## **SECTION 1. INTRODUCTION & INSTRUCTIONS**

### **SEC. 1.01 PURPOSE OF THE ITB**

The Alaska Department of Fish and Game (ADF&G) will conduct the annual sablefish longline and pot survey in Chatham Strait between Cape Ommaney and Point Hepburn. The department will contract four commercial vessels to simultaneously fish the survey area beginning approximately August 10, 2024. All four survey vessels will depart from and return to ports in Southeast. The survey is expected to take 7 days but could last longer depending on weather conditions or whale encounters. The maximum length of the survey is not expected to exceed 14 days.

The department is soliciting bids from area processors to: (1) purchase fish caught during the survey, including tendering, and (2) provide ice for four survey vessels.

### **SEC. 1.02 BUDGET**

Payment for the contract is subject to funds already appropriated and identified.

### **SEC. 1.03 DEADLINE FOR RECEIPT OF BIDS**

Bids must be received no later than 2:00 PM Alaska Time on **July 10, 2024**, at which time they will be opened in the Procurement Officer office. Late bids or amendments will be considered non-responsive and will not be opened or accepted for evaluation.

### **SEC. 1.04 PRIOR EXPERIENCE**

No specific minimums have been set for this ITB.

### **SEC. 1.05 REQUIRED REVIEW**

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of bids. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

### **SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS**

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

### **SEC. 1.07 SITE INSPECTION**

Reserved.

### **SEC. 1.08 RETURN INSTRUCTIONS**

Email bid submission is the preferred method of submission. If you are submitting your bid via email, the entire bid may be emailed to [dfg.contracting@alaska.gov](mailto:dfg.contracting@alaska.gov) and must contain the ITB number in the subject line of the email. The **maximum** size of a single email (including all text and attachments) that can be received by the state is **20mb (megabytes)**. If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Like sending a hard copy bid, if you are emailing your bid, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bids.

It is the bidder's responsibility to contact the issuing agency at **907-465-6178** to confirm that the entire bid has been received. The state is not responsible for unreadable, corrupt, or missing attachments

Bidders can submit via mail. Bids must submit one hard copy of their entire bid, in writing, to the procurement officer in a sealed package. The sealed bid package must be addressed as follows:

### **SEC. 1.09 ASSISTANCE TO BIDDERS WITH A DISABILITY**

Bidders with a disability may receive accommodation regarding the means of communicating this ITB or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of bids.

### **SEC. 1.10 AMENDMENTS TO BIDS**

Amendments to or withdrawals of bids will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of bids, in accordance with 2 AAC 12.140. No amendments or withdrawals will be accepted after the deadline unless the delay is due to an error of the contracting agency, in accordance with 2 AAC 12.160.

### **SEC. 1.11 AMENDMENTS TO THE ITB**

If an amendment is issued before the deadline for receipt of bids, the amendment will be posted on the State of Alaska Online Public Notice (OPN) website. The link to the posting of the amendment will be provided to all who

were notified of the ITB and to those who have registered with the procurement officer after receiving the ITB from the OPN.

### **SEC. 1.12 ITB SCHEDULE**

The ITB schedule below represents the State of Alaska’s best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of bids, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Standard Time (AST).

<b>ACTIVITY</b>	<b>TIME</b>	<b>DATE</b>
Issue Date / ITB Released		6/19/2024
Deadline for Receipt of Bids / Bid Due Date		7/10/2024
Bid Evaluations Complete		7/11/2024
Notice of Intent to Award		7/11/2024
Contract Issued		7/22/2024

This ITB does not, by itself, obligate the state. The state's obligation will commence when the contract is approved by the Commissioner of the Department of Fish and Game, or the Commissioner's designee. Upon written notice to the contractor, the state may set a different starting date for the contract. The state will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the state.

### **SEC. 1.13 ALTERNATE BIDS**

Bidders may only submit one bid for evaluation. In accordance with 2 AAC 12.830 alternate bids (bids that offer something different than what is asked for) will be rejected.

### **SEC. 1.14 SUPPORTING INFORMATION**

Provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the state reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products or services offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder will provide a sample product(s) so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the state, may cause the state to consider the offer non-responsive and reject the bid.

### **SEC. 1.15 FIRM, UNQUALIFIED, AND UNCONDITIONAL OFFER**

To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB, and which must be complied with at risk of bid rejection for non-responsiveness.

## SECTION 2. SCOPE OF WORK AND CONTRACT INFORMATION

### SEC. 2.01 SCOPE OF WORK

The Alaska Department of Fish and Game (ADF&G) will conduct the annual sablefish longline and pot survey in Chatham Strait between Cape Ommaney and Point Hepburn. The department will contract four commercial vessels to simultaneously fish the survey area beginning approximately August 10, 2024. All four survey vessels will depart from and return to ports in Southeast. The survey is expected to take 7 days but could last longer depending on weather conditions or whale encounters. The maximum length of the survey is not expected to exceed 14 days.

