the Commissioner or Authorized Designee acted in signing this contract.

Article 2. Inspections and Reports.

- 2.1 The department may inspect, in the manner and at reasonable times it considers appropriate, all the contractor's facilities and activities under this contract.
- 2.2 The contractor shall make progress and other reports in the manner and at the times the department reasonably requires.

Article 3. Disputes.

- 3.1 If the contractor has a claim arising in connection with the contract that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – 632.

Article 4. Equal Employment Opportunity.

- 4.1 The contractor may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, or because of age, disability, sex, marital status, changes in marital status, pregnancy or parenthood when the reasonable demands of the position(s) do not require distinction on the basis of age, disability, sex, marital status, changes in marital status, pregnancy, or parenthood. The contractor shall take affirmative action to insure that the applicants are considered for employment and that employees are treated during employment without unlawful regard to their race, color, religion, national origin, ancestry, disability, age, sex, marital status, changes in marital status, pregnancy or parenthood. This action must include, but need not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training including apprenticeship. The contractor shall post in conspicuous places, available to employees and applicants for employment, notices setting out the provisions of this paragraph.
- 4.2 The contractor shall state, in all solicitations or advertisements for employees to work on State of Alaska contract jobs, that it is an equal opportunity employer and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, disability, sex, marital status, changes in marital status, pregnancy or parenthood.
- 4.3 The contractor shall send to each labor union or representative of workers with which the contractor has a collective bargaining agreement or other contract or understanding a notice advising the labor union or workers' compensation representative of the contractor's commitments under this article and post copies of the notice in conspicuous places available to all employees and applicants for employment.
- 4.4 The contractor shall include the provisions of this article in every contract, and shall require the inclusion of these provisions in every contract entered into by any of its subcontractors, so that those provisions will be binding upon each subcontractor. For the purpose of including those provisions in any contract or subcontract, as required by this contract, "contractor" and "subcontractor" may be changed to reflect appropriately the name or designation of the parties of the contract or subcontract.
- 4.5 The contractor shall cooperate fully with State efforts which seek to deal with the problem of unlawful discrimination, and with all other State efforts to guarantee fair employment practices under this contract, and promptly comply with all requests and directions from the State Commission for Human Rights or any of its officers or agents relating to prevention of discriminatory employment practices.
- 4.6 Full cooperation in paragraph 4.5 includes, but is not limited to, being a witness in any proceeding involving questions of unlawful discrimination if that is requested by any official or agency of the State of Alaska; permitting employees of the contractor to be witnesses or complainants in any proceeding involving questions of unlawful discrimination, if that is requested by any official or agency of the State of Alaska; participating in meetings; submitting periodic reports on the equal employment aspects of present and future employment; assisting inspection of the contractor's facilities; and promptly complying with all State directives considered essential by any office or agency of the State of Alaska to insure compliance with all federal and State laws, regulations, and policies pertaining to the prevention of discriminatory employment practices.
- 4.7 Failure to perform under this article constitutes a material breach of contract.

Article 5. Termination.

The Project Director, by written notice, may terminate this contract, in whole or in part, when it is in the best interest of the State. In the absence of a breach of contract by the contractor, the State is liable only for payment in accordance with the payment provisions of this contract for services rendered before the effective date of termination.

Article 6. No Assignment or Delegation.

The contractor may not assign or delegate this contract, or any part of it, or any right to any of the money to be paid under it, except with the written consent of the Project Director and the Agency Head.

Article 7. No Additional Work or Material.

No claim for additional services, not specifically provided in this contract, performed or furnished by the contractor, will be allowed, nor may the contractor do any work or furnish any material not covered by the contract unless the work or material is ordered in writing by the Project Director and approved by the Agency Head.

Article 8. Independent Contractor.

The contractor and any agents and employees of the contractor act in an independent capacity and are not officers or employees or agents of the State in the performance of this contract.

Article 9. Payment of Taxes.

As a condition of performance of this contract, the contractor shall pay all federal, State, and local taxes incurred by the contractor and shall require their payment by any Subcontractor or any other persons in the performance of this contract. Satisfactory performance of this paragraph is a condition precedent to payment by the State under this contract.

Article 10. Ownership of Documents.

All designs, drawings, specifications, notes, artwork, and other work developed in the performance of this agreement are produced for hire and remain the sole property of the State of Alaska and may be used by the State for any other purpose without additional compensation to the contractor. The contractor agrees not to assert any rights and not to establish any claim under the design patent or copyright laws. Nevertheless, if the contractor does mark such documents with a statement suggesting they are trademarked, copyrighted, or otherwise protected against the State's unencumbered use or distribution, the contractor agrees that this paragraph supersedes any such statement and renders it void. The contractor, for a period of three years after final payment under this contract, agrees to furnish and provide access to all retained materials at the request of the Project Director. Unless otherwise directed by the Project Director, the contractor may retain copies of all the materials.

Article 11. Governing Law; Forum Selection

This contract is governed by the laws of the State of Alaska. To the extent not otherwise governed by Article 3 of this Appendix, any claim concerning this contract shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

Article 12. Conflicting Provisions.

Unless specifically amended and approved by the Department of Law, the terms of this contract supersede any provisions the contractor may seek to add. The contractor may not add additional or different terms to this contract; AS 45.02.207(b)(1). The contractor specifically acknowledges and agrees that, among other things, provisions in any documents it seeks to append hereto that purport to (1) waive the State of Alaska's sovereign immunity, (2) impose indemnification obligations on the State of Alaska, or (3) limit liability of the contractor for acts of contractor negligence, are expressly superseded by this contract and are void.

Article 13. Officials Not to Benefit.

Contractor must comply with all applicable federal or State laws regulating ethical conduct of public officers and employees.

Article 14. Covenant Against Contingent Fees.

The contractor warrants that no person or agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee except employees or agencies maintained by the contractor for the purpose of securing business. For the breach or violation of this warranty, the State may terminate this contract without liability or in its discretion deduct from the contract price or consideration the full amount of the commission, percentage, brokerage or contingent fee.

Article 15. Compliance.

In the performance of this contract, the contractor must comply with all applicable federal, state, and borough regulations, codes, and laws, and be liable for all required insurance, licenses, permits and bonds.

Article 16. Force Majeure:

The parties to this contract are not liable for the consequences of any failure to perform, or default in performing, any of their obligations under this Agreement, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party. For the purposes of this Agreement, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.
