### **SEC. 1.01 PURPOSE OF THE RFP**

The Department of Corrections, Division of Health and Rehabilitation Services, is soliciting proposals for the provision of institution-based sex offender management and treatment services for individuals in custody at the Wildwood Correctional Complex (WCC) in Wasilla, Alaska.

The institution treatment provider will be part of a multi-disciplinary team that will work to incorporate the principles of the Containment Model, including polygraph assessment, into the management of sex offenders.

### **SEC. 1.02 BUDGET**

Funds have been identified for the initial period of performance. Approval for continuation of a contract resulting from this solicitation is contingent upon legislative appropriation. Funds are limited, and negotiations may be necessary depending upon the cost of proposals submitted.

### **SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS**

Proposals must be received no later than **2:00 PM prevailing Alaska Standard Time on June 4, 2024**, as indicated by postmark or email timestamp and late proposals will not be considered.

### **SEC. 1.04 QUALIFICATIONS AND PRIOR EXPERIENCE**

In order for offers to be considered responsive offerors must meet these minimum qualifications and prior experience requirements:

- Master’s degree or higher in social science
- Licenses – Must be licensed in the respective clinical field. The following Alaska Professional licenses are acceptable:
  - Psychiatrist
  - Psychologist
  - Psychological Associate
  - Social Worker

  - Professional Counselor

An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.

Prior to contract award all individuals who provide direct treatment services within the Sex Offender Management Program (SOMP) must be approved by the department. Individuals who have been reviewed and approved are classified as “approved providers” for sex offender treatment services. See Alaska Administrative Code Title 22 Chapter 30. Sex Offender Treatment Providers.

If the highest ranked offeror is unable to be approved as an approved provider, then the department may rescind award and work with the next highest ranked offeror.

## SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

## SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Deadline for receipt of questions is on **June 3, 2024**.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

Procurement Officer: **Benjamin Baker** – Phone: **907-269-5909** – Email: [benjamin.baker@alaska.gov](mailto:benjamin.baker@alaska.gov)

The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

## **SECTION 2. BACKGROUND INFORMATION**

### **SEC. 2.01 BACKGROUND INFORMATION**

The Alaska Department of Corrections provides a variety of services to sex offenders that are focused on enhancing public safety. The department recognizes that optimum management of sex offenders occurs along a continuum of care, beginning with assessment after sentencing for institutional treatment. Comprehensive assessment of risk and needs is a critical element in managing and treating sex offenders.

It is essential that the department enhances specialized management and supervision of sex offenders. By including caseload caps for sex offender probation officers, sex offender-specific treatment and the use of polygraph examination, the department will be adhering to best practices in the field of sex offender management. A thorough assessment of sex offenders, including risk assessment, prior to release is a critical part of enhancing their management within communities in Alaska. However, the department may determine that assessment should occur sooner during the offender's period of incarceration.

The Department will provide assessments prior to the offender's release. Regulation, supervision, and management of sex offenders in the community are inherently high-risk endeavors and it is critical that the maximum amount of information be available regarding these offenders prior to release.

Sex offenders are an extremely heterogeneous group. Treatment and management issues are specific to the individual offender. Comprehensive sex offender assessment can identify the particular indicators of a potential re-offense and the potential harm of a re-offense, providing a picture of the risk that each offender presents as well as a template for managing the offender. Sex offenders with lower risk may require less intense treatment and management. Comprehensive assessment is the cornerstone of the containment model. An accurately done and timely assessment will identify indicators of likely re-offense, the degree of harm they that may be caused expected to cause, and the maladaptive ways that they the offender may attempt to manipulate the system. The assessment It will also identify specific treatment and supervision targets as well as provide information relevant to polygraph assessment.

Providers must adhere to the Risk, Needs and Responsivity (RNR) model when providing sex offender treatment. Each provider shall base the dosage of treatment on the offender’s risk to reoffend using the STATIC or stable risk assessment tool. The time spent in treatment and the frequency of treatment should be higher for high-risk offenders and taper down for lower risk offenders. Additionally, each provider should have a low risk/aftercare sex offender treatment track to allow them to be treated separately from higher risk offenders for a shorter duration.