The department is soliciting bids from area processors to: (1) purchase fish caught during the survey, including tendering, and (2) provide ice for four survey vessels.

The total expected landed catch for this survey is estimated to be approximately 80,000–120,000 round pounds of sablefish, plus an additional 2,000–3,000 pounds of dressed sablefish, 2,000–3,000 round pounds of thornyhead rockfish, and 1,000–3,000 round pounds of other rockfish bycatch. The facility and tender must be available to offload fish seven days a week. Bidders must provide tender service in Chatham Strait. Processors submitting a bid must have a facility and a tender capable of handling up to 70,000 pounds of round sablefish and must be able to provide high-quality ice for each vessel after the first offload. **The department is also requesting offloading assistance (2 tender crew) from the tender given the extremely tight turnaround time for 4 vessel offloads during this first delivery.** Anticipated offloading dates for the first round of tender deliveries are the evening of August 11<sup>th</sup> through the evening of August 12<sup>th</sup>. The second delivery may be made directly to the processing plant at the end of the survey by each survey vessel unless other arrangements have been made and agreed upon to deliver fish. The final offloads are tentatively scheduled for August 15<sup>th</sup>. If weather or other conditions extend the survey, additional/alternative tender services may be required.

The successful bidder must provide 4–6 tons of high-quality ice for each vessel per trip. **It is the responsibility of the successful bidder to make arrangements to provide ice to survey vessels at the port of departure prior to the survey and at sea after the first delivery to the tender.**

All survey fish landed (except for IFQ halibut) will be the property of the successful bidder and payment for the fish will be based on the price bid by the company. Survey fish will be purchased based on the quoted price per pound for each size category, based on an eastern cut product for sablefish. Species delivered and not specified in the bid quote will be paid at the current market price. Payment for the survey fish will be made to the department. There will be no NSEI sablefish permit holders participating in the sablefish survey this year. Processors must assign a 2% deduction for ice and slime to unrinsed, whole sablefish at the time of offload. Bycatch will be sold by ADF&G. Survey vessels have not yet been selected, so it is unknown how they will ice fish; survey vessels typically layer ice their catch including the dressed sablefish. Rockfish will be iced and delivered in the round. Catch will not be pooled or shared among vessels.

The bid will be awarded based on the highest quote for **Total Price of Bid for 2024**. Total bid value shall include (1) purchasing of fish caught during the survey, including one or more tendering services and (2) 4–6 tons of high-quality ice per vessel per trip.

### SEC. 2.02 CONTRACT TERM

The length of the contract will be from the date of award, approximately July 22, 2024, through August 24, 2024.

Unless otherwise provided in this ITB, the State and the successful bidder/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the procurement officer will provide notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

### **SEC. 2.03 CONTRACT TYPE**

This contract is a Fixed Price contract.

### **SEC. 2.04 PAYMENT FOR STATE PURCHASES**

No payment will be made until the contract is approved by the Commissioner of the Department of Fish and Game or the Commissioner's designee. Under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

Any single contract payments of \$1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

### **SEC. 2.05 PROMPT PAYMENT FOR STATE PURCHASES**

The state is eligible to receive a 5% discount for all invoices paid within 15 business days from the date of receipt of the commodities or services and/or a correct invoice, whichever is later. The discount shall be taken on the full invoice amount. The state shall consider payment being made as either the date a printed warrant is issued or the date an electronic funds transfer (EFT) is initiated.

### **SEC. 2.06 CONTRACT ADMINISTRATION**

The administration of this contract is the responsibility of the procurement officer or person appointed by the Department of Fish and Game, Division of Administrative Services.

### **SEC. 2.07 CONTRACT PRICE ADJUSTMENTS**

This is a fixed price contract.

### **SEC. 2.08 CONTRACT PERFORMANCE LOCATION**

The state will not provide workspace for the contractor. The contractor must provide its own workspace. The contractor should include in their bid price: transportation, lodging, and per diem costs sufficient to pay for at least 4 person(s) to make 1-2 trip(s) to Chatham Strait for tender services. Travel to other locations will not be required.

**SEC. 2.09 THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED**

**SEC. 2.13 F.O.B. POINT**

The F.O.B. point for all items purchased under this contract is the final destination anywhere within the State of Alaska. Ownership of and title to the ordered items remains with the contractor until the items have been delivered to their final destination and are accepted by the state.

The state may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable products or work received) and may seek associated damages.

