SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Department of Health (DOH), Division of Public Health (DPH), is soliciting proposals from qualified contractors to pilot the Community Care Hub (CCH) model in Alaska.

SEC. 1.02 BUDGET

DPH estimates a budget of \$2.5 million for the life of this contract, including the renewal options. Proposals priced at more than \$2.5 million dollars will be considered non-responsive.

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation or federal funding.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than 2:00 p.m. prevailing Alaska Time on September 20, 2024. Late proposals or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04 MANDATORY REQUIREMENTS

To be considered responsive for this RFP, an offeror must meet the mandatory minimum experience requirements that are provided in **Submittal Form F – Mandatory Requirements**. Failure to meet all these requirements will result in immediate disqualification.

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer and least ten days before the deadline for receipt of proposals. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

SEC. 1.07 RETURN INSTRUCTIONS

Offerors must submit their proposals via email. The technical proposal and cost proposal must be saved as separate documents and emailed to doh.procurement.proposals@alaska.gov as separate, clearly labeled attachments. The email must contain the RFP number in the subject line.

The maximum size of a single email (including all text and attachments) that can be received by the state is 25mb (megabytes). If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 25 megabytes.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror's responsibility to contact the above email address to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of proposals.

SEC. 1.09 AMENDMENTS TO PROPOSALS

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the state's request in accordance with 2 AAC 12.290.

SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, it will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the State of Alaska Online Public Notice website.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 1.11 RFP SCHEDULE

RFP schedule set out herein represents the state's best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of proposals, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

Upon written notice to the contractor, the state may set a different starting date for the contract. The state will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the state.

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

As part of the Department of Health’s (DOH) strategic approach to addressing health-related social needs and chronic disease prevention, the Department of Health is seeking to contract to pilot up to three Community Care Hubs (CCHs). The project could support a large statewide CCH or multiple smaller regional CCHs. We envision a future in which all individuals, regardless of their social circumstances, have access to aligned health and social care systems that achieve equitable outcomes through high-quality, affordable, person-centered care. While identifying pathways to adequately fund social care is critical to achieving this vision, there is also a need for communities to develop sustainable partnerships among health care providers, the public health system, and community-based organizations (CBOs), and to develop the data and financing infrastructure needed to support these partnerships. Multi-stakeholder collaborations to address health-related social needs and chronic disease prevention have flourished in recent years, in part thanks to increased grant support. However, a sustainable funding source and operating infrastructure must be developed between the health care system, payers, and CBOs to continue to address health-related social needs and to deliver chronic disease prevention services. The role of the CCH will be to centralize administrative functions and operational infrastructure across multiple CBOs.

The CCHs will serve as backbone organizations for a group of CBOs to support the delivery of social and clinical care services in a payer-reimbursable manner. These services can include but are not limited to the CDC-recognized National Diabetes Prevention Program (DPP), tobacco cessation counseling, chronic disease screening, health related social needs assessment and community health integration (CHI) services. The CCH will support all provider types including, but not limited to community health workers (CHWs), who are embedded in CBOs and able to render reimbursable services. A successful CCH applicant will propose services that support delivery of reimbursable services by CBOs, or similar through support systems that include, but are not limited to:

- Coordinating funding from multiple private and public sources to develop CCH infrastructure.
- Leverage trusted relationships and members’ existing assets including workforce, service delivery expertise, and cultural competency to coordinate care in collaboration with health care partners.
- Offer a single point of contracting and connecting for CBOs of all sizes with health care entities.
- Enable CBOs and the communities they serve to have a ‘seat at the table’ with health care providers in communities where under-resourced CBOs may not otherwise be included in decision making.
- Work with stakeholders to coordinate community-based workforce development and training, including support for a CHW coalition.
- Establishing standardized contractual arrangements.
- Reducing the complexity of data collection and billing operations required by health care contracts.
- Providing funding for data sharing infrastructure.
- Developing guidelines for information sharing between health care entities and CCHs.
- Establishing standardized performance metrics and otherwise improving quality measurement.
- Promoting alternative payments models that offer flexibility and accountability for the quality-of-service delivery.

The CBO will retain responsibility for rendering services and employing providers, the CCHs support the sustainable and evidence based and reimbursable models for this service delivery.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 SCOPE OF WORK AND DELIVERABLES

The primary objective of this project is to contract with an organization to pilot the Community Care Hub (CCH) model in Alaska. Each CCH will provide the necessary infrastructure for community-based organizations (CBO) without medical billing programs to seek reimbursement for services rendered from both public and private payers. The services rendered must already be reimbursable, and proposed changes to payer reimbursement policies (i.e., Medicaid) are beyond the scope of this project. CCHs will enter into contracts with CBOs that will allow the CCH to submit claims on their behalf, which will enable CBOs to access payer reimbursement as a sustainable funding source. CCHs will serve as the central entity that organizes and supports a network of CBOs providing services to address health and social needs, leveraging a community-based workforce including community health workers.