Institution sex offender treatment contracts currently provide services primarily to male offenders but may additionally include services to female offenders if needed. Gender numbers are not fixed but may vary throughout the term of the contract. If provided, services to female offenders must be provided separately from services to male offenders.

Assessments are an essential component in the treatment of sexual offenders. Static assessments are a tool utilized to evaluate risk of sexual and violent recidivism amongst sexual offenders. Static assessments predict sexual, violent, and any recidivism as well as other actuarial risk tools commonly used with sexual offenders. - type of work the subcontractor will be performing;
- percentage of work the subcontractor will be providing;
- evidence that the subcontractor holds a valid Alaska business license;

If a subcontractor on the list did not have a valid Alaska business license at the close of the RFP, the Offeror may not use the subcontractor in the performance of the contract and shall replace the subcontractor with a subcontractor who had a valid Alaska business license at the close of the RFP.

- a written statement, signed by each proposed subcontractor that clearly verifies that the subcontractor is committed to render the services required by the contract.

An offeror's failure to provide this information, within the time set, may cause the state to consider their proposal non-responsive and reject it. The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the project director.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

### **SEC. 3.13 JOINT VENTURES**

Joint ventures **will not** be allowed.

### **SEC. 3.14 RIGHT TO INSPECT PLACE OF BUSINESS**

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

### **SEC. 3.15 F.O.B. POINT**

All goods purchased through this contract will be F.O.B. final destination. Unless specifically stated otherwise, all prices offered must include the delivery costs to any location within the State of Alaska.

### **SEC. 3.16 NON-EXCLUSIVE CONTRACT**

The Department reserves the right to seek services from other vendors if the successful offeror(s) is unable to provide services.

### **SEC. 3.17 CONTRACT PERSONNEL**

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director or procurement officer. Changes that are not approved by the state may be grounds for the state to terminate the contract.

### **SEC. 3.18 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES**

The contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the project director. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The project director or procurement officer may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

### **SEC. 3.19 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS**

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required state approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Corrections or the Commissioner's designee.

### **SEC. 3.20 NONDISCLOSURE AND CONFIDENTIALITY**

Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to and/or use by third parties of, the confidential information. “Reasonable care” means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Confidential information, as used herein, means any data, files, software, information or materials (whether prepared by the state or its agents or advisors) in oral, electronic, tangible or intangible form and however stored, compiled or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the state to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to: technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the state with written notice of the requested disclosure ( to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor’s receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information previously known to be public information when received from the other party; information freely available to the

general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

### **SEC. 3.21 INDEMNIFICATION**

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission, or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. “Contractor” and “contracting agency”, as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor’s work.

### **SEC. 3.22 INSURANCE REQUIREMENTS**

Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

- **Workers' Compensation Insurance:** The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.
- **Commercial General Liability Insurance:** covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.
- **Commercial Automobile Liability Insurance:** covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.
- **Professional Liability Insurance:** covering all errors, omissions or negligent acts in the performance of professional services under this agreement with minimum coverage limits of \$300,000 per claim /annual aggregate.

**SEC. 3.23 TERMINATION FOR DEFAULT**

If the Project Director or Procurement Officer determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the state may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all the remaining work.

The Procurement Officer may also, by written notice, terminate this contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

This clause does not restrict the state's termination rights under the contract provisions of Appendix A, attached in **SECTION 7. ATTACHMENTS**.

## **SECTION 4. PROPOSAL FORMAT AND CONTENT**

### **SEC. 4.01 INTRODUCTION**

Proposals must include the complete name and address of offeror's firm and the name, mailing address, and telephone number of the person the state should contact regarding the proposal.

Proposals must confirm that the offeror will comply with all provisions in this RFP; and, if applicable, provide notice that the firm qualifies as an Alaskan bidder. Proposals must be signed by a company officer empowered to bind the company. An offeror's failure to include these items in the proposals may cause the proposal to be determined to be non-responsive and the proposal may be rejected.

The state discourages overly lengthy and costly proposals, however, in order for the state to evaluate proposals fairly and completely, offerors must follow the format set out in this RFP and provide all information requested.

### **SEC. 4.02 PROPOSAL CONTENTS**

The following information must be included in all proposals.