**SEC. 2.15 EQUIPMENT INSPECTION**

Equipment offered (including for lease) may be subject to inspection and approval by the state prior to the award of the ITB. The equipment and attachments must be in good repair and capable of performing the work for which they were designed.

**SEC. 2.16 NEW EQUIPMENT**

Equipment offered in response to this ITB must be new equipment. New equipment means equipment that is currently in production by the manufacturer and is still the latest model, edition or version generally offered. The equipment must be warranted as new by the manufacturer and may not have been used for any purpose, other than display (not demonstration), prior to its sale to the state. The state will not accept remanufactured, used, or reconditioned equipment. It is the contractor's responsibility to ensure that each piece of equipment delivered to the state complies with this requirement. A contractor's failure to comply with this requirement will cause the state to seek remedies under breach of contract.

**SEC. 2.17 REMANUFACTURED/RECONDITIONED EQUIPMENT**

Remanufactured/reconditioned is acceptable provided it meets the requirements of this clause and the requirements of the rest of this ITB. Remanufactured/reconditioned equipment is defined as used equipment that has been remanufactured/reconditioned and restored to new condition. All remanufactured/reconditioned equipment must have the same warranty as new equipment and be certified as maintainable by its manufacturer. Bidders should attach a copy of this certification to their bid. A bidder's failure to provide the document(s) mentioned above, within the time required by the state, will cause the state to consider the bid non-responsive and reject the bid.

**SEC. 2.18 LEMON CLAUSE**

Reserved.

**SEC. 2.19 DISCONTINUED ITEMS**

In the event an item is discontinued by the manufacturer during the life of the contract, another item may be substituted, provided that the procurement officer makes a written determination that it is equal to or better than the discontinued item and provided that it is sold at the same price or less than the discontinued item.

**SEC. 2.20 LIQUIDATED DAMAGES**

Reserved.

**SEC. 2.21 SHIPPING DAMAGE**

The state will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination. The state will provide the contractor with written notice when damaged goods are received. The state will deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

**SEC. 2.22 CONTRACT CHANGES – UNANTICIPATED AMENDMENTS**

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the state will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured required state approvals necessary and issued a written contract amendment.

**SEC. 2.23 CONTINUING OBLIGATION OF CONTRACTOR**

Notwithstanding the expiration date of a contract resulting from this ITB, the contractor is obligated to fulfill its responsibilities until warranty, guarantee, maintenance, and parts availability requirements have completely expired.

**SEC. 2.24 BILLING INSTRUCTIONS**

Reserved.

**SEC. 2.25 ESTIMATED QUANTITIES**

The quantities referenced in this ITB are estimated requirements and may vary more or less from the quantities actually purchased. The State does not guarantee any minimum or maximum purchase. Orders will be issued throughout the contract period on an as-needed basis.

**SEC. 2.26 WARRANTY**

The contractor warrants every unit purchased against faulty materials and workmanship for a minimum period of at least **LENGTH**. If, during this period, faults develop with the unit or components of the unit, they will be repaired or replaced without any cost, including any transportation or freight cost, to the state. Bids, which include supplemental warranties, will be accepted, but supplemental warranties that conflict with or diminish the state's rights under this warranty clause will be considered null and void. The state is not responsible for identifying conflicting warranty conditions before issuing a contract award. After award of the contract:

1. if a conflict arises between the supplemental warranty and the warranty in this ITB, the warranty in the ITB will prevail; and
2. if the state's rights are diminished as a result of application of the supplemental warranty, the supplemental warranty will be considered null and void and the ITB warranty will prevail.

By signature on the face page of this ITB the bidder acknowledges this requirement and indicates unconditional acceptance of this warranty clause.

state with written notice of the requested disclosure ( to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor’s receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

If, for any reason, the lowest contractor is not available to perform the needed service, the state will contact the next lowest priced contractor for that location. This process will continue until a contractor who can perform the service is located. The location of the contractor initially contacted will be determined by the starting location of the call-out. For example, if a there was a need to transport a person from Anchorage to Fairbanks and then guard the person for two days in Fairbanks, the agency would contact Anchorage contractors, even though a substantial portion of the actual service would be performed in Fairbanks.

**SEC. 4.14 NOTICE OF INTENT TO AWARD**

A copy of the Notice of Intent will be sent to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the procurement officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the procurement officer does so without a contract and at their own risk.

For the purposes of this Agreement, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the

**16. Severability:**

If any provision of the contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

**INDEMNITY AND INSURANCE**

**Article 1. Indemnification**

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the contracting agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

**Article 2. Insurance**

Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Certificates of Insurance must be furnished to the contracting officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

**2.1 Workers' Compensation Insurance:** The Contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.
