

**COST PROPOSAL FORM**

Provide a fixed fee for the requested project, including all of the requirements described in the RFP Scope of Work and Deliverables. There is no page limit to this proposal and financial information can be provided to understand the proposal, but the Offeror must use this template for the state to evaluate submitted costs.

Cost proposals must be fixed price and include all costs for the total implementation of the DIAS cloud-native solution as described in the RFP. On this sheet, you will provide your total cost for this project.

The total price must cover all the requirements in Section 3. Scope of Work, Deliverables, and Contract information.

Total project cost for RFP 2025-0400-0038- \$ \_\_\_\_\_  
Dividend Application Information System

Contractors/Offerors will be evaluated based on the total project cost outlined above. Awarded contractor will negotiate with the State a payment schedule per Sec. 3.05.