#### **(a) AUTHORIZED SIGNATURE**

All proposals must be signed by an individual authorized to bind the offeror to the provisions of the RFP. Proposals must remain open and valid for at least 90-days from the date set as the deadline for receipt of proposals.

A valid Vendor Tax ID must be submitted to the issuing office with the proposal or within five days of the state's request.

**(d) CONFLICT OF INTEREST**

Each proposal shall include a statement indicating whether or not the firm or any individuals working on the contract has a possible conflict of interest (e.g., currently employed by the State of Alaska or formerly employed by the State of Alaska within the past two years) and, if so, the nature of that conflict. The procurement officer reserves the right to **consider a proposal non-responsive and reject it** or cancel the award if any interest disclosed from any source could either give the appearance of a conflict or cause speculation as to the objectivity of the contract to be performed by the offeror.

**(e) FEDERAL REQUIREMENTS**

The offeror must identify all known federal requirements that apply to the proposal, the evaluation, or the contract.

**SEC. 4.03 EXPERIENCE AND QUALIFICATIONS**

Offerors must complete and submit this Submittal Form. Proposed costs must all direct and indirect costs associated with the performance of the contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit. The costs identified on the cost proposal are the total amount of costs to be paid by the state. No additional charges shall be allowed.

**SEC. 4.08 EVALUATION CRITERIA**

All proposals will be reviewed to determine if they are responsive. Proposals determined to be responsive will be evaluated using the criterion that is set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**.

## **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**

**THE TOTAL NUMBER OF POINTS USED TO SCORE THIS PROPOSAL IS 1000**

### **SEC. 5.01 SUMMARY OF EVALUATION PROCESS**

The state will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate the Technical portion of all responsive proposals.
- 3) Each responsive Technical Proposal will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the proposals based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The state will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

### **SEC. 5.02 EVALUATION CRITERIA**

Proposals will be evaluated based on their overall value to state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

<b>Overall Criteria</b>	<b>Weight</b>
Responsiveness	Pass/Fail

<b>Qualifications Criteria</b>	<b>Weight</b>
Experience and Qualifications	200
Understanding of the Project	100
Methodology Used for the Project	100
Management Plan for the Project	100
Total	500

<b>Cost Criteria</b>	<b>Weight</b>
Cost Proposal	400
Total	400

<b>Preference Criteria</b>	<b>Weight</b>
Alaska Offeror Preference (if applicable)	100
Total	100

**TOTAL EVALUATION POINTS AVAILABLE: 1000**

**SEC. 5.03 SCORING METHOD AND CALCULATION**

Each Proposal Evaluation Committee (PEC) member will individually evaluate and score each responsive proposal using the criteria set out in Sections 5.04 through 5.07 and assign a single score of 1 through 10, with 10 representing the highest score and 1 representing the lowest score. Using only whole numbers, PEC members should start with a score of 5 on each section. The score may either increase or decrease depending on the offeror’s response to each question for that section. As an example, if the Offeror provided responses over and above the evaluation questions in a section, they would receive a higher score. However, if the Offeror’s response fails to address all questions of a section or demonstrates some lack of understanding or competency as it relates to a question for that section, the Offeror would then receive a lower score.

After the PEC has scored, the scores for each section will be totaled and the following formula will be used to calculate the total amount of points awarded for each section:

Offeror Total Score

$$\text{_____} \times \text{Max Points} = \text{Points Awarded}$$

Highest Total Score Possible

**Example (Max Points for the Section = 100):**

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
<b>Offeror 1</b>	10	5	5	10	30	75
<b>Offeror 2</b>	5	5	5	5	20	50
<b>Offeror 3</b>	10	10	10	10	40	100

**Offeror 1** was awarded 75 points:

Offeror Total Score (30)

$$\text{_____} \times \text{Max Points (100)} = \text{Points Awarded (75)}$$

Highest Total Score Possible (40)

**Offeror 2** was awarded 50 points:

Offeror Total Score (20)

$$\text{_____} \times \text{Max Points (100)} = \text{Points Awarded (50)}$$

Highest Total Score Possible (40)

**Offeror 3** was awarded 100 points:

Offeror Total Score (40)

$$\text{_____} \times \text{Max Points (100)} = \text{Points Awarded (100)}$$

Highest Total Score Possible (40)

**Proposals will be evaluated against the questions set out below:**

### **1) Questions regarding the personnel:**

- a) Do the individuals assigned to the project have experience on similar projects?
- b) Are resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
- c) How extensive is the applicable education and experience of the personnel designated to work on the project?