CCHs will contract with multiple CBOs to provide necessary administrative and clinical infrastructure to seek payer reimbursement from both public and private payers. The focus of the project will be on CBOs delivering services that address chronic disease and health-related needs and social services with a community-based workforce, including community health workers (CHW) to seek financial support from medical billing. The CCH will provide ongoing training and technical assistance to CBOs to meet requirements for reimbursement and to maximize reimbursement for eligible services.

The CCH will work towards developing trusted relationships with an understanding of the capacities of local community-based and health care organizations to foster cross-sector collaborations that improve access to priority populations.

The scope of work for this project will include:

1. Providing access to a billing platform with electronic health record (EHR) integrations;
2. Consultation and subject matter expertise in program rendering.
3. Coding
4. Billing
5. Reimbursement practices for multiple provider types.
6. Assistance with maintaining best practice standards for highest level services and increased reimbursement.
7. Work to create regional hubs by sub-awarding with other organizations.

This work will include:

1. Outreach to potential partners
2. Support for service delivery
3. Maintaining an Up-to-Date knowledge base regarding the most sustainable and viable practice models for achieving sustainable practice within a CBO.
4. Investigate ways to provide clinical oversight for non-traditional provider types such as Community Health Workers (CHWs) as is required for Centers for Medicare and Medicaid Services (CMS) reimbursement.

The deliverables will include:

1. Technical assistance to CBOs to develop infrastructure for reimbursable service delivery.
2. Develop a list of provider types with reimbursable Current Procedural Terminology (CPT) codes to better explain how CBOs can support the healthcare system.

3. Work with Health Information Exchange to identify how CBOs can provide information to support healthcare providers.
4. Monthly meeting with quarterly reports on:
 - a. Project progress;
 - b. Number of claims submitted;
 - c. Practice changes;
 - d. CBO support.

The timeline for the deliverables is as follows:

1. Within the first 6 months, establish a coalition with stakeholder roles to support CCH.
2. Within the first 6 months, the CCH has established relationships and contracts with a minimum of 3 CBOs and is meeting at least monthly to coordinate billable activities.
3. Within the first 12 months, the CCH will begin processing CBO claims for reimbursement.
4. Within the first 12 months the CCH will create a timeline for support for CBO program growth and development following minimum standards for best practice and reimbursement structures.

SEC. 3.02 CONTRACT TERM AND WORK SCHEDULE

The length of the contract will be from the date of award for one year, with two additional one-year renewal options to be exercised at the sole discretion of the state.

Any extension of the contract beyond the exercised renewal options will be upon mutual agreement between the State and the contractor and effected with a contract amendment processed by the procurement officer and signed by both parties. All other terms and conditions of the contract, including those previously amended, shall remain in full force and effect. Unless otherwise agreed to by both parties, the procurement officer will provide written notice to the contractor of the intent to cancel an extension at least 30 days before the desired date of cancellation.

SEC. 3.03 CONTRACT TYPE

This contract is a firm fixed price contract in accordance with Submittal Form H- Cost Proposal.

SEC. 3.04 CONTRACT PAYMENT

No payment will be made until the contract is approved by the Commissioner of the Department of Health or the Commissioner's designee. Under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Any single contract payment of \$1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

SEC. 3.05 LOCATION OF WORK

The location(s) the work is to be performed, completed and managed is at the contractor's place of business. The state will not provide workspace for the contractor. The contractor must provide its own workspace.

Travel to locations will not be required or reimbursed under this contract.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the proposal as non-responsive or cancel the contract.

SEC. 3.06 SUBCONTRACTORS

Subcontractors may be used to perform work under this contract. If an offeror intends to use subcontractors, the offeror must complete the Submittal Form identified in Section 4.02 of this RFP.

An offeror's failure to provide this information with their proposal may cause the state to consider their proposal non-responsive and reject it.

Subcontractor experience shall be considered in determining whether the offeror meets the requirements set forth in Submittal Form F – Mandatory Requirements. **Offerors must be specific in Submittal Form F as to which subcontractor(s) defined in Submittal Form G – Subcontractors they are citing to meet the specific requirement listed in Submittal Form F.**

If a proposal with subcontractors is selected, the state may require a signed written statement from each subcontractor that clearly verifies the subcontractor is committed to provide the good or services required by the contract.

