Questions submitted by potential offerors and answers from the State:

Question 1: Does the state currently work with a vendor to administer or otherwise assist with its school-based services program?

Answer: Alaska currently relies on the Medicaid Management Information System (MMIS) contractor (Conduent) to process claims for Medicaid School-Based Services.

Question 2: Does the state plan to transmit the subgrants to the grantees or would they anticipate the subcontractor to assist in subgrant distributions?

Answer: While the contractor will be required to assist with managing subrecipient agreements, the state plans to transmit funds directly to subrecipients.

Question 3: Does the state intend to conduct interviews of critical team members and, if so, does the state anticipate the interviews to be virtual or in-person?

Answer: Yes, the state will conduct interviews with critical team members; see RFP Section 5.11 *Interviews of Critical Team Members*. Interviews will be virtual.
