Responses to Questions Received by Offerors

Question 1: Is a lawn mowing portion included in Fairbanks? I see it in the maps, but not in the bid items.

Answer: No, there is not going to be a grounds maintenance part of this contract. This is specifically just snow. The maps were created when we were bidding for both in the past, but now it's just going to be snow.

Question 2: On page 53 of the bid it is asking to provide Unique Entity Identifier, I am unsure what this means.

Answer: The entity number requested on page 53, Attachment 4, is referring to a unique number used by System for Award Management (SAM.gov) website. The SAM.gov website is used for entities to register to do business with the Federal Government. As the Department of Military & Veterans Affairs uses federal funding for its projects, we are required to ensure that vendors are not currently debarred by the US Federal Government. The SAM.gov website is used to search current entity status prior to award of a contract.