The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the project director or procurement officer.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

SEC. 3.09 CONTRACT PERSONNEL

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director or procurement officer. Changes that are not approved by the state may be grounds for the state to terminate the contract.

SEC. 3.10 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required state approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Health or the Commissioner's designee.

The procurement officer may also, by written notice, terminate the contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate specific parts of the responsive proposals.
- 3) The Submittal Forms, from each responsive proposal, will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.

- 8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The state will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

TOTAL EVALUATION POINTS AVAILABLE: 1000

SEC. 5.03 SCORING METHOD AND CALCULATION

The PEC will evaluate responses against the questions set out in Sections 5.04 through 5.07 and assign a single score for each section. Offerors' responses for each section may be rated comparatively against one another with each PEC member assigning a score of 1, 5, or 10 (with 10 representing the highest score, 5 representing the average score, and 1 representing the lowest score). Responses that are similar or lack dominant information to differentiate the offerors from each other will receive the same score. Therefore, it is the offeror's responsibility to provide dominant information and differentiate themselves from their competitors.

After the PEC has scored each section, the scores for each section will be totaled and the following formula will be used to calculate the amount of points awarded for that section:

- 1) Maximum Points Available / Maximum Combined PEC Score Possible
- 2) Combined PEC Score x Result of 1)

Example (Maximum Points Available for the Section = 100):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	75
Offeror 2	5	5	5	5	20	50
Offeror 3	10	10	10	10	40	100

Offeror 1 was awarded 75 points:

$$\frac{\text{Maximum Points Available (100)}}{\text{Maximum Combined PEC Score Possible (40)}} = 2.5$$

Combined PEC Score (30) x 2.5 = Points Awarded (75)

Offeror 2 was awarded 50 points:

$$\frac{\text{Maximum Points Available (100)}}{\text{Maximum Combined PEC Score Possible (40)}} = 2.5$$

Combined PEC Score (20) x 2.5 = Points Awarded (50)

Offeror 3 was awarded 100 points:

$$\frac{\text{Maximum Points Available (100)}}{\text{Maximum Combined PEC Score Possible (40)}} = 2.5$$

Combined PEC Score (40) x 2.5 = Points Awarded (100)

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS

This portion of the offeror’s proposal will be evaluated based on the information they provided in response to section 4.04, and the level of experience it demonstrates.

SEC. 5.05 UNDERSTANDING OF THE PROJECT

This portion of the offeror’s proposal will be evaluated based on the information they provided in response to section 4.05, and the level of understanding of the project it demonstrates.

SEC. 5.06 METHODOLOGY USED FOR THE PROJECT

This portion of the offeror’s proposal will be evaluated based on the information they provided in response to section 4.06, and whether the methodology for the project will meet the state’s needs.

SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT

This portion of the offeror’s proposal will be evaluated based on the information they provided in response to section 4.07, and whether the management plan will meet the state’s needs.

SEC. 5.08 CONTRACT COST (COST PROPOSAL)

Overall, a minimum of 40% of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

Example (Max Points for Contract Cost = 400):**Step 1**

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.3$$

Offeror #3 receives 336.8 points.

$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$$

SEC. 5.09 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply and provide examples of how to calculate the preferences are available at the following website:

To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. SEC. 5.10 ALASKA BIDDER PREFERENCE

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

- 1) holds a current Alaska business license prior to the deadline for receipt of proposals;

- 5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. An offeror’s failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.11 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

Alaska Veteran Preference Certification

In order to receive the Alaska Veteran Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.12 ALASKA MILITARY SKILLS PROGRAM PREFERENCE

An Alaska Military Skills Program Preference of 2%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and:

- A. Employs at least one person who is currently enrolled in, or within the previous two years graduated from, a United States Department of Defense SkillBridge or United States Army career skills program for service members or spouses of service members that offers civilian work experience through specific industry training, pre-apprenticeships, registered apprenticeships, or internships during the last 180 days before a service member separates or retires from the service; or
- B. has an active partnership with an entity that employs an apprentice through a program described above.

Alaska Military Skills Program Preference Certification

In order to receive the Alaska Military Skills Program Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.13 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

Example:

Step 1

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points
Offeror #2	840 points (740 points + 100 points)
Offeror #3	900 points (800 points + 100 points)

Offeror #3 is the top scoring offeror.

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the

procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.20 CONTRACT NEGOTIATION

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals.

If the selected offeror:

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

The state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

 - a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract;
 - b) The contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."
