Section(s): _____ Township: _____ Range: _____ Meridian: _____

Attach a location figure, plan drawing or survey that shows the detailed location of the requested easement in relation to adjoining property boundaries and reference points. All features must be labeled.

Dimensions requested (Complete line 1 for a lineal easement or line 2 for an easement with an irregular shape):

1. Length: (feet) 727 Width: (feet) 40

2. Area: 29,080 Are units in square feet or acres? (check one)

Term requested and rationale: Permanent electric service

Are you applying for a public or a private easement? (check one) Rationale:

Development plan summary/specific purpose of easement: (e.g., electric utility, fiber-optic cable, road, bridge, airstrip/airport, driveway, trail, drainage). This information will be used to determine the scope of use of the easement. MEA intends to build an overhead single phase power line easterly 15' into the 50' undeveloped section line easement.

Is this an existing use? Yes No. If yes, explain extent and duration of use to date:

Describe plans for initial construction. Be detailed. Include a list of authorizations for portions of the project that are proposed for construction on adjoining lands, other permitting, and/or third-party non-objections: (Use extra sheets as needed)

After the route has been secured with DOT and DNR permits and the applicant pays for the estimated cost of extending power, MEA will schedule our clearing crews to clear the route. After clearing is completed MEA will schedule a surveyor to stake the poles and anchors. MEA's unit price contractor will then schedule the construction of the poles, anchors, and conductors. MEA's Clearing Superintendent and Sr. Engineering Technician will also be on site to inspect the clearing and the surveying and the construction.

Anticipated construction timeframe: Summer 2024

If this authorization is granted, I agree to construct and maintain the authorized improvements in an acceptable manner, and to keep the area in a neat and sanitary condition; to comply with all the laws, rules, and regulations pertaining thereto; and provided further that upon termination of the easement for which application is being made, I agree to remove or relocate the improvements and restore the area without cost to the State and to the satisfaction of DMLW.

APPLICANT ENVIRONMENTAL RISK QUESTIONNAIRE

The purpose of this questionnaire is to help clarify the types of activities you propose to undertake. The questions are meant to help identify the level of environmental risk that may be associated with the proposed activity. The Division of Mining, Land and Water's evaluation of environmental risk for the proposed activity does not imply that the parcel or the proposed activity is an environmental risk from the presence or use of hazardous substances.

Through this analysis, you may become aware of environmental risks that you did not know about. If so, you may want to consult with an environmental engineer or an attorney.

Describe the proposed activity:

MEA clearing crews will clear the route 30' wide except for the span going down the hill which will be 40' wide. Then outside line crews will install poles, anchors, and overhead conductors to provide power to the northeastern corner of Warren Petrasek's property.

In the course of your proposed activity will you generate, use, store, transport, dispose of, or otherwise come in contact with toxic and/or hazardous materials, and/or hydrocarbons? Yes No. If yes, please list the substances and the associated quantities. Use a separate sheet of paper, if necessary.

If the proposed activities involve any storage tanks, either above or below ground, address the following questions for each tank. Please use a separate sheet of paper, if necessary, and, where appropriate, include maps or plats:

a. Where will the tank be located?

N/A

b. What will be stored in the tank?

N/A

c. What will be the tank's size in gallons? _____

d. What will the tank be used for? (Commercial or residential purposes?)

N/A

e. Will the tank be tested for leaks? _____

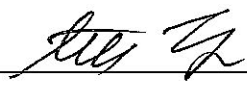

f. Will the tank be equipped with leak detection devices? Yes No. If yes, describe:

N/A

Do you know or have any reason to suspect that the site may have been previously contaminated? Yes No.

If yes, please explain:

I certify that due diligence has been exercised and proper inquiries made in completing this questionnaire, and that the foregoing is true and correct to the best of my knowledge.