**2) Questions regarding the firm and subcontractor (if used):**

- a) How well has the firm demonstrated experience in completing similar projects on time and within budget?
- b) How successful is the general history of the firm regarding timely and successful completion of projects?
- c) Has the firm provided a customer reference list?
- d) If a subcontractor will perform work on the contract, how well do they measure up to the evaluation used for the offeror?

**SEC. 5.05 UNDERSTANDING OF THE PROJECT (10%)****Proposals will be evaluated against the questions set out below:**

- 1) How well has the offeror demonstrated a thorough understanding of the purpose and scope of the project?
- 2) How well has the offeror identified pertinent issues and potential problems related to the project?
- 3) To what degree has the offeror demonstrated an understanding of the deliverables the state expects it to provide?
- 4) Has the offeror demonstrated an understanding of the state's time schedule and can meet it?

**SEC. 5.06 METHODOLOGY USED FOR THE PROJECT (10%)****Proposals will be evaluated against the questions set out below:**

- 1) How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?
- 2) How well does the methodology match and achieve the objectives set out in the RFP?
- 3) Does the methodology interface with the time schedule in the RFP?

**SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT (10%)****Proposals will be evaluated against the questions set out below:**

- 1) How well does the management plan support all of the project requirements and logically lead to the deliverables required in the RFP?
- 2) How well is accountability completely and clearly defined?
- 3) Is the organization of the project team clear?
- 4) How well does the management plan illustrate the lines of authority and communication?
- 5) To what extent does the offeror already have the hardware, software, equipment, and licenses necessary to perform the contract?

- 7) Has the offeror gone beyond the minimum tasks necessary to meet the objectives of the RFP?
- 8) To what degree is the proposal practical and feasible?
- 9) To what extent has the offeror identified potential problems?

## SEC. 5.08 CONTRACT COST (40%)

Overall, a minimum of **40%** of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

*$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$*

### Example (Max Points for Contract Cost = 400):

#### Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

#### Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

#### **Offeror #1 receives 400 points.**

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

#### **Offeror #2 receives 374.3 points.**

*$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.3$*

#### **Offeror #3 receives 336.8 points.**

*$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$*

## SEC. 5.09 ALASKA OFFEROR PREFERENCE (10%)

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

**Example:****Step 1**

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

**Step 2**

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

**Step 3**

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points
Offeror #2	840 points (740 points + 100 points)
<b>Offeror #3</b>	<b>900 points (800 points + 100 points)</b>

**Offeror #3** is the highest scoring offeror and would get the award, provided their proposal is responsive and responsible.

## SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

### SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the project director or procurement officer. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

### SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

### SEC. 6.03 SITE INSPECTION

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the state

reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state’s expense will make site inspection.

#### **SEC. 6.04 CLARIFICATION OF OFFERS**

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

#### **SEC. 6.05 DISCUSSIONS WITH OFFERORS**

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror’s immediate previous proposal is considered the offeror’s best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

#### **SEC. 6.06 EVALUATION OF PROPOSALS**

The procurement officer, or an evaluation committee made up of at least three state employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

#### **SEC. 6.07 CONTRACT NEGOTIATION**

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If

contract negotiations are commenced, they may be held in the large conference room on the 18<sup>th</sup> floor of the Robert B. Atwood Building in Anchorage, Alaska.

If the contract negotiations take place in Anchorage, Alaska, the offeror will be responsible for their travel and per diem expenses.

### **SEC. 6.08 FAILURE TO NEGOTIATE**

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

### **SEC. 6.09 OFFEROR NOTIFICATION OF SELECTION**

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will set out the names of all offerors and identify the offeror selected for award.

### **SEC. 6.10 PROTEST**

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;

- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."

## **SEC. 6.11 APPLICATION OF PREFERENCES**

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror's assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

After award of contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and
