DATA GAP ANALYSIS FOR SAVOONGA FSA

RFP 250000002

Amendment #4

August 28, 2024

This amendment is being issued to answer questions from interested offerors. This document does not need to be returned with your proposal.

Jannah Cayetano

Procurement Specialist 2

Phone: (907) 428-7222

Email: MvaDasProcurement@alaska.gov

Questions submitted by potential offerors and answers from the state:

Question 1: On Page 16 under "Soil Borings" it states that "an estimated 40 samples will be taken during this sampling event, one per borehole, at intervals of 25 feet..." Does this mean that the boreholes are to be advanced to 25 feet?

Answer: No, it is the approximate distance between samples, not the depth. The depth to permafrost was between 1-3 ft. bgs.

Question 2: To allow for consistency among contractors, will all samples be analyzed for the full suite of the site's contaminants of concern?

Answer: Yes

Question 3: During the pre-proposal meeting, there was discussion about sampling under the building and potentially needing to move the building based on the results. If the building is to be moved, will that be under this scope?

Answer: Moving the building will be at the discretion of Kukulget, Inc therefore it's not guaranteed that it will happen. Please include this as cost option in your proposal.
